Sizes, 6 to 16 years.
Average weight, 9 ounces.
Shipping weight, each, about 12 ounces.
State size wanted.

Working along the line that the best is none too good for your boy, we offer you this splendid quality, wool and cotton Shirts and Drawers. Are plain knit from seventy-five per cent selected wool, the balance clean sanitary cotton. They are carefully proportioned in every way and are correctly sized. The addition of the cotton to these garments adds greatly to their wearing qualities and prevents them shrinking when washed. We recommend these because we know you will find them extra serviceable, warm and comfortable. Ribbed cuffs on sleeves and at ankles. Worth $1.25 each at retail.

Heavy Weight Fleeced Cotton

Each **$0.35**
Three Shirts or Drawers 1.00

29C314—Shirts.
29C315—Drawers.
Color, Natural Cray.
Sizes, 6 to 16 years.
Average weight, 9 ounces.
Shipping weight, each, about 12 ounces.
State size wanted.

If you want elastic ribbed, heavy weight, all cotton Shirts and Drawers for your boy, this is, we think, the best value of that kind on the market today. They are knitted from clean, combed cotton and have a thick, velvety fleece lining, making unusually warm and serviceable garments. The workmanship is better than usually found in low-priced shirts and drawers. Very seldom do you find garments of this excellent quality being sold at so low a price. They will ask 50c each in many retail stores for those of equal quality.

Dr. Wright's Fleece Lined Cotton

Each **$0.42**
Three Shirts or Drawers.. 1.20

29C316—Shirts.
29C317—Drawers.

These Shirts for Men Who Want Service

Double Back Double Sleeve Work Shirts

Each **89c** Three for $2.54

31C652—Blue 31C653—Gray

Sizes, 14½ to 18 inch neck
Shipping weight, 16 ounces
State size wanted.

To our knowledge, never before has a shirt been offered that combines so many good wearing features as this one. We are so enthusiastic over it that we unhesitatingly say we think it the greatest value we have ever offered for the money. The large amount of our sales and the number of satisfied customers proves to us that this is the greatest work shirt value on the market. Material is strong bluebell chambray. Made in Zouave style. Has extra deep double back, the double part extending down the sleeves to the cuffs, making a double back sleeve. This insures double strength and double wear. Double stitched throughout, except the back which has two rows of double stitching across the yoke. Negligee collar. Faced sleeves. Two button-through, bellows pockets. Buttons to match color of shirt. At retail this shirt would sell for $1.25 each.

Back View of 31C638 and 31C635

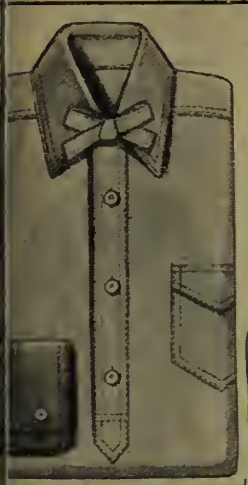
Wardway Work Shirt Stands for the Best in Shirt Efficiency

Wardway Triple Stitched Work Shirts

Reinforced Blue Chambray

Each, **55c** — 31C656 — 3 for $1.57

Sizes, 14½ to 18.
Shipping weight, 13 ounces.
State size wanted.



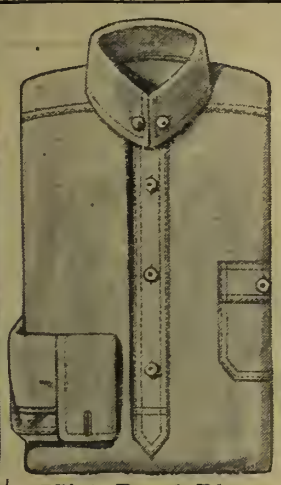
Material of this Wardway work shirt is of good quality blue chambray. Made in Jumbo style, the body being wider and longer, and the sleeves more roomy than the average sized work shirts. All the seams on which the greatest strain comes are triple stitched. Has double back yoke and shoulder. Shirt is made with negligee collar. Coat style front, with six pearl buttons. Has faced sleeves and interlined collar and center pleat. Has two pockets, one for pencil and the other to hold watch. The triple stitching of the seams and the donble back yoke and shoulder make this shirt one of the strongest shirts on the market.

Reinforced Chambray Jumbo Style

Each, **55c** — 31C677 — 3 for $1.57

Sizes, 14½ to 18.
Shipping weight, 13 ounces.
State size wanted.

The material of this Wardway work shirt is of bluebell chambray, known for its good wearing qualities. There are two special features to this shirt that make it, in our opinion, the best and strongest work shirt made. One feature is the triple stitching of the shoulder and armhole known as Zouave style. The other feature is the deep double back yoke, triple stitched. This shirt is made larger and longer in the body than the average work shirt and the sleeves are big and roomy. Made with negligee collar. One pocket. Fourteen-inch, four-buttou front. Not a coat style shirt. Interlined collar, cuffs and center pleat. Faced sleeves.



Blue Chambray With Tie

Each, **10c** — 31C600 — Three Shirts for $1.43

Sizes, 14 to 17½ In.

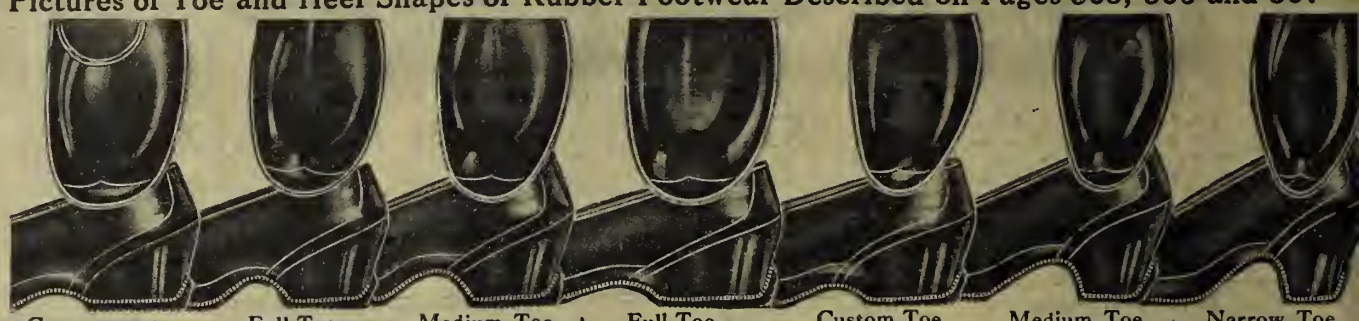
A Shoe Store *for* Everybody

THE following twenty-nine pages are your shoe store. It's a tremendously big store, equal to a hundred or more ordinary retail stores. It has thousands upon thousands of feet of shelving, packed with shoes of every description, ready to be wrapped and shipped the minute your order is received. Every shoe has been carefully inspected by us for workmanship, for quality of material and for accuracy in size, before it is placed in stock.

A Shoe for Every Purpose

Every kind of a shoe for every purpose is represented. From the pretty little soft soles for the new baby, through every phase of human activity—farming, mining, dairying, walking, riding, sporting, supplying every need, to the comfortable fireside slippers of old age.



Every Pair a Money Saver

It is the big value shoe store—the store that all shrewd buyers turn to when they want ***more*** than the ordinary in wear, in comfort and in style, at ***less*** than the ordinary in price. Our buyers selected the shoes pictured on these pages because every pair represents a great shoe bargain.

Look over these pages carefully; they mean a worth-while saving to every member of the family.

Pictures of Toe and Heel Shapes of Rubber Footwear Described on Pages 305, 306 and 307

Commonsense Toe and Heel	Full Toe Sensible Heel	Medium Toe Sensible Heel	Full Toe Regular Heel	Custom Toe Low Heel	Medium Toe High Heel	Narrow Toe French Heel
For women's shoes with wide commonsense toes, and heels about ¾ of an inch high.	For women's heavy shoes with full toes, and 1½-inch sensible heel.	For women's shoes with medium high toes, and heel about 1¾ inches high.	For men's and boys' shoes with full toes and heels, about 1½ inches high.	For men's and women's shoes with custom or city style toes and low, broad heels.	For women's shoes with medium narrow toes, and heels about 1¾ inches high.	For women's shoes with narrow toes and 2-inch concave ex French heels.

How to Find Your Size

First remove shoe, then place your foot on the chart. Do not put all your weight on the foot; let it rest naturally. The figure at the end of the big toe will indicate the size you require. State whether the foot is broad, medium or narrow. After securing your size by this method, you will be safe in re-ordering.

FITTING RUBBERS—To avoid trouble and annoyance in fitting rubbers, it is advisable to give us, when possible, the exact size printed on the inside of the shoes or slippers to be fitted. Then, in addition, if you will place the shoe on a piece of plain paper and draw an outline of the sole and heel, and be sure to mention whether it is a high or low heel, we can be sure of the size you want. The pictures above show and describe the various toes and heels.

It is very important to mention the height of the heel, as a high heel rubber will not fit a low heel shoe, and a low heel rubber will not stay on a high heel shoe.

Explanation of sizes and widths. Widths in leather footwear: A, extra narrow; B, very narrow; C, narrow; D, medium; E, wide; EE, very wide. Where quoted full or wide width only, they are EE width.

Scale of Sizes

Patent Pressure Process Rubber Boots

Built Like an Automobile Tire—for Hard Service

Red Patent Pressure Process

Popular and Durable

26C4311—Short boot. Pair.....**$3.23**
26C4312—Hip boot. Pair..... **4.69**
Men's red rubber boots. Special quality compound. Patent Pressure Process. Extra strong duck feet. Solid, substantial, long-wearing soles and heels. Reinforced shanks. Fusion cloth lined. Wide widths. Sizes, 5 to 13. No half sizes. Shipping weight, short boot, about 5¾ pounds. Shipping weight, hip boot, about 7¼ pounds.

Patent Pressure Process rubber boots are durable and elastic. They withstand the conditions found in dairies, mines, fisheries and on farms. The Patent Pressure Process welds the various parts of the boots into one tough, solid, composite whole, thus making it almost impossible to pull apart. The porosity of the boot is removed, keeping all injurious substances on the outside where they can be easily washed off, instead of allowing them to soak in and destroy the life and vitality of the rubber. The Rubber is made absolutely waterproof and the wearing quality is tremendously increased.

Black Patent Pressure Process

Great for Wear

26C4303—Short boot. Pair.....**$3.06**
26C4321—Hip boot. Pair..... **4.45**

Six Months' Guaranteed Shoe Wear

$3.45 Pair

What Our Customers Say About This Shoe

Please let me know if you still keep the six months' guaranteed shoe, No. U-16240, catalog No. 81.

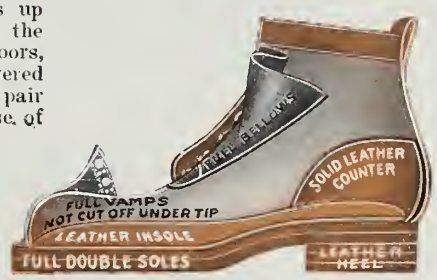
I got a pair Feb. 1st one year ago, and have been wearing them ever since at the brickyard and can wear them a while yet. I will send for another pair soon, if you still have them. They outwear any shoe I ever had. This is the second pair I have worn. The first pair lasted over a year also. Yours truly,

L. C. Gerlach,
Canon City, Colo., Box No. 517.

I purchased a pair of your 6 mo. guaranteed shoes and have worn them constantly in snow and slush, and on a cement floor, tramping on steel shavings, and they certainly live up to your guarantee. I have shown them to many others as the best work-shoe I ever used.

Henry J. Beck,
345 Garfield Ave., Troy, Ohio.

$3.45 Pair



Buy this guaranteed work shoe. It's the work shoe that stands up under the most trying conditions. No matter where you work—in the mill, in the brickyard, in the barnyard, on hard cement floors or dirt floors, on farm or field, in mine, dairy or garage, the wear of the shoe is covered by an ironclad six months' guarantee. You get it in writing. Buy a pair now—put it to the test—and you'll believe as we do—that this is one of the most powerfully built work shoes, at the price, on the market.

24C1820—Brown 24C1825—Black

Six Months' Guarantee

Expert workmen employing high grade materials and modern machinery have produced this shoe of six months' insured service. As evidence of our absolute faith in these work shoes we guarantee them for this long period. If for any reason due to defective material or workmanship they fail to give satisfaction for a period of six months from date of purchase, return them with guarantee and we will send you a new pair in exchange. Applies only on Numbers 24C1820 and 24C1825.

Wholesale Prices

Buying rubber footwear from these pages is just like putting about 25 per cent of the price back into your pocket. The quality would not be different, the service would not be different, nor would the appearance be different, if we raised the price up to usual store prices.

Buy these rubbers at the wholesale prices quoted and you get everything in rubber footwear that others ask much higher prices for.

Complete Outfit for Repairing Shoes, Rubbers, Tinware, Harness, Etc.

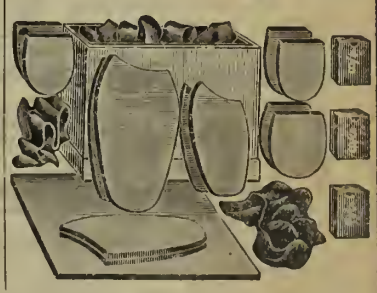
27C5000

$2.09

This Improved Home Repair Outfit is a great money-saver. With it you can mend boots, shoes, rubbers, harness, buggy leather, pumps, tinware, nearly all kinds of rubber articles, including automobile and bicycle tires, etc. You can make plumbing repairs that will save its price several times over in the course of a year.

The stand and four lasts are all malleable iron. The hammer is forged steel. The knife is fine steel and will hold an edge. The shoemakers' nippers are forged steel. The two bottles of both rubber and leather cement are of substantial size.

Here is a complete list of the 42 articles that comprise this Improved Home Repair Outfit:



Contents

Great Selection of Girls' and Children's Gloves For all Occasions

Gloves for Girls and Misses

Comfort and Long Wear in Each Pair

How to Measure for Girls' and Infants' Glove Sizes:

While we are quoting all our Girls' Gloves for ages from 6 to 14 years, and our Infants' Gloves for ages from 1 to 5 years, we ask you to measure the hand of your child with a strip of paper. Draw it around the knuckles, closely but not tightly (do not include the thumb); Mark off the distance around the hand and apply the paper to the scale below; for size, state the amount of inches indicated thereon.

A Message To Well Dressed Men

TO be well dressed does not mean to be extravagant. In these days, a man can wear clothes that are made right and cut right—real clothes—and not spend any more than for garments that are out of date.

In our men's furnishing department we feel that we should offer our customers just as up-to-date shirts or hats or gloves, as the case may be, as they could buy if they made a personal visit to the most fashionable stores of our largest cities. The only difference is that we are able to offer these goods to our customers at less cost than they would have to pay if they bought them over the counter.

When you buy from us a shirt or cravat or any of the minor items that go so far to give a man that comfortable sense of being well dressed, make it a point to study the articles carefully when you see them. Note their finish and general quality.

After an inspection of this kind, you will readily understand why the men of America are buying more and more of their furnishings from Montgomery Ward & Co. Here are three items we are quoting you. On the other pages are dozens more that will interest you.

How to Measure for Glove Size—Lay your hand flat on the table and measure it around the knuckles with a strip of paper (do not include the thumb)—mark off the distance around your hand on the strip of paper and apply same to the scale below and state as your size the number of inches indicated thereon. Upper scale indicates your size for unlined or silk lined Dress Gloves. Lower scale indicates your size for fleece lined Kid Gloves, automobile gloves, motorcycle gloves, driving or working gloves and gauntlets.

$16.50 Two Specials *from Our* Clothing Department $12.85

What Will They Wear this Fall?

THE problem of selecting clothes for Fall and Winter is uppermost in the minds of thousands of people throughout the country and a word here will help decide it.

The finished suits and overcoats shown on the following pages for men and young men of all ages represent considerably more than just woolens, trimmings and mechanical labor.

Another quality to be considered, altogether above mere workmanship. This is the touch of the master designer which is manifested in every garment we show.

We display suits of practically every style and description. The worsteds, cassimeres and serges. The novelties and the solid conservative patterns—all are here.

Overcoats of the newest weaves; the most attractive patterns in the correct models, offering a range of selection such as, we believe, never has been equalled.

Nor does the matter of new models and fabrics stop with men. The youth in his teens has many different styles to select from. All especially designed to combine youth with manliness.

The pages for boys will give mothers the opportunity to forget the difficulties of choosing proper clothing for their boys, and gives boys the chance to choose the fall clothes they like from among the many their mothers like also.

And added to all we give you service to the point of satisfaction.

$16.50 All Wool Dark Oxford Gray "Rock" Overcoating

Sizes: Chest, 35 to 44 inches. Average length, about 42 inches.

39C1083—This overcoat represents the united efforts of our buyers and our tailors to produce the best value ever offered in a high-grade overcoat at a popular price. It is the last word in style for Fall, 1916. This is not an ordinary $16.50 coat. It would cost you $25.00 at retail anywhere. Try it and see.

In model and style suitable for men of any age whether twenty-five or fifty years of age. The tendency in clothes today is to have a more youthful appearance, yet showing strength of character and bearing in every line. Such a coat is shown here. Made of the famous Rock, all wool, dark gray, overcoating in an indistinct diagonal. A fabric that is exceedingly dressy in appearance. Single breasted style, fly front with three buttons. Soft pressed, peaked lapel and velvet collar. Two pockets, warm lined, with satin faced flaps. Coat is quarter lined with satin and satin sleeve lining. All seams and bottom facing piped. The fly front is faced with satin. Perfection in material and tailoring is the only way to describe this overcoat. Shipping weight, about 6 pounds.

Fancy Striped Pattern, Brown Worsted $12.85

Sizes: Chest, 35 to 44 inches. Waist, 30 to 42 inches. Inseam, 30 to 35 inches.

39C199—Our unusual position in the clothing field at this particular time has made possible the featuring of this Suit at $12.85. The best value possible at this price. The best in style, in dependability, in workmanship. Correct in style, created by one of the country's best designers and made by skilled workmen. There is a certain look of perfection about this suit that gives it a distinct place among the clothes leaders this season.

The material is a firmly woven, hard finished wool and cotton mixed worsted in a medium shade of brown with black and colored stripes.

Three button, single breasted coat, has soft pressed lapel. One breast pocket. Two pockets with flaps. Durable serge lining. Three buttons on sleeve. Five button vest, no collar style. Four outside and one inside pockets. Side buckle straps. Regular trousers with belt loops and side tunnels. Two side, one watch and two hip pockets. Tab and button on left hip pocket. Wide bottom hem, can be turned up if cuffs are wanted. The biggest suit value anywhere. Average shipping weight, about 4 ⅞ pounds.

When it Comes to All Wool Serges—We Lead in Style, Quality and Price

Sizes

We can furnish the following sizes in the suits shown on this page. Chest, 35 to 44 inches, waist 30 to 42 inches, and inseam 30 to 35 inches. When ordering, **be sure to state chest, waist and inseam wanted.** also give your **height and weight,** and we will send you a suit that will fit you.

Send for samples of the suits shown here. You can examine the fabric, and note the quality and finish that each one of the suits contains. Write today.

Serges

The one fabric that is worn year in and year out and always looks well, holds its shape and gives excellent wear, is the serge. We show on this page a large selection of suits in many styles and at many different prices.

Each and every one is an exceptional value, at the price quoted. You will find them dependable in every way. If you are hesitating on what kind of a suit to buy, decide on a serge and you are sure to be right. Our serge suits are as usual the style leaders this season.

$8.95

The Newest Overcoat Styles for Men and Young Men

$12.75

Brown and Blue Mixture Indistinct Overplaid

Sizes: Chest, 35 to 44 inches.
Average length, about 42 inches.

39C1175 We show here an overcoat of very pleasing design, in a balmaroon model. Suitable for men of any age, and is a choice, especially of the younger men. Made of a brown and blue mixture overcoating with indistinct overplaid pattern, making a smart coat. Single breasted, velvet collar, and two patch pockets with flaps. Sleeve has half cuff with one button. One quarter yoke of Venetian lining in body. Side and bottom seams piped with Venetian. Sleeves lined with Venetian. Average shipping weight, about 5½ pounds.

$18.00

Brown and Black Mixed Overcoating

Sizes: Chest, 35 to 44 inches.
Average length, about 41 inches.

39C1195 This garment represents a wonderful combination of tailoring superiority, designing ability and extreme value, only made possible through our gigantic buying power. The material is a new style dressy overcoating, a combination of brown and black colors, the black forming a slight curl, which is decidedly new this season and is to be found only in high grade coats. A smart model in three button single breasted style, with full box back. One inside pocket. Two side pockets with flaps. Lined throughout with fine Venetian. Satin lined sleeves. Velvet collar. This coat can be worn by men of any age. It will be a decided favorite among the younger men, who are always particular regarding their appearance. Average shipping weight, about 6 pounds.

$11.50

Fancy Brown Cheviot Overcoating

Sizes: Chest, 35 to 44 inches.

Average length, about 41 inches.

39C1183 Every coat shown on this page is a leader for quality and real value and this one is a good example of how we combine style, good materials and reasonable prices. Heavy weight, fancy brown mixture overcoating in new Balmaroon style. Neat and stylish. Single breasted button through style. Two patch pockets, with flaps. Coat has self collar. New split sleeve with welt top seam. Four rows of stitching on sleeve and bottom of coat add to its style and give it a special finish. Has three quarter self facing and venetian neck piece. Venetian sleeve lining. Body otherwise unlined. It costs no more to have the newest models and best tailoring if you buy your overcoat here. This garment offers you warmth and the best of materials and workmanship at a price that means a saving of several dollars to you. Average shipping weight, about 5¼ pounds.

Style

Do your clothes possess that indescribable quality called style?

The art of designing and making a man's clothes so as to emphasize his good points and conceal his weak points, that is style.

It means clothes in which you look and feel your best. You will find style embodied in every garment shown on this and every other page of our clothing section.

There is an abundance of snap in the form fitting models, as well as in the loose and roomy coats, with patch pockets that appeal so strongly to the young chaps.

Order your Overcoat from this page and let us prove these statements to you.

$21.00

Bluish Brown Overcoating

Sizes: Chest, 35 to 44 inches.
Average length, about 40 inches.

39C1179 Fine material and the best of tailoring make this a very high class overcoat. We cannot speak too highly of this coat. It represents one of the season's best purchases. Note the stylish appearance. Made of a bluish-brown heavy weight overcoating, warm and serviceable. Single breasted, with full box back. Velvet collar. New style split sleeve with welted top seam and cuff. Two patch pockets with flaps. One quarter Venetian body lining. Satin sleeve lining. All seams piped with Venetian. Workmanship throughout, the best. It will both look and wear well. Average shipping weight, about 7¼ pounds.

$16.50

Gray and Black Mixed

Sizes: Chest, 35 to 44 inches.
Average length, about 42 inches.

39C1187 In material, stylo and workmanship this overcoat surpasses any we have ever seen at the price. Fancy dark mixed, nearly all wool overcoating in a new cloth. The face of the fabric has a slight curl effect formed in the weaving which combined with the indistinct plaid pattern gives the garment a decidedly handsome appearance. Single breasted model, with peaked lapel and velvet collar. Three button, through style. Satin yoke and sleeve lining. Wide self facing in front with satin bellows side seams. Body otherwise unlined. All inside seams piped with satin. Two patch pockets with satin faced flaps. Inside breast pocket. Imitation open cuff with two buttons on sleeve. Average shipping weight, about 6 pounds.

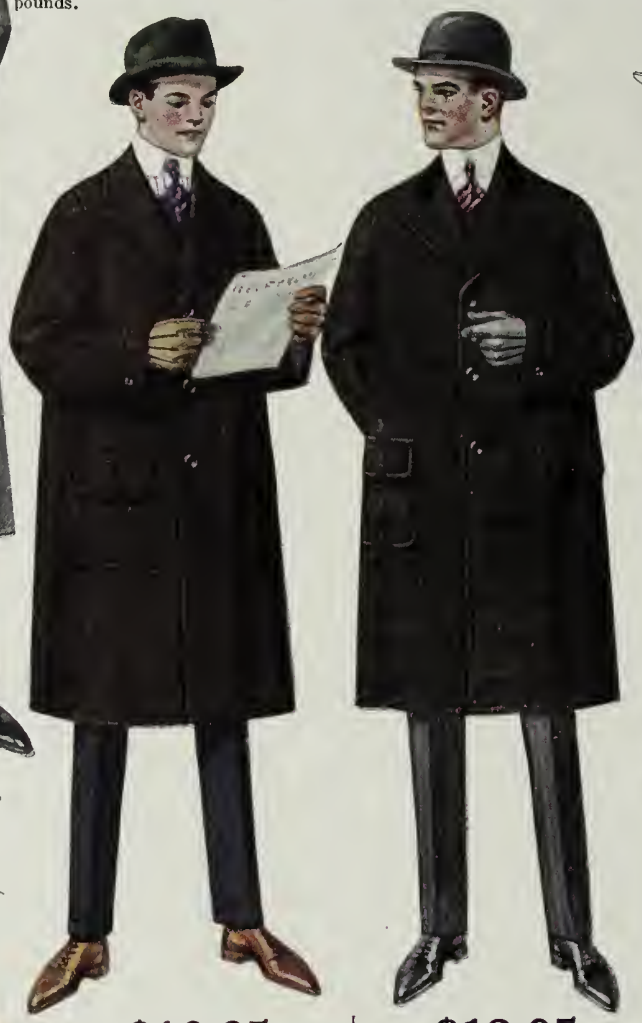
$13.50

Fancy Gray Plaid Two-Way Collar

Sizes: Chest, 35 to 44 inches.
Average length, about 50 inches.

39C1199 Conservative men with an eye to economy will appreciate the sound value in this overcoat. You can satisfy yourself on this point by buying and wearing this high grade garment. The material is a heavy dark gray, mixed overcoating with a pleasing overplaid pattern of gray and blue. Single breasted, with convertible or two-way collar. Serge body lining. Satin sleeve lining. Warm lined pockets with flaps. Half belt in back, with two buttons. Center vent in back. The fabric, trimmings and workmanship in this coat are such as you would only expect to find in overcoats selling for several dollars more than we ask. Average shipping weight, about 7 pounds.

Serviceable Overcoats for Men of Any Age



$8.95

Dark Oxford Gray Heavy Weight Ulster

Sizes: Chest, 35 to 44 inches.
Average length, about 50 inches.

39C1205—Many men prefer an ulster for all around, winter wear. This coat is reasonably priced, but very well made. Fabric is a dark oxford gray overcoating, especially suitable for this style of coat. About three-quarters wool. Made double breasted style. Belt in back with two buttons. Two muff pockets, warm lined. Two lower pockets with flaps. Durable twill lining in body and sleeves. A coat that may be worn for any occasion. Good weight, warm and serviceable. Makes an ideal coat for driving or general Winter wear. You will appreciate its warmth when the thermometer is down around zero. Average shipping weight, about 7 pounds.

$16.50

Dark Oxford Gray Melton

New Style Pinch Back

Sizes: Chest, 35 to 44 inches.
Average length, about 43 inches.

39C1217—You never had such a chance before, at this popular price. There is a fineness of fabric and fit about this garment that makes it one of the season's best offerings. Made of a dark oxford gray melton. About three-quarters wool. Three button double breasted style with convertible collar, that can be fastened up close around the neck. One-quarter lined with venetian, satin sleeve lining. Body unlined. Imitation vent and two buttons, on sleeve. Two outside patch pockets, with flaps. One outside and one inside breast pocket. Two piece belt in back, with two buttons and button holes. Inverted plait and tucked back. All inside seams, venetian piped. Average shipping weight, about 6 ½ pounds.

$10.85

Brown Mixture

Stylish Model.

Sizes: Chest, 35 to 44 inches.
Average length, about 43 inches.

39C1209 Smart style that can be worn with good taste by men of any age. Good weight overcoating, in a brownish mixture. About two-thirds wool. A shade that is decidedly popular this season. Made single-breasted style, with three buttons. Patch pockets with flaps. One quarter yoke lining of satin. Sleeve lined with satin. Two buttons and cuff on sleeve. Collar of same material as coat. The tailoring in this garment is excellent. This overcoat is recommended for its good appearance and exceptional value. Average shipping weight, about 5½ pounds.

$12.95

Blue Brown Mixture

Balmaroon Model.

Sizes: Chest, 35 to 44 inches.
Average length, about 43 inches.

39C1213 For genuine value, this coat is a better purchase than the average garment being sold today at much more than this price. Made of a good quality overcoating in a blue brown mixture. Almost all wool. Fashionable balmaroon model, single-breasted, three-button through style. New split sleeve with welted top seam and cuff with two buttons. Two outside patch pockets with flaps. One-quarter satin lined body. Satin sleeve lining. Velvet collar. Average shipping weight, about 5⅞ pounds.

$10.00

All Wool Gray or Brown Overcoating

Sizes: Chest, 35 to 44 inches.
Average length, about 50 inches.

39C1229—Gray.
39C1233—Brown.

Popular storm overcoat, in the ulsterette model. So designed that the collar can be turned up and buttons close around the neck, giving you extra protection during stormy weather. Made of an all-wool overcoating in either gray or brown color. Four-button, single-breasted style. Two pockets; warm lined, with flaps. Serviceable lining. Adjustable wind tab and buttons on sleeve. A general utility overcoat, well tailored and of good material. Average shipping weight, about 6½ pounds.

$12.00

Brown Mixed

Half-Belt Back
Two-way Collar

Sizes: Chest, 35 to 44 inches.
Average length, about 50 inches.

39C1225 Up-to-date overcoat, at a **moderate price.** A style that is being worn by well-dressed men everywhere. Material is a brown mixed, overcoating firm, good-wearing fabric. About three-quarters wool. Single-breasted style, has convertible or two-way collar. Can be worn either way, as shown in illustration. Body lined with a durable serge. Lusterine sleeve lining. Half-belt in back, with two buttons. Warm lined pockets with flaps. Center vent in back.

This garment will give good wear and the workmanship is of the kind you would expect to find only in high-priced coats. Average shipping weight, about 7 pounds.

Values

We're selling good overcoats here for less money than anywhere else in the world, and we're ready to stand back of that claim. By less money we don't simply mean the prices, we mean the values for the prices. Take the overcoats shown on this page as an example. The fabrics are handsome, the models are extremely stylish and the workmanship is such as you only expect to find in the highest-priced garments. The meltons, chinchillas or fancy overcoatings all bid for popularity this season. Whichever one you select, you can be assured of a garment of exceptional value.

Write for Samples

You can safely make your selections from the descriptions we give of each garment, but should you desire to see the fabrics and examine them, we will gladly send you samples of any or all of the overcoats shown on this page.

$13.50

Dark Oxford Blue and Green Plaid

Sizes: Chest, 35 to 44 inches.

Average length, about 50 inches.

39C1221 Another style that has found favor among young as well as older men. Very handsome-appearing garment, that will be sure to please the most particular man. Fabric is a dark oxford overcoating, almost all wool, with a neat blue and green overplaid pattern, which gives life to the coat. Double-breasted model with warm lined pockets. Ulsterette storm collar, which can be turned up and buttoned close around neck if desired. Storm tab and buttons on sleeve. Excellent wearing serge body lining. Sleeves have a good quality lustering lining. Center vent in back. Take advantage of this, and save money. Average shipping weight, about 7⅛ pounds.

Average shipping weight, about 3¾ pounds.

A Word About Slip-ons

In buying your Slip-on you are obliged to depend upon the word of the one from whom the coat is bought with regard to the reliability, no matter whether you purchase the coat from a small dealer or from us. You have no way of determining whether the coat will give you satisfaction until you have worn it for a considerable length of time.

In buying from us you can rest assured that each and every garment has been properly treated in the rubberizing, and properly made throughout. Also, on account of the very large quantities which we sell, you can always rest assured that our rubber compound is fresh and has not lost a considerable portion of its waterproof qualities while lying in stock, which is a very important factor in rubber goods of any kind.

$8.25

Durable Dress Trousers For Men—All Well Mad

Extra trousers are an economy on account of the added wear they give to your suits, as well as being exceptionally dressy at all times. As everyone knows the trousers of a suit show signs of wear long before the coat and vest, and by using a pair of these trousers to alternate in use with those of your suit, you add just that much to its service.

Write for samples. We will send you samplea of the garments we show for young men and youths. Many times, while the description and illustratio accurate, you may want to examine the texture of one or more. Just drop postal, mentioning the numbers you desire to see and we will gladly send same return mail.

Youths' Clothes

Big boys are the most critical buyers. They will have nothing to do with boys' suits, nor with the older styles—not much! But we have just what they want—top notch Big Boy or High School styles. They are cut over special patterns that are designed for youths' wear by expert youths' clothes designers, who know how this kind of suits should look. Every one has good workmanship throughout, and at the prices quoted, you can't do as well elsewhere. Send for samples of any of the suits we show. Write today. A postal will do.

Outfit Consists of Coat, Rah Rah Hat and Leggings

Sizes, 3 to 8 years.
State size wanted.

39C3883—Not only will this outfit keep the little fellow warm, but it makes a dressy combination for wear at any time. Strongly made throughout and will stand any amount of the hard wear children give their clothes. Fabric is a Mackinaw cloth, in a fancy plaid pattern. The coat is single breasted style with a collar that fits close around the neck. All around belt with large buckle. Two patch pockets, have plaits and imitation flaps with buttons. Button trimmed sleeves. Rah! Rah! style hat is lined, and has an unlined, pull down inside band. Long leggings are unlined, have adjustable foot straps and fasten up the sides with buttons. Just as well constructed as the larger Mackinaws. Average shipping weight, about 2⅝ lbs.

$3.75 Fancy Plaid Junior Mackinaw

For Warmth and Service

Sizes, 5 to 10 years.
State size wanted.

39C3891—A heavy weight all-weather Mackinaw coat. All the boys, whether juniors or older ones, like to wear these big warm coats. Buy the youngsters Mackinaws and let them out to romp in the snow and cold, because they will be well protected. This garment is made of a fancy plaid Mackinaw cloth, as shown above. Double breasted, shawl collar, with cord loops to fasten around neck. Yoke and plaited back. All around belt. A very well made garment. Don't overlook this opportunity to save money, and at the same time get a Mackinaw of exceptional value. Average shipping weight, about 2½ lbs.

Boys' Mackinaws and Outfits

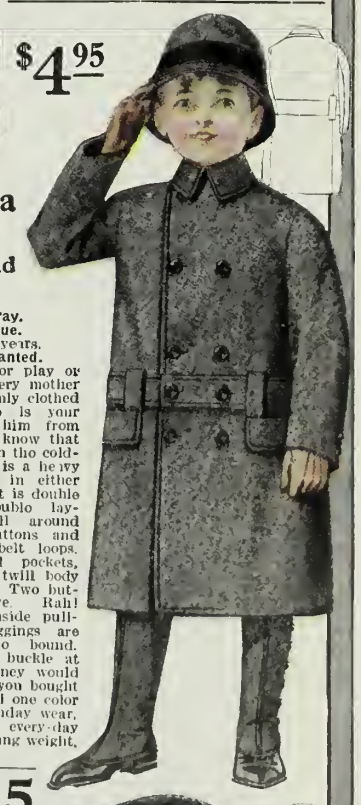
The boys' outer garments, such as we show on this page are made from dependable fabrics, and tailored in a way to make them stand the hard service that boys give them. One of the best coats you can buy for the boy is a Mackinaw. They are heavy and warm—wind and cold proof. We assure you, the maximum of value at the lowest price, good dependable clothing can be sold.

$5.00 For Complete Outfit of Suit, Overcoat and Hat

Billy Boy Outfit

The Biggest Offer of The Season

Sizes, 3 to 8 years.
State size wanted.



39C3871—Here is the biggest we know of. Think of clothing the boy for this remarkably low price. Our large production of these outfits enable us to quote this low price. Made of a firmly woven gray cassimere, more than half wool.

Coat of suit is single breasted, with four buttons. Lay-down collar. Cord at neck. Two-flap pockets. Embroidered anchor emblem on left sleeve. Black sateen body lining. Twill sleeve lining. Straight bottom trousers, unlined, with buckle waistband. Taped seat and inseams. Usual pockets. Three buttons at knee.

Overcoat is four-button, double-breasted style, with close-fitting collar. All around belt. Fancy plaid, body lining. Two warm lined pockets with flaps.

Hat is Rah! Rah! style, with inside pull-down band.

Everything that enters the making of these outfits is of good quality. Excellent workmanship throughout. The mother who wants a complete outfit for the little fellow at a low price should buy one of these combinations. Average shipping weight, about 3⅞ pounds.

Boys' Chinchilla Outfit

Coat, Hat and Leggings

39C3875—Gray.
39C3879—Blue.
Sizes, 3 to 8 years.
State size wanted.

Dressy outfits for play or Sunday wear. Every mother wants her boy warmly clothed in winter. Here is your chance to outfit him from head to foot, and know that he is comfortable on the coldest day. Material is a heavy weight Chinchilla, in either gray or blue. Coat is double breasted with double lay-down collar. All around belt, with two buttons and buttonholes, and belt loops. Two, warm lined pockets, with flaps. Gray twill body and sleeve lining. Two buttons on the sleeve. Rah! Rah! hat, with inside pull-down band. Leggings are unlined and tape bound. Leather strap and buckle at bottom. Your money would be well invested if you bought two outfits and used one color for dress-up or Sunday wear, and the other for every-day use. Average shipping weight, about 4 pounds.

It is real economy to buy one of these reversible Mackinaw coats. Not only do you get two coats for the price of one, but you get double wear as well. An all wool, rainproof Mackinaw cloth on one side, with a rainproof moleskin on the other side. Both excellent wearing fabrics. Double breasted style. Two pockets with flaps on either side. Shawl collar. All around reversible belt, with two detachable buttons. All coat buttons detachable, with eyelet and ring. Average shipping weight, about 7½ pounds.

Caps to match, shown above.....$1.25

Sizes, 6¾ to 7¾.

Make your outfit complete by buying a cap. Have fur lined pull-down band.

42C4274—Red, Black and Blue.....$1.25
42C4276—Brown and Black..... 1.25

$4.65 30-ounce Fine Quality Mackinaw

42C4213—Brown and Red Plaid.
42C4215—Gray, Brown and Blue Plaid.

Even sizes, chest, 36 to 48 inches.
Average length, about 34 inches.

A good Mackinaw at a low price. These coats have good appearance, are warm and comfortable and above all, the quality is high-grade. And that word quality means a great deal to you. No garment is cheap if quality is lacking. Every-one of our Mackinaws is a quality garment. The material in these coats is about two-thirds wool. The percentage of cotton gives added strength and does not cheapen the fabric in any way. Made double breasted style, plain front and back, with two piece half belt with two large buttons in back. Shawl collar. Two patch pockets with flaps. Sleeve tab with buttons. All seams piped. Average shipping weight, about 5¾ pounds.

$6.25 Norfolk Style 30-ounce Extra Heavy Mackinaw

42C4247—Gray and Blue Plaid.
42C4249—Brown, Gray and Black Plaid.

Even sizes, chest, 36 to 48 inches.
Average length, about 34 inches.

The Winter winds can't affect you if you wear one of these heavy fancy mackinaw coats. Nearly all wool; just sufficient cotton to strengthen the fabric. The mackinaw has really become an indispensable Winter Garment. There are many times when you want to go out but do not want to wear an overcoat; that is where the mackinaw answers every requirement. Double breasted style, plain Norfolk with full length plaits, front and back, no yoke. Shawl collar. Two patch pockets with flaps. All around belt, with two buttons and buttonholes. Storm tab and buttons on sleeve. All seams piped. Average shipping weight, about 6⅝ pounds.

$6.75 All Wool—Heavy Weight Mackinaw

42C4255—Gray and Blue Plaid.
42C4257—Brown, Gray and Black.

Even sizes, chest, 36 to 48 inches.
Average length, about 34 inches.

The coldest day has no terror for the man wearing this Mackinaw. Just turn up the collar and let the wind howl. A 31 ounce extra heavy weight, all wool Mackinaw cloth. Made double breasted Norfolk style, with yoke and plaits back and front. All around belt, with two buttons and button holes. Two patch pockets, with flaps. All seams piped, throughout. Shawl collar. Storm tab and buttons on sleeves. Change pocket on inside facing. Tailoring and workmanship in this garment is the best. High grade coat that will give the wearer long service. Average shipping weight, about 6½ pounds.

$8.25 College Style—30-ounce All Wool Fancy Mackinaw

42C4269—Brown and Gray.
42C4271—Red, Blue and Gray.

Even sizes, chest, 36 to 48 inches.
Average length, about 36 inches.

We have designed a new model in this garment. It is called the college model on account of its first popularity among the college men. Made a little longer than the average mackinaw. Splendidly tailored. All wool, 30 ounce cloth. Made double breasted plain front, with box back and detachable half belt. Four patch pockets with flaps. Shawl collar. Tab and button on sleeve. All body seams piped. Change pocket in inside facing. We advise your ordering early on this model, as it will be a big seller on account of its quality, price and attractive style. Average shipping weight, about 6 pounds.

HOW TO MEASURE

Take measurement over vest all around chest at arm pits.

Our Mackinaws are made to wear over a vest only and to be very full and roomy. If snug fit over vest is wanted, order one size smaller than chest measure. If you want to wear it over a sack coat or sweater, and want a loose fit, order one size larger than your actual chest measurement. For a snug fit over an undercoat, order actual size of chest over vest.

New for Fall and Winter—a flannel sport shirt in colors. See Shirt pages

Winter Clothes for Warmth and Wear

$7.35

Brown and Black Plaid or Red and Black Fancy Mackinaw

42C4031—Brown and Black Plaid.
42C4033—Red and Black Plaid.
Even sizes: Chest, 36 to 48 inches.
State size wanted.

A big, new style, serviceable mackinaw. Fabric about 92 per cent wool, the slight amount of cotton is to give added strength. Has many new features for this kind of coat. Used by the young men as a skating coat. Very roomy, double breasted style, with large shawl collar and extra loops and buttons. Four pockets with flaps and new feature, extra large pockets, on each side, as illustrated, for carrying skates or books, etc. These pockets open through to body of coat. Imitation coat cuff with two buttons on each sleeve. New tucked or fluted plush-back style back with sewed on half belt. All seams double sewed. Piped armholes. Hemmed and taped bottom. This is the newest design for an all around mackinaw and sport coat. Fabrics and workmanship are first class. Average shipping weight, about 6 pounds.

$5.45

Oxford Gray Rain-proofed Mackinaw

Even sizes: Chest, 36 to 48 inches.
Average length, about 34 inches.
State size wanted.

42C4021—You can forget the cold or stormy weather if you wear one of these mackinaw coats. Made from a heavy weight (30-ounce) Oxford gray mackinaw cloth, about two-thirds wool, which has been chemically treated, making it rainproof. Double breasted style, shawl collar with extra cord loop and button. Two plaited patch pockets, with sateen faced flaps. All around belt, sateen faced, with two buttons and buttonholes. Two plaits in back and pointed yoke. Tab on sleeve with buttons. Double stitched seams. Cash pocket on inside facing. Piped seams. Average shipping weight, about 6 pounds.

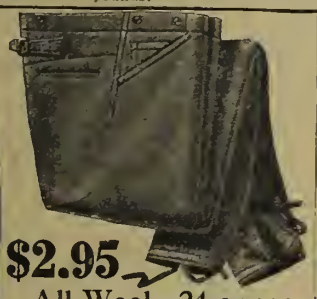
$3.50

Navaho Pattern

Red, Black, White and Gray Plaid
28-ounce Mackinaw.

Even sizes: Chest, 36 to 48 inches.
Average length, about 34 inches.
State size wanted.

42C4019—A mackinaw coat that is low in price but strong and well made and will give excellent service. Navaho plaid pattern, about one-third wool. Double breasted style with large shawl collar. Plain back, with all around belt, sateen faced with two buttons and buttonholes, also belt loops. Tab and buttons on sleeve. Armholes, front facing and bottom seams taped. For the man who wants to spend a limited amount for a mackinaw coat, this garment is a good investment. If bought elsewhere it would cost much more.
Average shipping weight, about 6 pounds.



$7.50

All Wool—Oxford Gray Heavy Weight Rain-proof Mackinaw

Even sizes: Chest, 36 to 48 inches.
Average length, about 34 inches.
State size wanted.

42C4083—Big, roomy, specially designed mackinaw coat. An ideal garment for the auto or wagon driver. Note the large storm collar to protect your head and face from the wind. Plain Oxford gray color, all wool, 30-ounce, rainproofed, mackinaw cloth. Single breasted, plain Norfolk with full length plaits, front and back. Detachable all around belt, sateen faced with two buttons and buttonholes. Large, 7-inch storm collar, with two detachable storm tabs and buttons. Two patch pockets with flaps, sateen faced. Double sewed seams. Taped front facing and bottom seams and armholes. Can be worn by men of any age and will prove a strong, durable garment. Best workmanship throughout. Average shipping weight, about 6½ pounds.

$2.95

All Wool—24-ounce Blue Mackinaw Drawers

Warm Lined Clothing for Boys and Youths

Not how cheap but how good—You will find many features and improvements on our coats not obtainable anywhere else. Be sure to state size wanted.

$3.25 Boys' Blanket Lined Rainproofed Drab Moleskin Suit

Trousers also match coat 42C4309.

Even sizes, 8 to 16 years.

State size wanted.

Your boy will have a tough time trying to wear out this suit. Very strongly made of dark drab moleskin. A fabric known for its durability. A better cloth is not made for the rough and tumble wear that boys give their clothes. It has been chemically treated to make it rainproof.

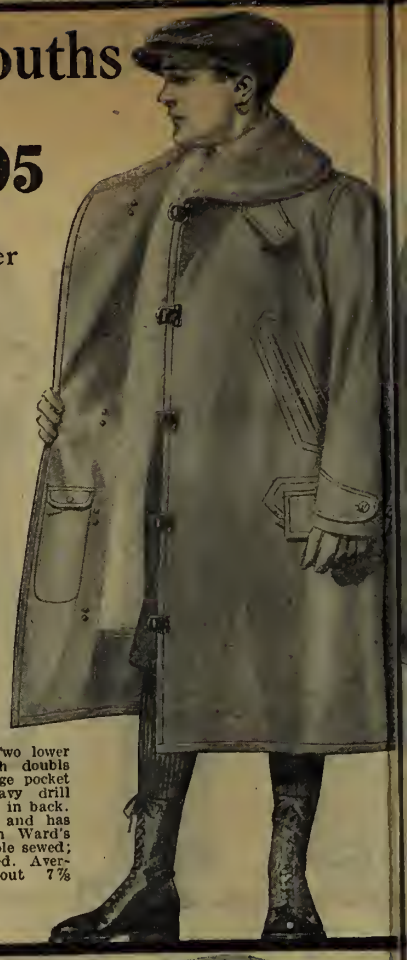
Coat is double breasted style with four patent buttons and buttonholes each side. Body and sleeves are lined with a dark blue rainproofed blanket lining. Has a wide storm collar of same cloth with attached adjustable storm tab and buttons. Double sewed seams. Two side pockets with double self flaps. Heavy drill pocketing. Average shipping weight, about 4 pounds.

Trousers, knickerbocker style, to match 42C4301, also 42C4309, shown at the right. Two side and one hip pocket. Holdfast riveted buttons. Draw strap and buckle at knee. Full lined throughout with natural Husking Cloth, with soft side inside. Seat and inseams taped and double sewed. Average shipping weight, about 1¾ pounds.

State age wanted.

42C4307—Suit $3.25
42C4301—Coat 2.15
42C4303—Knickerbockers $1.10

$2.65 Rainproofed Drab Moleskin



Matchea trousers 42C4303

Even sizes, 12 to 18 years.

State size wanted.

42C4309—This coat matches trousers 42C4303 shown at left, making a fine winter outfit. You can buy the Coat and Knickerbockers as a suit or separately. Material is a dark drab, firmly woven, tough, wear resisting moleskin, which has been chemically treated, making it rainproof, yet is not hard or stiff. Double breasted style, with three riveted buttons on each side; also two sewed on buttons and an adjustable cord loop at neck. All double sewed seams. Body and sleeves are lined with dark blue rainproof blanket lining. Has wide clipped, beaverized, sheepskin collar with attached adjustable storm tab. Two outside pockets with flaps. Take Measure Over Undercoat for Correct Size

Be careful when ordering to see that you have given us the correct sizes. Always make allowances for your undercoat. While our sheepskin coats are cut full and roomy, you must consider whether you want to wear it over a vest, or whether over a coat or sweater coat. Add two inches to measurement over vest, if a loose fit is wanted. Freedom of movement is important when working.

Rogersville, Tenn.
April 2, 1916.

Montgomery Ward & Co.
Dear Sirs:

I received the order O. K. every thing in good condition better than expected. Saved about 7 or 8 dollars on a $22.00 order.

Respectfully,
M. S. KLEPPER.

Pendleton, Oreg.
3-17-16

Montgomery Ward & Co.,
Portland.
Gentlemen:

Please send me your last catalogue. I have just been using some of your "Lakeside Roofing" on St. Joseph Academy, best I ever used.

Box 7.

Yours respectfully,
H. G. PLYMATE.

Billings, Mont.

Montgomery Ward & Co.,

Dear Sirs:—

I received the order this morning and found everything O. K.

It is now close to 25 years since I have been dealing with Montgomery Ward & Co., and have always found everything as you represented and satisfactory in every manner.

I thank you for past kindness.

Respectfully yours,
Chas. E. Anderson.

414 S. 34th St.

Iowa City, Iowa.
April 9th, 1916.

Montgomery Ward & Co.,
Chicago.
Gentlemen:

We received our last order promptly and every thing is O. K. You sure do take care of our orders. Couldn't do better if we were there ourselves.

Yours respectfully.
MRS. F. G. LEHMAN.

R. R. No. 6.

Montpelier, Iowa.
2-28-16.

Montgomery Ward & Co.
Dear Sir:

I received my new Catalogue and Buyers Guide today and was more than pleased to get it, would not part with it if I could not obtain another, at any price.

Yours truly,
MRS. HERMAN SCHWARTZ.

What Some of Our Customers Have to Say

IN the thousands of letters that come to this house, there are none, perhaps, that interest us more than those containing comments by our friends and customers upon our business and our methods. Sometimes we receive criticisms—written in a very kindly spirit, and often deserved. We try to profit by them in correcting the cause of the criticism. Many of the letters however, are frank expressions of satisfaction at our way of doing business. We value those letters, also. We are reprinting here a few of them taken at random. They may interest you in their source and in the points brought out.

18 Years of Service —Still Good

Bought an Improved high arm sewing machine from you eighteen years ago which has done all of our sewing for a family of ten. Sewed everything and anything from the finest goods to carpets. The old machine is in good running order and will last sometime yet.

William Plowright,
Ashland, Ill.

Serviceable Merchandise

I ordered those Buffalo Shirts. They have given better service than any Shirt we ever bought. The shoes also were good. I cannot tell you how well we liked all the goods.

Your friend,
Mrs. Ada Crape,
Weir, Miss.

Well Pleased

Your goods that we have received are always fresh and cannot recommend you enough. Your shoes are fine and fit perfect. Your dry goods and fancy work material cannot be beat anywhere.

Yours for business,
Mr. and Mrs. Archie Printy,
Carthage, Ill.

Exceptional Service

Hip-Hip-Hooray. Bully for you. Order mailed Saturday P. M. and goods on our shelves at noon Wednesday. That's going some and everything is exactly **Right.**

Sincerely,
Willard M. Wood,
Batavia, Ill.

40 Years a Customer

I think your Buyer's Guide is like pure air and good fresh water—a blessing to the people. Our home merchants charge us enough and would charge us more if it were not for your catalogue.

Very truly yours,
Mrs. Mandy Sidner,
Waverly, Kansas.

A Customer Since 1875

I have dealt with you about 40 years and will say my dealings with you have always been more than satisfactory.

Mr. Joseph Travelli,
Oakdale, Calif.

A Winner

I baked yeast raised biscuits and entered them at the Wheatland Plowing Match and got Blue Ribbon. Is this not a fine ad for the Montgomery Ward & Co. flour?

Mrs. Jos. Elliott,
Plainfield, Ill.

Lasting Quality

My machine I ordered 15 years ago is just as good as it was the first time I sewed on it. I ordered it from Montgomery Ward & Co. for $10.75.

Very truly yours,
Claudia B. Lester,
Elko, Ga.

Remarkable Value

I had to buy a pair of shoes here and paid $5.00 and they are not as good as your $2.50 shoes.

Alvin Bolder,
De Sart, N. Dak.

9 Years in Use and Good for Many More

I have a surrey I bought 9 years ago. The surrey is in good condition, not a loose tire yet. The paint is still good. This is positively the truth.

E. S. Lint,
Claremont, Ill.

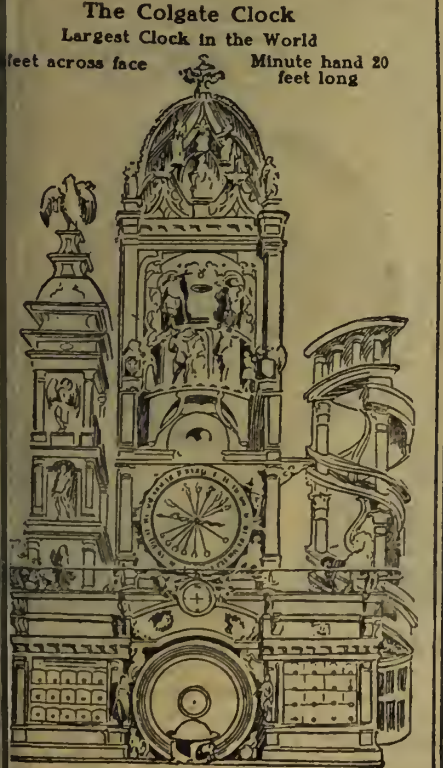
Saved One-Third

Was very much pleased with the grocery order. The flour was excellent and as for the other groceries, their value in quality cannot be excelled by any one.

I saved at least one-third on the order after paying the freight charges.

T. F. Gallaway,
Attalla, Ala.

First Order in 1882



I will give you length of time I have been dealing with Montgomery Ward & Co. I am first in this county and had your Catalogue No. 32 and sent first order in January, 1882.

B. F. Banks,
Bates, Ark.

Some Famous Clocks

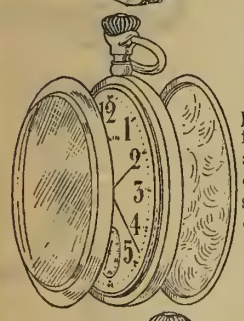
ALMOST every community has its clock, famous for the commemoration of some event. Every home should have a Startler Alarm Clock, famous for its time-keeping and dependable alarm. It is a typical value of our clock and jewelry section on the following pages.

The Startler runs eight days and calls you punctually, with but one winding. It looks well, is made well and is a splendid time-keeper. Calls you at the hour you want to be called and with no fuss or bother. Set the alarm just once, wind time and alarm once a week. That's all you have to do. The **Startler** does the rest. When it wakes you stop the alarm by pressing the button on top. Without further attention, it **automatically sets itself** to call you at the same time the next morning. And it never fails.

It's a generously big clock, 6¼ inches high. Finely finished. Case is handsomely nickel-plated. Winding keys are comfortably large. On the back is the gong—diameter, 4¾ inches—pleasant in tone, yet loud enough to wake the soundest sleeper. One lever shuts the alarm off entirely. Another regulates the length of the alarm, from a short ring to a long, compelling call. **Shipping weight, 45 ounces.**

46C6105—Each **$2.23**

Dependable Watches



FROM this and the following pages it is easy to select the watch you want. We believe that our watch line combines the widest assortment of high-quality, low-priced, dependable watches that you have ever been offered. Every watch in our line reflects our years of experience and judgment. For accurate time-keeping qualities, durability and attractive appearance, make your selection here. Compare our prices and be convinced that we can save you money. Our tremendous sales, our large-quantity purchases, and our direct-to-the-purchaser method of dealing enable us to quote rock-bottom prices. Before you buy your watch, we urgently recommend that you study our Washington watches. They represent the utmost in watch value. It will pay you to consider them carefully.

Styles of Watch Cases

Hunting Style

Our hunting style watch cases are popular because of the protection they give the movement and crystal. They have hinged covers, back and front, and in the back an inner dust-proof lid which protects the movement.

Open Face, Screw Back and Front

This is the most popular style of open face cases. The front and back lids screw on tightly, making a strong, close case. Another pleasing feature of this style is the fact that it permits a thin, compact case.

Open Face, Swing Ring Style

These cases have a solid one-piece back, and screw front. There is only one joint, which makes them as near dampproof and dust-proof as possible. The movement fits into a swinging ring.

Our Watch Guarantee

In addition to the provisions of our general guarantee (printed on the inside cover of this catalogue), we specifically guarantee that any watch bought from us will reach the purchaser in first class running order; will prove to be a dependable time-keeper, and will give the service that you should expect from this grade of movement. We will replace, without charge, any movement which fails through any defect of material or workmanship. We cannot replace, free of charge, parts which have been broken by misuse.

In addition to the savings made by the low prices of our watch line, just consider the protection we give you in your watch investment.

Every watch that we sell is guaranteed. When you buy a watch from us and it disappoints you, we make it good. Whether you buy a high-priced, delicately adjusted time-piece or an inexpensive one, we guarantee it to give you the service that a watch of the grade you purchase should give.

The watches quoted in this catalogue have been selected because we believe that they are the best time-pieces that can be purchased at the prices we ask. Naturally, a cheap watch cannot be expected to give the same precision and long service that a high-priced one will. But every watch we sell, if treated with reasonable care, will render better and more satisfactory service than the watches usually sold at similar prices.

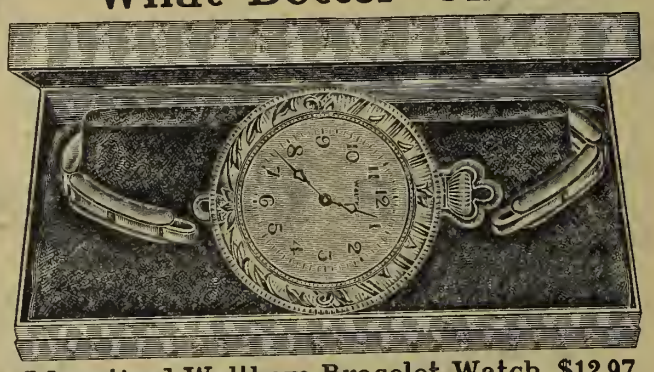
Of course, we cannot guarantee our watches against neglect or accident. But if you do have the misfortune to break your watch, send it to us and our skilled watchmakers will put it in first-class running order at a very reasonable cost. Should the watch you purchase here give you any trouble, we urge you to send it to us for repairs. We cannot be responsible for work done by any other watchmakers than our own skilled men. And do not forget that our charges for watch repairs are distinctly lower than the usual figures.

Our Best Watch Values

Our own Washington Watches are our best values. We have sold them for years and know them to be superior time-pieces. You don't pay for expensive advertising or the prestige of a name, when you buy a Washington Watch. But you do buy accurate time-keeping service and lasting satisfaction. Every dollar you spend is invested in real watch value. We recommend our Washington as the best watches for any purpose, and we stand back of them. On the next page we illustrate and fully describe these splendid movements. It will pay you to study them before you invest in a watch. Grade for grade, we believe that our Washington watches offer better service and better value than any other watches.

Watch Case Guarantees

When we describe a watch case as being 25, 20 or 10 year guaranteed gold filled, we mean that if at any time during the period specified by the guarantee, the gold should wear off to show the base metal underneath, the manufacturer will replace the case without charge. The ten-year cases have an outer shell of gold applied upon hard, stiff alloy metal. The twenty and twenty-five year cases have a shell of gold both outside and inside. Every gold-filled watch case is stamped on the inside with the maker's name and guarantee. If you do have to return a case for exchange, send it to us and we will make the adjustment for you. We stand back of the maker's guarantee.



What Better Gift?

17-Jewel, Elgin Gift Watch, $16.93

We have priced this attractive and reliable timekeeper at a big saving. Hunting style case, 20-year guaranteed, gold filled. Beautifully ornamented in a rich, engraved and engine turned design. In a handsome velvet gift box.

45C176—Postpaid **$15.43**

These Are Time-Keepers of Superior Accuracy

Our WASHINGTON WATCHES

These are our own watches, made according to our own specifications, and sold only by us. We have sold them for years and they have pleased and satisfied thousands of customers. In making our Washington watches, we have used the best possible material, we have employed only skilled workmen, and we have followed the newest, most improved models.

As a result of our conscientious manufacturing methods, every Washington watch has accuracy and service built right into it. We believe that a Washington watch gives more satisfaction, grade for grade, than any other make watch which you can buy, and we ask you to buy a Washington watch with the expectation of getting exceptional timekeeping service.

Our Washington Watches are made in a wide variety of high-grade movements, from the reliable, low priced, 15-jewel "Monroe" to the wonderfully accurate, delicately adjusted 23-jewel "Greenwich," which we consider the finest American made watch. They are all illustrated in detail, on this page. Some one of them, we believe, will meet your requirements, just a little better than any other watch. And every one of them, we know, is a splendid time-keeper and a supreme value at the price given. On the other pages of our watch section you will find Washington Watches complete with all sizes and styles of cases. Every watch shown on this page comes to you in a velvet gift case. **All illustrations show actual size. Prices include postage.**

The Washington "Greenwich"

A Rating Certificate with every Greenwich Watch

Highest Type American Make

23 Jewels. 6 Adjustments. Thin Model. Open Face.

$85.00 to $115.00

This is the best Washington watch ever made. We consider it the best watch ever produced in the United States. With each Greenwich watch, the purchaser receives a written certificate of rating, which shows just what the amount of variation has been for a certain period. We guarantee that it will perform up to the record. The Greenwich is a 16-size, thin model, open face. It has 23 ruby, sapphire and diamond jewels. The balance pivots run in genuine diamond jewels. The adjustment is to six positions, isochronism and variation of temperature. Double roller escapement. Steel escape wheel. Solid gold, jewel settings. Solid gold timing screws in balance wheel. All train wheels, solid gold. Beautifully damaskeened plates, with gold lettering. Highly polished, exposed steel winding wheels. Stem wind and lever set. Fine glass enameled double sunk dial. Cased in thin model, open face, screw bezel and back, dust-proof, extra heavy solid 14-karat gold, or 25-year gold filled cases. The cases are plain polished. We engrave any monogram, lodge emblem or inscription, without charge. If you prefer a fancy pattern, select any watch case engraving in our catalogue and we will duplicate it, without charge. Each watch is put up in a solid mahogany box. Rate card inclosed.

45C240—Greenwich Watch. In solid 14-karat gold case. Postpaid $115.00

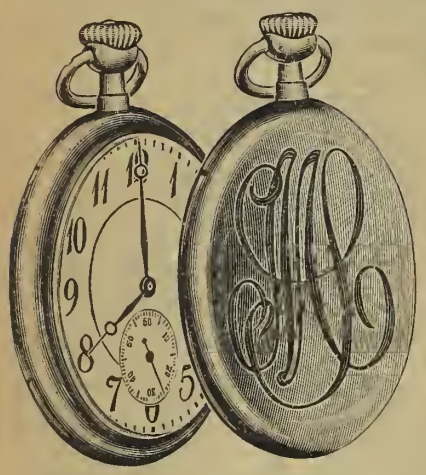
$29.73

The above is our 16-size, 21-jewel, adjusted "Army and Navy" Washington movement. It has 21 extra fine ruby and sapphire jewels in burnished, solid gold settings. Is adjusted to heat and cold, 5 positions and isochronism. Compensating balance, entire escapement cap jeweled. Solid gold timing screws, sapphire roller and pallet jewels. Exposed train and escapement. Breguet hair spring. Patent regulator. Beveled escape wheel. Rich silver damaskeened finish. Fine, double sunk dial, with red marginal figures. Stem wind and lever set. Furnished complete in a hunting style, hand engraved, gold filled case, which is guaranteed to wear 25 years.



45C174—Postpaid $29.73

Every Watch Here Is a Bargain

These are watch values that you will appreciate. We have never offered better timekeepers at lower prices, than the modest figures quoted here. They are men's large and medium size watches (18 and 16 size), fitted with good, reliable American and imported movements. The cases are handsome and serviceable. Many have fancy dials. Altogether, these are splendid values—watches that look well, last well and give more accurate timekeeping service than you would naturally expect for such low prices. Service and dependable quality have been first considerations in selecting these watches. They are splendid examples of our ability to save money for you. Just compare our offerings with others! **Every picture shows actual size. Prices include postage.**

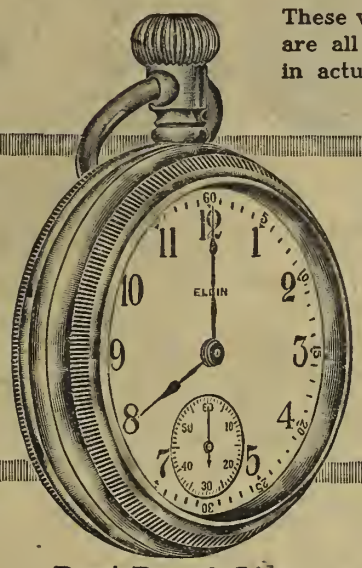
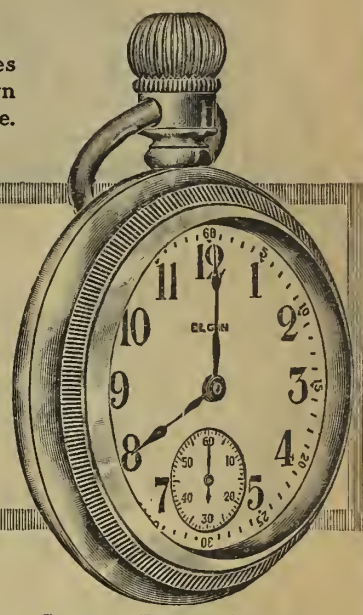
Ford owners! See our special offer for Ford auto supplies

Men's Large, Heavy, 18-Size Watches

These are 18-size watches, the largest, strongest watches made. Very accurate—just the watch for men who do rough work and yet want unusual time-keeping precision. Furnished in strong, heavy cases of silverine, gold filled and solid gold. Movements are finest American make—Elgin, Waltham and our own splendid Washington. Pictures show actual size. We pay the postage.



This illustration shows the Dust and Damp-Proof Winding Stem, which we furnish with 45C10 and 45C181. The inside dust-proof cap screws down against a leather washer, and the winding square passes through a close-fitting steel clutch. Dust and dampness are thus prevented from getting into the movement. As a result, the life of the movement is greatly lengthened.



"John Hancock" 21-Jewel, Adjusted to 5 Positions.

These watches are all shown in actual size.

$25.00 Watch for $15.19

Open face, 18-size watch, 3-ounce, silverine, dust-proof, screw bezel and solid back case. Heavy and strong. Thick crystal. Gold filled, dust and damp-proof nut on winding stem. Men's Extra High-Grade Watches

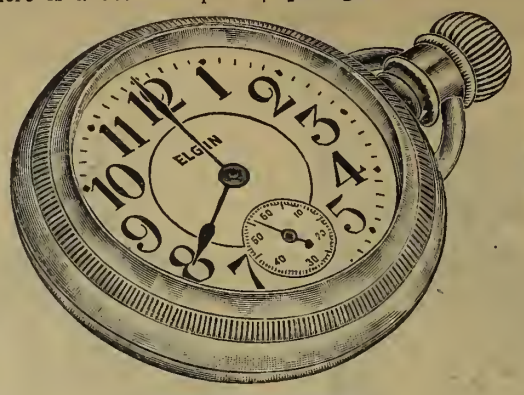
These are large and medium size watches, fitted with the finest movements. All are highly jeweled and so closely adjusted, that their timekeeping qualities are unexcelled. We furnish them in a good variety of strong, durable cases. Any watch here is a desirable purchase. You will find our prices distinctly lower than the regular retail figures. We so state in the description, if the watch will pass railroad inspection. All illustrations show actual size. We pay the postage on every watch on this page.

18-Size



21-Jewel Waltham $22.23

23-Jewel Hampden $19.73

45C197

The two open face, 18-size watches we list above, are fitted with the 21-jewel Waltham "Crescent St." and the 23-jewel Hampden "Special Railway" movements. They both have double roller escapement and are adjusted to five positions, and will pass the railroad time inspectors' severe test. This, in itself, means accuracy. They are fitted in 18-size, silverine, swing ring, dust proof cases, and you will find upon comparison, that our prices are much below the usual price quoted on these grades. Prices, postpaid.

21-Jewel Waltham "Crescent St." $22.23
23-Jewel Hampden "Special Railway" 19.73

High Grade, 18-Size

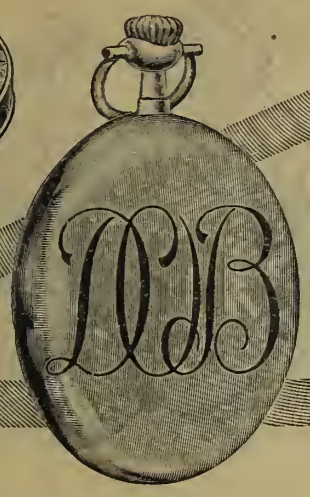
Men's 16-Size, Gold Filled and Nickel Watches

You'll find any of these 16-size watches practical, strong, accurate and neat in appearance. They are a little smaller than 18-size watches—a little larger than 12-size. They keep time with pleasing precision, yet are neat and trim in the pocket. The 16-size is the average size watch for the average man. But these watches are decidedly above the average, both in the designs of their cases and splendid accuracy. We offer a wide selection of cases—20 and 10-year guaranteed, gold filled, and sturdy silverine (nickel alloy). The movements are fine, dependable American makes—Elgin, Waltham, Hampden and our own excellent Washington, which we recommend most emphatically. **Prices include postage. Every watch on this page is pictured in actual size.**



$9.95

17-Jewel Adjusted Hampden, $9.95

The Famous Dueber Hampden Wm. McKinley 6-size Watch. Nickel, bridge-model movement, as 17 ruby and sapphire jewels in settings. Adsted to heat and cold. Patent Breguet hair pring. Patent regulator. Damaskeened plates. ouble sunk dial with red marginal figures. hese watches are just a shade removed from gular railroad grade. The cases are the regular ilroad type, **solid silverine**, the strongest cases the weight available. One-piece cup back and rew front. Dust and damp-proof winding stems. etail value, $15.00.

Men's Thin Model, Small Size Watches

These are watches for gentlemen's wear. They are the small, neat, compact 12-size, the smallest size in men's watches. Extra thin and marvelously comfortable in the pocket. The cases we show here are the newest styles in solid gold and 25 and 20-year guaranteed gold filled. We fit them with the finest movements, Elgin, Waltham and our own famous Washington. Don't think that these watches are too small to be excellent time-keepers. You will be delighted with their accuracy, as well as with their handsome appearance. Where we illustrate a monogram, we will engrave your monogram, without charge. Write plainly the letters you wish to have engraved.

The handy Oxford hand bag is a necessity when traveling

Thin Model, 12-Size Watches for Men

The watches on this page are 12-size, the smallest, neatest size for men. Although small in size, the splendid, American-made movements with which we fit them, make them accurate and reliable timekeepers. The 12-size is the newest, and its convenient thinness makes it a favorite. You have your choice of a number of handsome and serviceable cases, in guaranteed 20 and 10-year gold filled qualities. Our prices are distinctly lower than you would expect to pay for such excellent time-pieces. Every watch is guaranteed, and we stand back of them. All illustrations show actual size. Prices include postage.

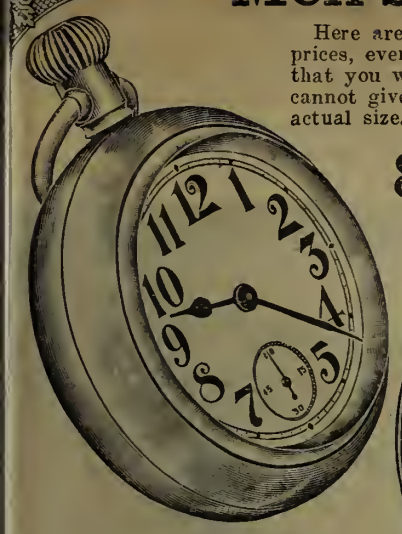
17-Jewel Hampden, $13.88

Open Face

This is a 12-size watch with a 20-year guaranteed, gold filled case, and a 17-jewel Hampden movement. The case is beautifully engraved and engine turned. Has milled edge. The movement is an exeellent timekeeper, and will give entire satisfaetion. The whole watch is a beauty —very accurate, neat and dependable, and one that you will be delighted with.

45C154—Postpaid $13.88



Handsome Gift Watch, $14.89

Open faee, 16-size, 20-year guaranteed, gold filled, plain polished ease. Screw baek and front. Fitted with a 15-jewel Elgin movement. An unusually dependable timekeeper. High-grade, open link Waldemar chain, with a two-blade knife. Monogram engraved free. Complete set, in a beautiful velvet gift box.

45C507—Postpaid $14.89

Men's and Boys' Low Priced Watches

Here are the best values we have ever seen, in low-priced watches. And in spite of their modest prices, every watch on this page offers exceptional quality. Do not expect of them, the same accuracy that you would demand of higher priced, Elgin, Waltham or Washington watches. Naturally, they cannot give it. But for a boy, or for rough work and outings, they cannot be excelled. Illustrations, actual size. Our prices include postage.

Big Value, American Made $1.78

An 18-size, nickel case, open face. Case is nicely engraved on back, in locomotive design. Dial is white with heavy, black, Arabic figures. In consideration of price, this is a fair timekeeper. This watch has screw back and front, and stem wind and set. An American-made watch.

45C66—Postpaid $1.78

88c

A $1.00 Watch for 88c

$1.00 is the usual selling price but there are few watches retailing at $1.00 which will equal this for time keeping and durability. It is an American-made, open face, 16-size, nickel case, fancy back, stem wind and pendant set. Really the best watch on the market for the money. We have found after careful tests that no better watch for the price was ever turned out. We sell them at an extremely small profit, and in spite of our tremendous sales, very, very few have proven unsatisfactory.

45C62—Postpaid 88c

Compass Watch Postpaid $1.00

Watch and Compass

The Pathfinder, Combined Watch and Compass. Just the thing for Boy Scouts, hunters, fishermen, etc. The watch is 16 size, nickel, open face, stem wind and set. The compass is securely set in the top of winding stem as shown in end view illustration and protected by a piece of thick transparent celluloid. The location of the compass in the stem does away with the necessity for increasing the thickness of the case, as in other compass watches. On a hunting or fishing trip, leave your high priced watch at home, and carry your compass and watch in one.

45C57—Postpaid $1.00

Big Value Boy's Watch 69c

Postpaid

Boy's Nickel, Open Face Watch. Has fancy dial and plain back. Stem wind and set. Illustration is full size. A fair timekeeper, and probably the best watch on the market for the price. Of course we do not claim that the quality will equal 45C62. We advise spending a few cents more and buying 45C62. A very good watch to give a small boy, or to wear on an outing.

45C55—Postpaid 69c

Seven Jewel $2.95

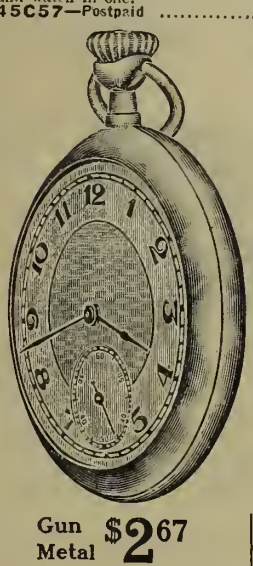
This is an 18 size, extra heavy Riverine watch. A dust proof, screw bezel and back case, with new pull-out safety pendant ring. 7-jewel nickel stem wind and set. Movement, of genuine Swiss make, representation of locomotive on dial. Many features of this watch are usually found only in watches selling for $5.00 or $6.00.

45C59—Postpaid $2.95

Non-break Crystal 83c

16 size, nickeled case watch; open face, stem wind and set. Has transparent, tough, composition crystal. Not made of glass and will not break if watch is dropped. Reliable American make. Equal to any of the regular $1.00 watches. While we recommend this watch as good value, do not expect this watch to keep as accurate time as a jeweled time-piece.

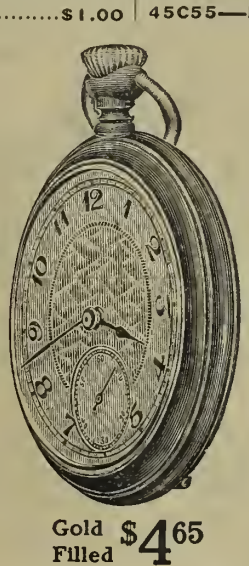
45C56—Postpaid 83c



A Neat Watch $2.49

7-Jewel Movement.

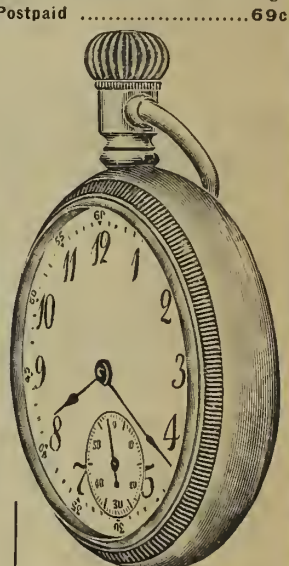
This is a 16 size, open face watch. The case is plain polished nickel, with beveled edge front and back. Movement is 7-jewel, good grade Swiss, stem wind and set. This is a popular size and will give fine service. Dial is white with neat, black Arabic numerals.



45C71—Postpaid $2.49

Gun Metal $2.67

Hero is a 16 size, open face, gun metal watch that is built for service. The case is beveled edge front and back. Movement is 7-jewel Swiss, lever escapement, stem wind and set. Gun metal watches are in great demand. Fancy gilt dial. This will answer well every requirement at a low cost.



45C72—Postpaid $2.67

Gold Filled $4.65

A 16 size, open face watch. Has 10-year guaranteed, gold filled case. Fitted with a 7-jewel Swiss movement, that will give good service. Stem wind and set. The case is nicely engraved, in classic floral design. Dial is fancy gilt with black Arabic figures.

45C73—Postpaid $4.65

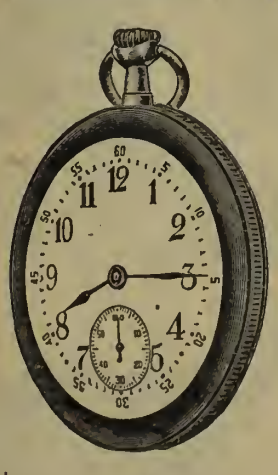
Very Serviceable $4.12

Fine plain, open face, nickel case, 16x18 size. Fitted with 15-jewel American made movement, Breguet hair spring, stem wind and set. This case is dust proof and has a screw back and front. The dial is white with easily read, Arabic figures. Famous for appearance, timekeeping quality and low price.

45C74—Postpaid $4.12

Gold Finish $1.67

Probably the best looking low priced gold finished Watch on the market. In color and appearance, closely resembles a gold watch. Made of a patent solid composition gilt metal. Not gold plated, but solid metal throughout. Will not turn brassy, but will wear like gold. Movement is reliable American make. Quick train escapement. White Arabic figured dial.



45C60—Postpaid $1.67

Silverine $3.29

12 size, Silverine thin model Watch. Polished screw back and front. Dust proof case. Very neat and compact in appearance. The movement is 7-jewel, Swiss make. Nickel finish with jewel balance. Quick train, lever escapement. A nicely finished watch throughout. The usual retail price asked is $4.00 to $5.00. Our price means a genuine saving.

45C69—Postpaid $3.29

Thin Model $4.39

This is a little beauty. A thin model, 12 size, 10-year guaranteed gold filled watch, that the average person would judge to be worth $15 to $20. The case is a new 12-size thin model with milled edge, plain polished screw back and front. Dust proof. Movement is 7-jewel Swiss. A nicely finished watch and a good time keeper. Quick train. Jeweled balance. Stem wind and pendant set. Watches like this are often retailed at from $7.00 to $10.00.

45C67—Postpaid $4.39

Gun Metal $3.98

7-Jewel Movement.

This is a neat watch. One of the new 12 size, open face, gun metal cases. Movement is a 7-jewel, good grade Swiss, lever escapement, stem wind and set. Dial is fancy gold, with plain, black Arabic figures. This watch is sure to satisfy you, and our price enables you to own it at a saving. Although an inexpensive watch, you will find it a very fair timekeeper and really attractive in appearance.

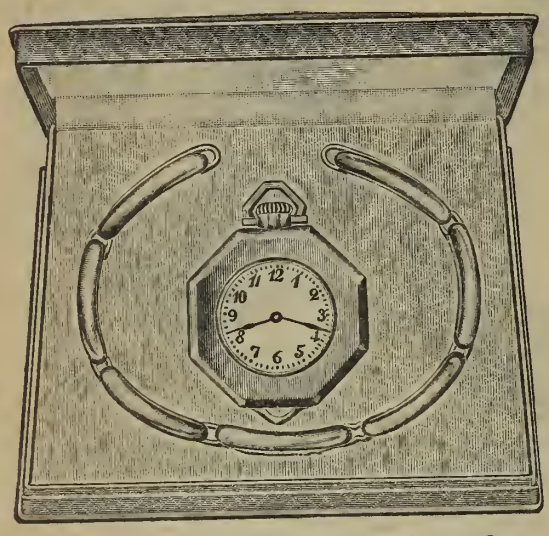
45C75—Postpaid $3.98

Very Inexpensive $1.56

16 size, thin model, nickel case, open face, American made watch. A good timekeeper. The best watch we have seen at this price, and well worth the additional cost over the dollar watches. Movement is stem wind and set. Dial has black figures and red marginal figures.

45C58—Postpaid $1.56

Silverine $3.39

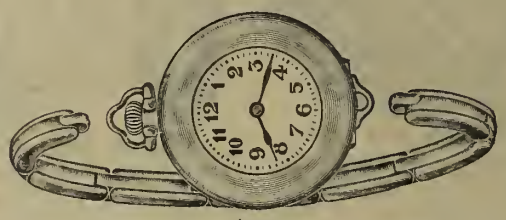


16 size, Open Face, Screw back and front. Bassine shape. Plain polished. Will wear as well as solid silver. Movement is a 7-jewel, a fine imported make. Composition balance and hairspring. White enamel Arabic dial.

45C132—Postpaid ...$3.39

Women's New Style Bracelet Watches

The bracelet watch is not a fad—it's a dainty, practical timepiece. Women are enthusiastic over its splendid convenience and attractive appearance. Suits any costume—appropriate for all occasions—convenient for every occupation. We list here the finest assortment we have ever seen—and each watch is priced at a saving. Don't think that these little watches are too ornamental to be good time-keepers. On the contrary, their dependability is thoroughly satisfactory. They are fitted with the finest American and Swiss movements. Every one fitted with a detachable, expansion-link bracelet. Simply remove the bracelet and you have a dainty watch to wear with a chain, fob or pin. Every watch is four time-pieces in one. Furnished in neat gift cases as shown with 45C975.



Every watch on this page is illustrated in actual size. The prices include postage. We guarantee safe delivery.

20-Year, Gold Filled, $14.88

Small size Bracelet Watch. Has 20-year guaranteed gold filled, plain case and detachable, flexible, gold filled bracelet. Fitted with 15-jewel Swiss movement. The new style octagon shape. Very neat and a good timekeeper. This is a special value.

45C975—Postpaid **$14.88**

Wrist or Bracelet Watches Are Convenient

You will find it hard to equal our prices on these bracelet and wrist watches. They are practical, convenient time pieces, the bracelet watches being eminently for women, and the wrist watches (45C991, 45C993 and 45C998) being worn by both men and women. The wrist watches being strong and serviceable, are particularly suited for out-door sports, work, motoring, etc. The bracelet watches have detachable, expansion link bracelets which can be instantly removed to permit the watch to be worn with chain, fob or chatelaine pin. We furnish with every bracelet watch, a neat gift box, similar to the one illustrated with 45C988.

Every watch on this page is illustrated actual size. The prices include postage. We guarantee safe delivery.

Diamonds

Without question, the diamond holds the place of honor among gems. For the possession of these beautiful stones, men have risked lives and fortunes. What is more wonderful than their intangible power of absorbing the sun's rays and then scattering them out again in myriad color-beams, which must surely fill Old Sol with envy. There is no satisfaction so complete to the lover of the beautiful as the possession of a sparkling diamond.

The diamond is the recognized popular stone for an engagement token. Besides, it denotes financial success and gives an air of prosperity to the wearer.

Buying our diamonds, as we do, direct from the cutters, and selling them in tremendous volume, we are enabled to cut our selling expense to the lowest possible figure, and our prices accordingly. You will save money and assure satisfaction, if you buy your diamond from us.

Our Medium Quality

This class, while it is our cheapest quality, is far from undesirable merchandise. The color in most cases is just as good as our **Selected** grade, but some natural imperfection detracts from its commercial worth, but not from its brilliancy. The cutting, proportion and general appearance of the stones are perfect. The average person is just as satisfied with our **Medium** quality, and rightly so, as with an absolutely perfect diamond, and just consider the saving in price!

Our Diamond Guarantee

Because the purchase of a diamond involves a considerable sum, many people are apt to hesitate about sending their money before inspecting their stone. Why hesitate when such a liberal guarantee protects your purchase? We give you four weeks in which to examine your diamond. If at any time during that period, you feel that it is not a splendid value, or if you are not absolutely satisfied, **return it at our expense. We will immediately refund your money.**

The guarantee shown above is a reduced copy of the certificate which we send with every **Selected quality, single stone,** diamond ring, scarf pin, stud or ear screw, priced in this catalogue at $10.00 or over. This guarantee provides that **at any time,** after the period allowed for examination, you may return the **Selected quality stone** and receive the original price, less ten per cent.

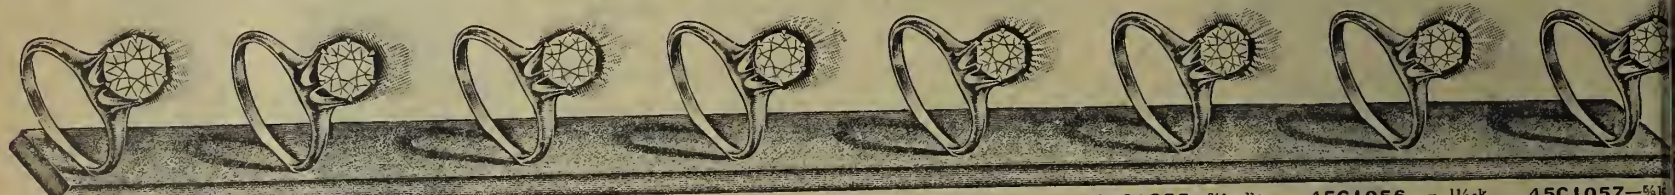
The guarantee sent with **Fine** and **Medium quality** stones is the same, except that the **period for return of diamond for refund less ten per cent, is limited to one year.**

Any diamond with which we send a guarantee certificate, may be returned at any time for full credit to apply on the purchase of a higher priced diamond. The above provisions apply, only when the return diamond is in the same condition as we sent it.

Our Selected Quality

These diamonds are all that the name implies. **Selected.** Only beautiful diamonds can he so classed. Of the world's entire output only ten per cent are of the quality we offer you as our **Selected** grade. These diamonds have the color of a drop of morning dew; they are perfectly cut and the proportion is exactly correct, giving the greatest possible brilliancy. You will be unable to find the slightest fault in these stones regardless of how critical may be the test. When you purchase one of these diamonds you get one that is blue-white, round, correctly cut, true in proportion, full number of facets and each one highly polished; as brilliant a stone as is possible to buy. In a word a gem among gems. Do not confuse our Selected quality with diamonds such as are usually offered as First quality. Our diamonds are very much superior in every way and their equal cannot be sold at prices lower than ours.

What Kind To Buy



We have earned the absolute confidence of thousands of satisfied customers. In tbe purchase of a diamond, more confidence is necessary than in buying any other kind of merchandise. To show you that we deserve this confidence, we want to have a little beart to heart talk with you about diamond values. Why do people wear diamonds? For the pleasure of looking on their brilllancy and for the showing they make in the eyes of other people. If tbese two requirements are satisfied, you have accomplished your purpose. Our **Fine** quality does this. You may not buy the most expensive clothes nor the highest priced furniture, nor the most costly automobile. Then why select the highest price diamond when you, yourself, cannot see the difference in value.

Our **Fine** quality is the real value, all things considered, and is tbe grade for you to buy. (Take our word; it does not bind you.) If you are not satisfied, tbe stone may be returned at our expense, and your money refunded.

Our Fine Quality

This is the quality we strongly advise you to buy. Perfect color, perfect cutting, and great brilliancy, but some slight, harmless imperfection, left by Nature and too slight to be noticed, except under powerful magnifying glasses. These stones, for every practical purpose, are just as good as if absolutely perfect. Stones you will hear termed Commercially Perfect, are the same quality as our **Fine Quality.**

All of our diamonds are set in solid 14k gold, hand finished mountings. They are made to give service and we guarantee them. **With all of our diamond rings, priced at $15.00 or over, we furnish a velvet box nicely lined with satin.** With other rings, we give a neat, gift box.

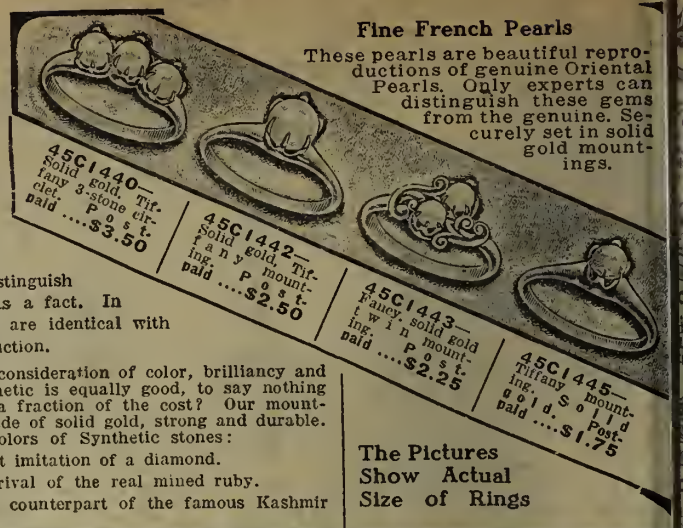
Synthetic Rubies and Sapphires

Do you know that only an expert can distinguish our Synthetic stones from the genuine gems? That is a fact. In color, brilliancy and lasting qualities, our Synthetic gems are identical with the natural stones. The only difference is the manner of production.

Mined stones are produced by the natural crystallization of certain elements in the soil. Synthetic stones are produced in a chemist's furnace by the crystallization of exactly the same elements. Our Synthetics will withstand all the tests of fire, acid and file. Being extremely hard, their brilliancy and color are permanent. They will last a lifetime. Mined stones are becoming difficult to obtain and more and more expensive. But why even consider a mined stone, when from every consideration of color, brilliancy and service, the Synthetic is equally good, to say nothing of being sold at a fraction of the cost? Our mountings are finely made of solid gold, strong and durable. We show three colors of Synthetic stones:

White, the finest imitation of a diamond.



Red, the only rival of the real mined ruby.

Blue, an exact counterpart of the famous Kashmir sapphires.

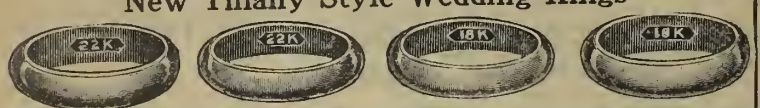
How to Measure for Ring Sizes:

To Get Correct Size from an Old Ring

If you have an old ring that fits, place it over these circles till you find the one that is the exact size of inside of ring. The number under the circle denotes your finger size. If your ring is smaller than one circle and larger than the next, order half size between. For a wedding ring or hand ring, order size ¼ larger than measure indicates.

How to Measure Size of Finger

Wrap a narrow strip of paper around large joint of finger. Cut the paper off so the ends just meet. Enclose this paper with your order or lay it on scale above, so that one end of slip just covers black line at left end of scale; the figure at the other end of slip is the ring size you need. If end of slip falls between two numbers, order a half-size larger than the smaller of the two numbers. For plain wedding ring or engraved band ring, order size one-quarter larger than measure indicates.



SOLID GOLD SEAMLESS WEDDING RINGS

FINE QUALITY - LOWEST PRICES

One-Piece Seamless Wedding Rings at Postpaid Prices

Our immense sales of wedding rings enable us to bring the prices down to the lowest possible notch—much lower than the usual retail figures. Our rings are made from one piece, without any solder. The quality of every ring is stamped inside, and in accordance with the gold stamping laws, the quality must be what it is stamped. Nearly all the value of these rings is in the gold, the charge for workmanship being very little. Every ring will last until it is w down to a thin wire. Will always retain its original color and fine appearance. We furn these rings in all sizes. **Do not fail to give size when ordering**—for instructions for measur finger, see bottom of preceding page. Each packed in a neatly lined box.

New Tiffany Style Wedding Rings

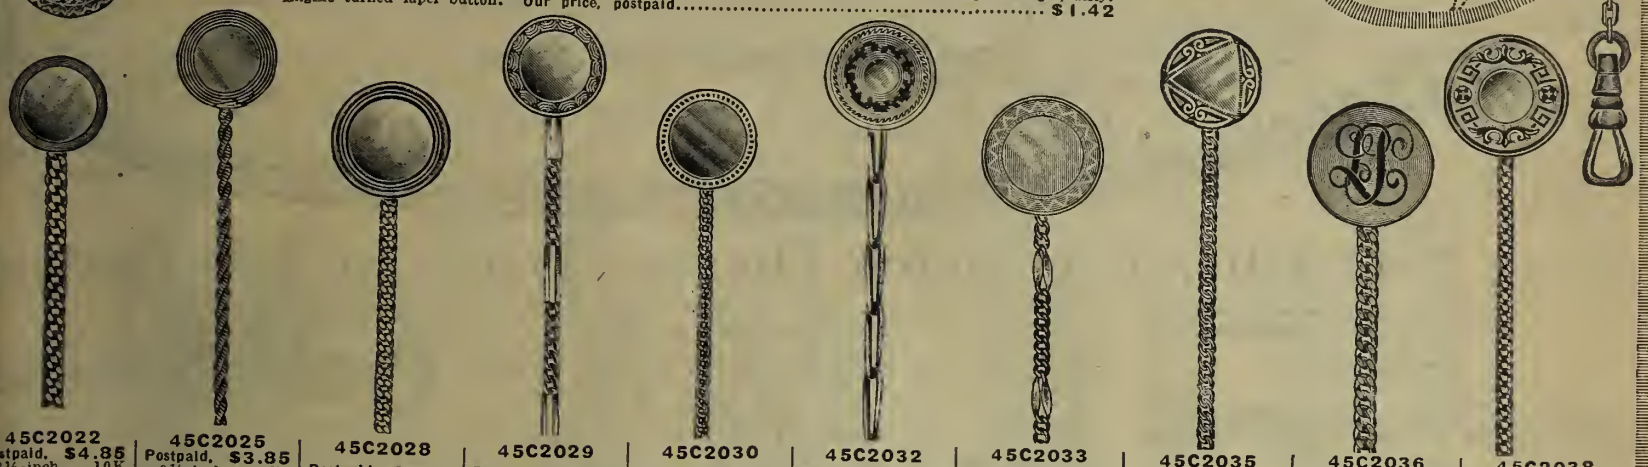
The Newest Styles in Coat and Belt Watch Chains



These Coat Lapel Watch Chains are worn as shown in the small picture to the right. Indispensable for men who do not wear a vest. They permit carrying the watch in a most convenient and accessible pocket. Each chain has a lapel button on one end and a swivel snap for the watch on the other. The illustration of 45C2020 shows a complete view. All illustrations show exact size of buttons and width of chains. The Belt Watch Chains fasten securely to the belt or trousers waistband, the watch being carried in the small watch pocket. Every chain on this page represents extra value for the price we ask.

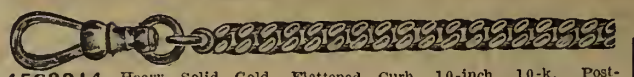
Men's Rich, Heavy Solid Gold Vest Watch Chain

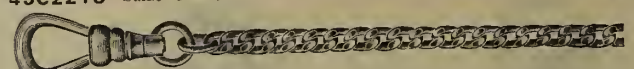


$17.38 to $23.65

Fine, heavy solid gold vest watch chain. The large, full size illustration shows the entire chain. Plain polished links. Length, 10 inches. This is a rich, massive chain. We quote it in two qualities of solid gold, and our prices are distinctly lower than the retail figures.

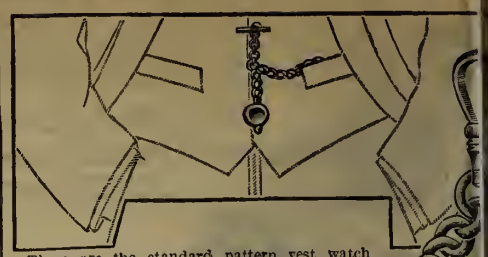
45C2237—Solid 10-k gold. Postpaid **$17.38**

45C2239—Solid 14k gold. Postpaid **$23.65**



45C2214—Heavy Solid Gold, Flattened Curb, 10-inch, 10-k. Postpaid **$13.48**

45C2215—Same Chain, but 14-k. Postpaid..... **18.95**



45C2217—11-inch Solid 10-k Gold Vest Chain. Polished Square Links. Postpaid **$10.98**

45C2218—Same Chain, but 14-k Solid Gold. Postpaid..... **15.85**

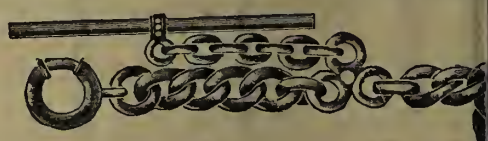
45C2221—Same Chain, but 14-k. Postpaid..... **12.50**

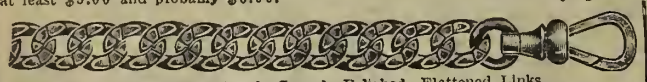
These are the standard pattern vest watch chains. They are worn extending half way across vest, as the illustration shows. All have bar and drop piece for charm.

THE WATCH ATTACHES H



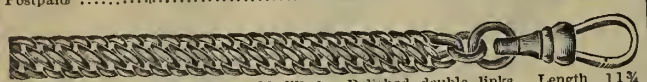
Men's Gold Filled Vest Watch Chains. Prices Include Postage

45C2150—Postpaid, **$3.85**

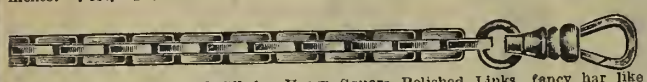


Curb Chain with Fancy Twist Bar. Extra quality. Gold filled. Polished. Flattened top, bottom and sides. This is a very high quality chain. Beautifully made. Finished with gold soldered links. At retail this chain would cost at least $5.00 and probably $6.00.

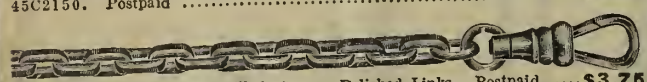
When length is not stated, chain is regular length, about 11 inches. Illustrations show exact width. All, except 45C2208, 45C2194 and 45C2178, have drop piece for charm, with spring ring, bar and swivel, like 45C2181. Our extra gold filled chains are priced no higher than ordinary gold filled chains; all links are gold soldered except Nos. 45C2154, 45C2186, 45C2190 and 45C2198. The outer shell of gold is nearly twice as thick, as in most gold-filled chains. This gives wearing quality almost equal to solid gold. We will replace any of these chains if the gold wears through in any place.



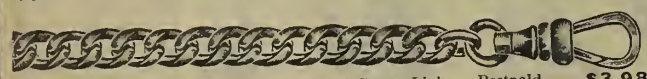
45C2181—Postpaid **$4.95**



Curb Chain. Extra quality. Gold Filled. Extra heavy. Polished. This is one of the best gold filled chains that can be made. Every link is soldered with gold. The extra, heavy outer shell of gold, makes it, in wearing quality, and appearance, almost equal to the best solid gold chain.

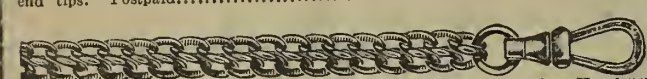


45C2152—Extra Gold Filled, Carved, Polished, Flattened Links. Postpaid **$4.85**

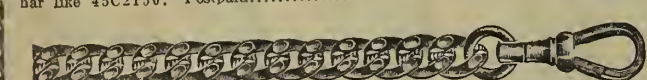


45C2153—Extra quality, gold filled. Polished double links. Length, 11¾ inches. Postpaid **$3.95**

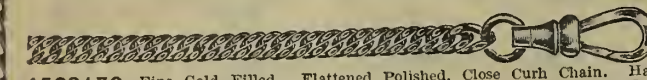
45C2154—Extra gold filled. Heavy Square Polished Links, fancy bar like 45C2150. Postpaid **$3.85**



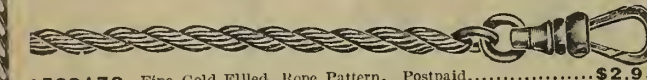
45C2156—Extra Gold Filled, Square Polished Links. Postpaid..... **$3.75**



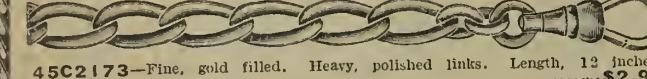
45C2158—Extra Gold Filled, Polished Trace Links. Postpaid..... **$3.98**



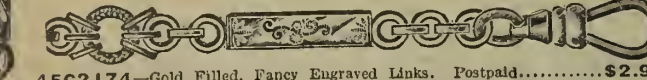
45C2166—Fine Gold Filled. Heavy Gold Front and Back. Hand engraved end tips. Postpaid..... **$3.78**



45C2164—Extra Gold Filled, Fancy French Pattern, Curb Chain. Has fancy bar like 45C2150. Postpaid..... **$3.40**



45C2168—Gold Filled. Chased Curb Pattern. Postpaid..... **$3.00**



45C2170—Fine Gold Filled. Flattened Polished, Close Curb Chain. Has fancy bar like 45C2150. Postpaid..... **$3.00**

These Fountain Pens Can't Leak!

See next page for complete line of fountain pen repai

These are safety fountain pens—every one fitted with non-leakable screw cap. When not in use, the cap screws down over the pen, sealing up the end, and preventing the ink from leaking into your pocket. These pens are reliable quality, practical and convenient models and priced at unusual savings. For the best Fountain Pen values that money can buy, we especially recommend our own Lakeside Self-Filling Pens. **When ordering, be sure to state whether you prefer Fine, Medium or Coarse Point.**

Genuine Waterman Ideal

The three fountain pens shown below are the famous Ideal, noted for their splendid finish and easy-writing qualities. We recommend them absolutely.

45C4249—Same, but size 4 pen.. $4.25

Lakeside Self-Filling Fountain Pens—Our Best Values

We have seen no fountain pens that give as much service and satisfaction for the price we ask as our Lakeside Self-Filling Fountain Pens. The self-filling device is simple. Just turn the barrel, exposing the nickel bar under the oval opening. Dip the pen point in ink. Press the bar, release it and the pen is filled instantly. Every Lakeside is fitted with a solid 14-K gold pen, with hard iridium tip. Every Lakeside has **security, non-leakable screw cap.** Six models, each a splendid writer and a money-saving value.

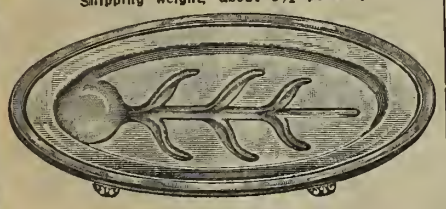
Treat your face like a friend—shave with our Edson Safety Razor

American Sheffield, Superb Quadruple Silver Plate

Wears Almost as Well as Sterling

This splendid ware owes its durability to a heavy quadruple coating of silver, applied on hard nickel-alloy. It does not easily bend or dent—its lasting qualities are almost equal to solid silver—it costs far less than sterling and only a trifle more than ordinary plated ware. The patterns are reproductions of the finest of the famous old Sheffield designs—but the quality is superior even to that noted ware. In fact, so desirable is it, that it is displacing sterling silver, both for gifts and for personal use. For the best value in silver plated ware—for beauty, service and lasting satisfaction—buy this ware.

$15.00



Three-Piece Tea Set, $15.00

Plain, bright polished, beautiful Colonial shape, tea or coffee set. Fluted pattern. Coffee holds about one quart. Cream is gold-lined. Height of pieces as follows: Coffee, 8¼ inches; Sugar, 6½ inches; Creamer, 4 inches.

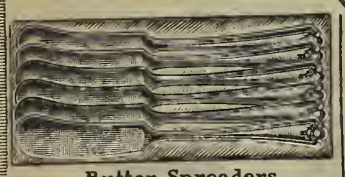
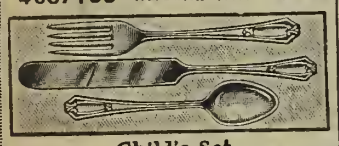
William Rogers Silver Plated Tableware



Eagle W. ROGERS ★ Brand



Hardwick Pattern
Polished and Gray Finish

Our long experience with this famous old brand of tableware has caused us to consider it the equal of any other Rogers ware made. While our prices on this ware are considerably lower than on some other lines quoted, the thickness of the silver plating, the finish and the designs are unexcelled. We can heartily recommend these goods, as we have sold large quantities and they have given long and satisfactory service.

COMMUNITY PLATE

NO silver plated tableware is more widely or more favorably known than Community Plate. Unsurpassed in quality or finish, and equalling the finest sterling silver in the artistic refinement and rich simplicity of its patterns, this ware appeals to every woman's pride of ownership. Its wearing qualities are splendid. Community plating is thicker than triple plate, and an overlay of pure silver, covering the points most exposed to wear, makes it practically wear-proof. Community Plate is prized, not only for its beauty, but also for its surpassing service. The small illustrations show the pieces in one-third actual size. Illustrations of sets are still further reduced. All prices quoted on this page include transportation charges.

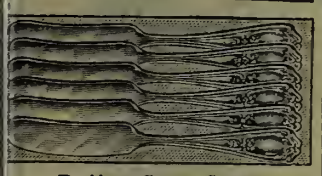
★Rogers & Bro. Silver Plated Tableware

Grecian Pattern—Bright Finish



Notice the Extra Silver Plate Protecting the Parts Receiving the Most Wear.

For more than sixty years this famous table silver has held a high reputation for durability, finish and beauty of design. At our exceptionally low prices, this is one of the most desirable values in silver plated ware we know of.

The small illustration above shows the practical way in which the silver is applied. A heavy plate of silver is first deposited on the parts that receive the hardest wear. Another equally heavy plate is then deposited over the entire surface of the article, making them fully as serviceable as triple plated ware and at a much lower cost.

The Spoons and forks are the only pieces with the sectional plate. The fancy pieces are plated just as heavily, otherwise.

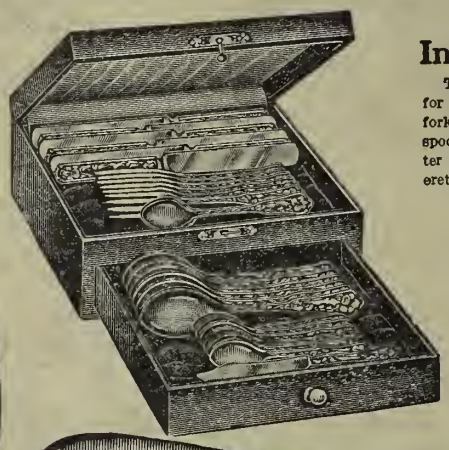
46C7862—Price, 88c

Our Celebrated Panama Tableware Outwears Solid Silver

Panama Tableware will outlast solid sterling silver—in fact, it will wear an ordinary life-time. Beware of cheaper ware claiming to be just as good. Twenty years of service in the homes of thousands of satisfied users is sufficient proof of the superiority of Panama ware. Panama Tableware is not silver, and contains no silver, but is a solid metal throughout, highly polished. In appearance it looks just like solid silver, but it is tougher and harder, therefore wears better. The knives hold as good an edge as steel silver-plated knives. As there is no plating to be damaged, you can scour these goods to remove spots or stains, and any silver polish or powder can be used to clean them. They are put up in neat packages and stamped "Panama," which is a guarantee of quality. We sell any quantity from a single piece up, at dozen rates.



Oakland Pattern

Our Panama Tableware comes in the four pleasing patterns illustrated by the full size pictures of teaspoons. The Carnation pattern is light weight; the Windsor and Oakland, medium weight; the Monterey is heavy weight. The light weight pattern, of course, does not contain as much metal and therefore does not offer the same strength as the heavier patterns. But whatever the weight, Panama Ware offers maximum value and wearing qualities for the price.

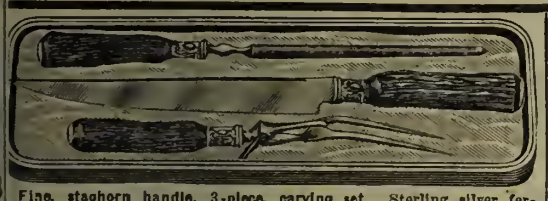
In Handsome Polished Hardwood Box

Our Price $8.74



Outfit consists of:
6 Dinner Knives. 6 Forks.
6 Tablespoons. 6 Teaspoons.
1 Butter Knife. 1 Sugar-Shell.
Complete in case.

This is a special chest of Silverware for wedding, holiday, or birthday gifts. In making it up we have borne in mind the fact that a gift of this kind should be first-class in quality, so we have put in nothing but triple plated goods which will last for many years. All genuine Rogers' triple plate, each piece stamped with the manufacturer's name. Pattern is the Floral design, one of the most popular in our stock. The case is well finished, high polished hardwood, metal trimmings, nicely lined. Serves to display the goods and will always be useful as a receptacle to keep them clean.

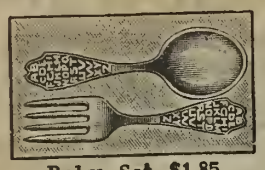
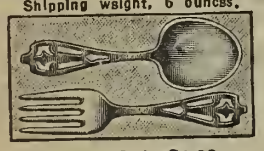
Solid Silver Tableware—Every Piece Stamped "Sterling"



Save 20 to 30 per cent by ordering your sterling silver tableware from this page. Every piece of sterling ware that we sell is stamped sterling and that means that it meets the requirements of the U. S. law and is 925/1000 fine. You can buy no finer tableware than we show here. There are no better goods made. The patterns we show are the latest and most tasteful, and our prices distinctly lower than the usual retail figures.

Brandon Pattern | Robert Fulton | Wellesley Pattern | Potomac Pattern | Graeco Pattern



The above, actual size illustrations of teaspoons show our five handsome sterling patterns, in full detail. The Wellesley pattern is in the French gray finish, the others are bright polished. We will engrave this sterling ware with Old English initials for 5c per letter; script style, 2½c per letter.

Pearl Handled Tableware

Our Reliable Lakeside Brand

These articles should not be confused with the inferior qualities of pearl handle tableware, sometimes offered at lower prices. The pearl used in our ware is fine quality, of beautiful color and smoothly finished. The ferrules are sterling silver. Blades, tines and bowls are heavily triple-silver plated. Our offerings mean extra value in every way.

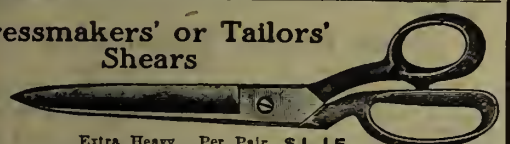
Finest Quality Shears and Scissors for Every Purpose

Lakeside Bent Pattern Shears

The bent handle is well adapted for all work, for which the straight trimmer is used, but in addition is the ideal shear for cutting cloth on a table. The bent handle gives a full cut of the blade and enables the user to follow a line accurately without lifting the material. Our bent shears are made in two styles; full nickel finish or nickel plated blades, with Japanned handles. Both, however, are the same cutting quality.



Black Japanned Handle

Article No.	Lgth., In.	Lgth. of Cut, In.	Shpg. Wt.	Price

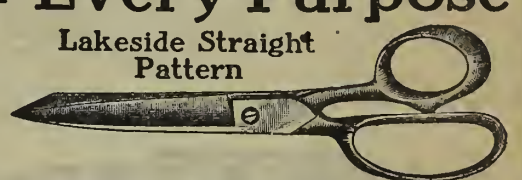
Price 50c

Absolutely Guaranteed Not to Break

Lakeside shears are made from finely tempered steel blanks, with special laid steel cutting edges. They are perfectly fitted, finished and sharpened. A finely tempered piece of steel is laid on the face of each blade; this forms the cutting surface. In this way the best possible cutting quality is obtained. A solid steel shear cannot be evenly tempered, and is liable to break if it falls on the floor or other hard places. We sell only laid steel shears. We positively guarantee our Lakeside Shears not to break, and we will replace any broken Lakeside Shear at any time.

Lakeside Premier Shears

Our Finest Shears



Our Lakeside Premier shears are exactly what the name implies—the acme of perfection in shear making. Superior in quality, temper, fitting and finish, to any shear we have ever seen. Oval pattern just the right weight for ladies' use; keen edged, perfectly uniform in temper. Full nickel plated and splendidly finished in every respect.

In cutting qualities, durability and beauty of finish, we believe that our Premier Shears are the finest on the market—certainly they cannot be equaled at anywhere near our price.

Lakeside Straight Pattern

The common household shear and most suited for general work. No better shears than Lakeside in finish, style and quality can be purchased at any price. The edges will give long and hard service, and will cut cleanly the softest as well as the heaviest material. We have sold many pairs of these splendid shears and thousands of our customers can testify to their excellent cutting qualities.

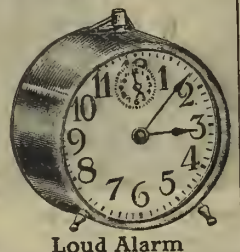
Small, Intermittent

46C6100—Price $1.58
Shipping weight, about 11 ounces.

An absolutely reliable alarm clock. Dial, 2 inches in diameter. Has a 1⅞-inch bell on the back. Will waken the average person as surely ae the ordinary large clocks. One-day, American made movement. An excellent timekeeper.



Seth Thomas Echo

46C6090—Price $1.28
Shipping weight, about 27 ounces.

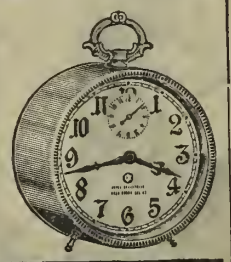
Case: Heavily nickel plated. Plain 4-inch dial with second hand and alarm indicator.

Movement: A good timekeeper and a dependable alarm. Has a loud 3½-inch gong on back. Shut-off lever.

Loud Alarm

46C6112—Price $1.03
Shipping weight, about 28 ounces.

Case: Polished, nickel plated. Has a 3½-inch dial. Convex or Bull's eye glass.



Movement: 30-hour American made movement. A fine timekeeper. Has a 3⅝-inch loud gong on the back, which rings vigorously. Ringing can be stopped by use of the shut-off lever.

The Celebrated Tattoo Intermittent

46C6114—Price $1.57
Shipping weight, about 33 ounces.

Case: Polished nickel plated, with a 4-inch dial.

Movement: One-day New Haven. Highest grade. An accurate, reliable timepiece and alarm. The Tattoo has a 4-inch bell metal gong on the back which rings like a fire alarm, about every 35 seconds, 8 or 10 times, unless the alarm is stopped by using the shut-off lever.

Dependable Alarm Clocks

Our Improved Startler Alarm Clock $2.23

Save 77c and get the best alarm clock you ever had, by buying our Startler Eight-Day, Automatic Alarm Clock. $3.00 is the retail price. You set the alarm just once—after that the Startler sets itself. It calls you, at the same hour every morning, without any more bother on your part, than winding it once a week.

The case is heavily nickel plated, and nicely finished. Has a 4¼-inch dial with large, distinct Arabic figures and alarm indicator, as shown in illustration. The movement has all the latest improvements and many superior features not found in other clocks. Height to top of ring, 6¾ inches. Careful tests have proved that with regulation they will run a full week without variation. Each clock is tested for accuracy of time keeping and a positive alarm at the hour indicated. Has a 5-inch loud alarm on back.

When the alarm wakes you in the morning, stop the ringing by pressing the button at top. The Startler then automatically sets itself to call you at the same hour the next morning. By the use of a small lever in the back it may be prevented from ringing at all.

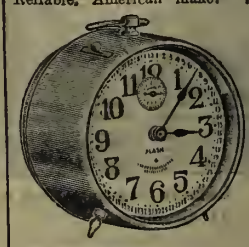
46C6105—Startler Alarm Clock. Each.....$2.23
Shipping weight, 45 ounces.

Inexpensive Intermittent Alarm

46C6116—Price, 99c
Shipping wt., about 21 oz.

Case: Nickel plated. Has 3½-inch white dial.

Movement: Runs 30 hours with one winding. Easily regulated. Has shut-off latch. Reliable. American make.

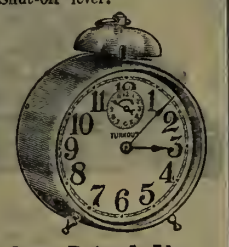


Chime Alarm Clock

46C6096—Price, 93c
Shipping wt., about 22 oz.

Case: Nickel plated. Dial, 3⅝ inches.

Movement: One-day. The bells have a very pleasing tone and are loud enough to wake the soundest sleeper. Shut-off lever.



Long Alarm

46C6091—Price, 96c
Shipping wt., about 22 oz.

Case: Nickel plated. Dial, 3⅝ inches.

Movement: One-day, reliable grade. Has loud gong on back, which rings for a long interval. Shut-off button. Very good time keeper.

Low Priced Alarm

46C6089—Price, 71c
Shipping wt., about 20 oz.

Case: Polished, nickel plated. Has 4-inch dial with distinct figures.

Movement: Dependable, American made, one-day. A good, strong alarm, with shut-off switch. Better than cheap, foreign made clocks.

Large Strike and Alarm Clock

46C6120—Price $2.29
Shipping wt., about 43 oz.

Case: Extra large, nickel plated. Stands 8¾ inches high, to top of ring. Plain 5¼-inch dial. Second hand and alarm indicator.

Movement: Reliable American one-day movement. Has shut-off button to stop alarm if desired. Not only alarms, but also strikes the hours and half hours on the 2¾-inch bell at the top.

Mission Wall Clock

146C6160
Price $3.25
Shipping weight, about 19 pounds.
Height, 25½ Inches.

Case: Popular mission style. Weathered oak finish. Polished brass numerals, hands and pendulum ball. Has a 10¾-inch dial. Eight-day movement. American make. Excellent timekeeper. Strikes hours and half hours on a wire gong. Excellent for office, schoolroom, kitchen, dining room or den.

8-Day Wall Clock

146C6163
Price $4.56
Shipping weight, about 35 pounds
Height, 38 Inches.

Case: Made of plain, substantial oak. Has a 11¼-inch dial. Eight day movement. Long pendulum rod, making a very correct timekeeper. Has calendar attachment. Just the thing for churches, schoolrooms, halls, etc.

Fine Optical Instruments—You Save on the Price

A Standard Field Glass

46C8401— $7.50
Our Price

Shipping weight, 2½ pounds.

Full standard, extra large size, 24 ligne lens Field Glass. No better large size Field Glass ever marketed at so low a price. It is a glass that in definition, magnifying power, in large field covered, in appearance, finish, and general excellence, equals the instruments that other dealers generally sell for double our price. Body is provided with extension sunshades. Price includes carrying case, with handle and shoulder strap.

Specifications.

Diameter of Object Lenses, 24 ligne; Quality of Objective Lenses, fine achromatic; Number of lenses, six; Magnifying Power, four times. Finish: Black enamel. Covering: Fine black Morocco. Size, closed, 6 inches. Size, extended, 7¼ inches. Wt., in case, 2 lbs.

Jockey-Club Field Glass

46C8402— $3.98
Our Price

Shipping weight, 1½ pounds.

Specifications: Magnifying power, 3 times. Length, extended, 4⅝ inches. Length, closed, 3¼ inches. Diameter of objective lenses, 1 7/16 inches. Body covered with black pebbled leather. Complete in soft black leather case. This is a very good quality glass for the low price at which we sell it.

Clear Vision 30-Power Telescope

46C8407—Price, $12.50

Shipping weight, 3½ pounds.

This is an exceptionally fine grade, high power telescope. It has an extension sun shade and sliding sleeve, fitting front end of glass, which, when extended, shades the objective lens from rays of the sun. Five section, polished brass tubes, measuring about 36 inches long when extended and 10½ inches, closed. Covering is black, pebbled morocco leather. A very durable and attractive glass. Lenses are high-grade achromatic and magnify 30 times. Very clear definition. Has slide for eye piece and brass cap for objective lens. Diameter, 22 lignes.

Low Priced, Achromatic Telescopes

These telescopes represent the best value, and will give the most service for the price of any we know of. The tubes are highly polished, lacquered brass. Bodies are covered with black pebbled leather. Fine achromatic French lenses of clear definition and strong magnifying power. Lacquered brass cap to protect objective lens. Sliding cover to protect eye piece from dust.

6C8406—Objective lens, 10 ligne. Length, extended, about 14½ inches. Length, closed, about 5½ inches. Magnifying power, 9 times. Shipping weight, 11 oz. **$2.65**

6C8404—Objective lens, 12 ligne. Length, extended 17¾ inches. Length, closed, 6½ inches. Magnifying power, 12 times. Shipping weight, 13 oz. **$3.00**

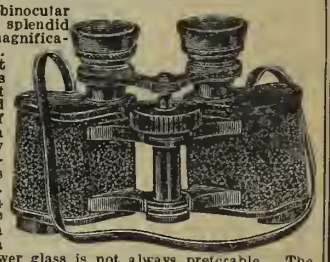
6C8410—Objective lens, 14 ligne. Length extended 16¾ inches. Length, closed, 6¾ inches. Magnifying power, 14 times. Shipping weight, 15 oz. **$3.65**

Special Value Spy Glass

Magnifying Power, 25 Times

Retail Value $10.00 to $13.00

Our Price $8.75



46C8412—Shipping weight, 2½ pounds.

With its high power focused on anything in the distance, you can at once determine the actual character of the object. Brings it right up before you. This is a Splendid Instrument of High-grade Workmanship and Materials. The lenses are 19 ligne in diameter, high-grade achromatic, giving a magnifying power of 25 times, and fine definition. The covering is handsome, heavy, black leather, in pebbled finish, the draw tubes and cap are brass, contrasting handsomely with finish of the body. Instrument is made in four sections, telescoping into each other, measuring about 29 in. extended and 9½ in. when closed, and is provided with extension sunshade. The size is exactly right, coming just between the large bulky telescopes and the small size spy glasses. The lenses are protected when not in use, with cap covering objective lens and slide for eye-piece. In Style, Finish and Optical Excellence, this Telescope is in a class by itself.

In our descriptions of field glasses, telescopes, etc., we give the diameters in 'lignes.' The ligne is the standard of measurement in Optical goods, and is equal to about one-eleventh of an inch.

The Splendid Bausch & Lomb Zeiss-Stereo Binoculars

Made in America and positively the equal of any imported glass of the same power.

The original stereoprism binocular glasses. The feature of these splendid glasses is their powerful magnification, and compact size. They are the cheapest strictly high class glasses in the market at the present time, and we recommend them fully. One of the chief considerations in selecting a field glass is the power. By the power is meant the number of times which the glass will magnify a distant object. For example, an object that is visible to the naked eye at one mile can be seen at a distance of six miles with a six power glass. A high power glass is not always preferable. The low power glass gives a larger field of vision, and greater illumination. The 6 and 8 power glasses are the most satisfactory for all around use. The mountings are of aluminum, very light and compact. Barrels are ribbed for strength, and will exclude dust and dampness. Covered with best, black, vulcanized rubber, finished to resemble exactly Morocco leather, but more durable and moisture-proof. All exposed metal parts are neatly lacquered in black. Each glass comes in fine, leather carrying case.

Three adjustments render them adaptable to any eyes. The barrels turn on a center hinge, to obtain correct distance between the eyes. By a convenient knurled thumb screw the eye pieces are adjusted simultaneously and evenly. For persons whose eyes are not alike, separate adjustment of objective lenses is possible.

6-Power $47.50

46C8417—6 power Stereo Binocular. Diameter of objective lenses 21 millimeters. Linear field of vision, 120 yards wide at a distance of 1,000 yards. A particularly satisfactory glass for the study of birds and animals. Its great illumination makes it superior to higher power glasses for use in woods or where light is limited. Also desirable for use at races, and games, or to observe any object in motion. Small, compact, and convenient to carry. Length, closed, 3½ inches. Width, 5⅝ inches. Weight of glass, 21 ounces. Shipping weight, 2½ pounds. Price **$47.50**

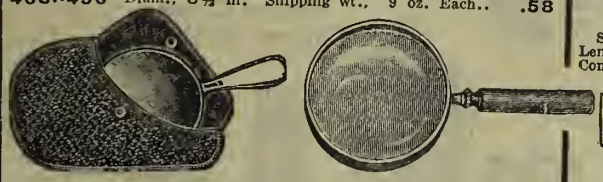
8-Power $47.50

46C8418—An 8 power Stereo Binocular. Diameter of objective lenses 21 millimeters. It differs from 46C8417 in having higher power and being more desirable for examining objects at a great distance. The linear field of vision is 90 yards wide at a distance of 1,000 yards. Length, closed, 4⅛ inches. Width, 5 inches. Weight of glass, 15½ ounces. Shipping weight, 2½ pounds. Price **$47.50**

Reading Glasses

High-Grade American Made Reading Glasses

A Reading Glass is a wonderful help to old people, or those who do not possess good eyesight. It does not interfere with the wearing of eyeglasses or spectacles, but adds to their usefulness, making it easy to read the finest type. Is a great help in examining pictures, photographs or fabrics.



The smaller sizes are also very powerful sun glasses, and in the bright rays of the sun will quickly ignite any inflammable material, such as paper, shavings or dry leaves. We handle two grades: Best quality American made glasses, and second quality imported. The first grade is far superior. The first quality has the best lens in the market, extra highly polished nickel-plated frames, and Ebony handles.

Best quality American Made Reading Glasses.

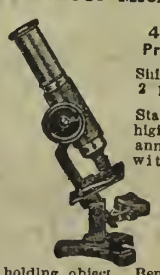
Microscopes

Students' Portable Microscope

46C8472—Price, $9.50



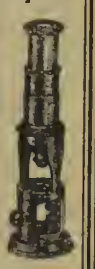
Shipping weight, 4 pounds.

$9.50

In our portable, compound microscope, the case, covered with a durable imitation leather, velvet lined, forms a base for the Microscope when in use, and a receptacle for its protection or carriage. All parts pertaining to the outfit are made to standard size, the objective fitting having a society thread; therefore extra accessories of any maker may be used. Coarse adjustment is secured with the sliding draw tube and a device attached to the stage gives a micrometer adjustment of delicate precision. The optical equipment consists of a one-inch eye piece and a two-thirds and one-inch divisible objective, yielding a magnifying power of 100 and 64 diameters, respectively. This microscope is not limited to elementary work but is well qualified to cover a wide field of microscopical research.

School Microscope

46C8474
Price, $8.50



Shipping weight, 2 pounds.

Stands 8 inches high. Has Japanned base, with hinge. Body of finely polished brass. Large and firm stage, with steel springs for holding object. Beneath stage is a mirror for illumination of transparent objects. Has large, knurled adjusting screw, making it easy to focus. The objective lens is separable into three objectives, giving powers of 20, 50 and 70 diameters. Comes in polished wood box.

A good, little, compound microscope, especially suited for school use.

Home Microscope

$2.50

46C8476

Shipping weight, 1 lb.

Compound microscope. Designed for young persons who wish something more powerful than a simple microscope. Well suited for home study and elementary research.

Easy to use. Strongly constructed. Lenses are accurately ground. Vertical brass body, height, 6 in.; mirror beneath stage. Gives a power of 25 diameters. In e polished, wood case. The outfit includes, in addition to the microscope and case; 2 glass slides, 1 prepared object, and 1 pair brass forceps.

Magnifying Glasses

Coddington Magnifiers or Miners' Glasses

46C8425

Each, **$1.65**

Shipping weight, 5 oz.

Diameter, 1 in.

Our Miner's glasses are the most powerful obtainable. Best quality lens. Have pocket case and sliding cover with strap. Fitted with superior lenses.

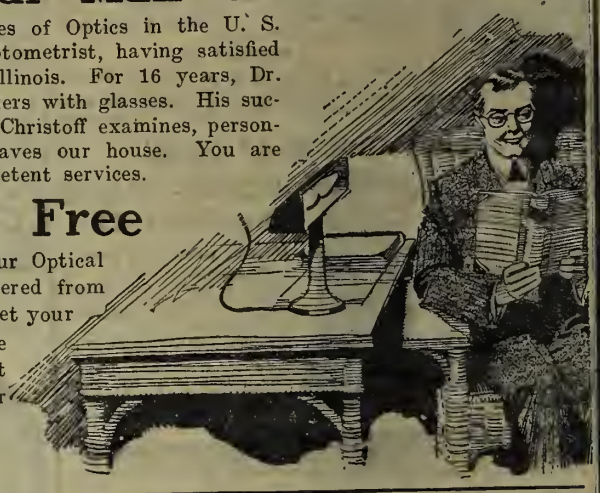
The American Pedometer

Registers Up to 100 Miles

46C8488—Each 87c

Shipping weight, 3 ounces.

Tells how far you have walked. It registers every step you take for 100 miles, before it has to be re-adjusted. Carried like a watch in the pocket. Can be regulated to suit step of the wearer. Very interesting to carry on long walks, hikes, etc. Accurate and built to last.



Tired, Strained, Aching Eyes Need Glasses—Now!

If your eyes tire after reading or sewing, if objects swim or become dim when looked at steadily, if your eyes ache or the eyelids are often inflamed, if in reading you find it necessary to hold your book nearer or farther from the eyes than the normal distance of 12 or 14 inches, you may be sure that your eye-sight is failing. Properly fitted glasses will give immediate relief. Don't neglect your eyes and run the risk of serious trouble. Let us test your eyes **free** by our mail-order method, and fit you with glasses that will remedy your eye troubles. We do not charge for examination—only for glasses, and our prices are surprisingly low.

We Can Fit Your Eyes Correctly by Our Mail Order Method

Fitting spectacles by our Catalogue Method, is entirely practical and successful. Our method of examination and prescribing are absolutely accurate. The large number of prescriptions we fill every day, and the thousands of satisfied customers we have served in the past, are conclusive proof of our ability to furnish you with correctly fitting glasses. Our Optical Department is conducted by Carl Christoff, O. D., a graduate Doctor of Optics from one of the best colleges of Optics in the U. S. He is, in addition, a Registered Optometrist, having satisfied the requirements of the State of Illinois. For 16 years, Dr. Christoff has been fitting our customers with glasses. His success has been most gratifying. Dr. Christoff examines, personally, every pair of glasses that leaves our house. You are assured of his experienced and competent services.

Send for Our Easy Eye-Test Chart—It's Free

Our Eye Test Chart makes it easy for you to test your own eyes, thoroughly and accurately. In addition, it lists at money-saving prices, a complete line of:

Eye-Glasses.
Spectacles.
Eye Glass Fittings.

Send for this free Test-Chart. See how easy it is to test your eyes—how economical it is to purchase your glasses from us. We can fit your eyes by mail, and save you money. **Note:** We fill prescriptions at low prices. Our service is prompt, accurate and decidedly inexpensive.

Accuracy is the watch-word of our Optical Service. Every pair of glasses ordered from us is fitted with such skill as to meet your strictest requirements. This feature of our service is just as important as the very great economies that our prices permit. Send for our Eye Test Chart, and see for yourself, how much we can save you.

These Reliable Thermometers Are Priced at Real Savings

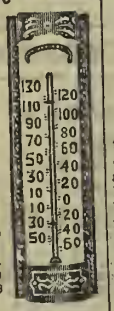
Hardwood Thermometer

46C8275—Price, 45c
Shipping weight, 10 ounces.
Size, 2¼x8½ inches.

This is an excellent thermometer for ordinary use, and quoted at a very reasonable price. The metal scale is mounted upon finished hardwood, tubes blue spirit filled, easy to read. Plain figures marked on scale. A good, practical thermometer.

46C8276—Same style as 46C8275, but not so finely finished. Shipping weight, 10 ounces. Size, 2x8½ inches. Price 24c

Metal Front, Wooden Back Thermometer



46C8277—Price, 96c
Shipping weight, 11 ounces.
Length, 8¾ inches.

Standard High Grade Thermometer with magnifying tubes mercury filled, and graduated with special care for accuracy. The scale is of brass, black oxidized. Degrees of temperature are marked in large, distinct, white figures. It is mounted on finely polished wood frame with adjustable hook. An accurate thermometer.

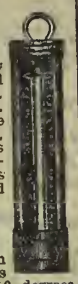
Distance Reading Thermometer

46C8279—Price, 17c
Shipping weight, 8 ounces.
Height, 9½ inches.

One of the best values on the market in a low-priced thermometer. Lithographed metal case, finished to resist weathering. Magnifying spirit tube, scaled in large letters from 40 degrees below to 120 degrees F. above. Suitable for outdoor or indoor use. A great many are used in offices and schools where large, easy-reading figures are desired.

Window Thermometer

46C8281—Price, 31c

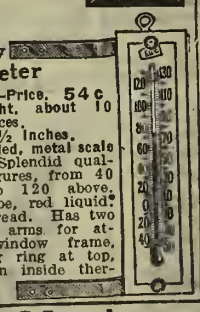


Shipping wt., 13 oz.
Length, 9½ inches.
Width, 3⅜ in.

Magnifying spirit tubes range from 40 below zero to 120 above. Scale lithographed in colors on tin and the back is polished, varnished cherry wood. The figures are large and easily read at a distance. Two metal brackets fastening to the window frame.

Japanned, Metal Case Thermometers

46C8285—Price, 85c
Shipping weight, 13 ounces.
Length, 10 inches.

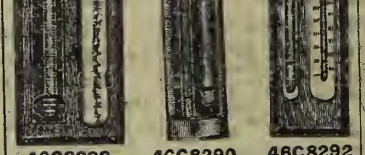


Standard Thermometer. Very high-grade. Large, seasoned tubes. Tested and graduated. Has large figures and letters. Metal scale is lettered at the blood heat and freezing point, and tested at various points with special reference to accuracy. We recommend this as an unusually dependable and satisfactory article.

46C8286—Price, $1.10
Shipping weight, 13 ounces.
Length, 10 inches.

Same as 46C8285, but with red liquid filled tubes for cold climates. Registers 60 degrees below. High grade, and an excellent value. Very accurate and reliable.

Window Thermometer



46C8283—Price, 54c
Shipping weight, about 10 ounces.
Length, 8½ inches.

White enameled, metal scale thermometer. Splendid quality. Black figures, from 40 below zero to 120 above. Magnifying tube, red liquid. Very easy to read. Has two folding metal arms for attaching to window frame, and a folding ring at top, for use as an inside thermometer.

Our thermometers are selected for their satisfactory service. Our analytical department makes frequent tests of our thermometers, and patrons can be assured that every instrument purchased from us will give satisfactory service, in proportion to its cost. Of course, cheaper instruments are not as accurate as the higher grade, but they serve for all ordinary purposes. Every instrument here will be found to be priced much lower than regular retail value.

Storm Glass Thermometers

46C8288 46C8290 46C8292

46C8288—Price, 98c
Shipping weight, 17 ounces.
Length, 9½ inches. Width, 3½ inches.

Storm Glass mounted in carved oak frame, with 7-inch oxidized metal scale thermometer. Storm glass tube is of extra size, with words, "Fair," "Change," and "Stormy," etched into the glass. A reliable instrument.

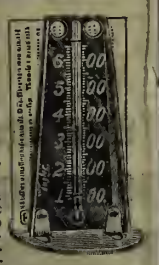
46C8290—Price, 37c
Shipping weight, 9 ounces.
Length, 7¾ inches. Width, 2⅛ inches.

Good medium grade black japanned Storm Glass and Thermometer. Silvered scales, with white filled figures, marked, "Fair," "Change," and "Stormy." Magnifying tubes, mercury filled. A very neat instrument.

46C8292—Price, 17c
Shipping weight, 11 ounces.
Length, 9 inches. Width, 3 inches.

Storm Glass. This instrument is supplied with varnished white wood case, on one side of which is attached a thermometer and on the other a storm glass barometer, making as reliable a cheap instrument as is possible to procure.

Candy Thermometer



46C8294—Price, 80c
Shipping weight, 10 ounces.
Length, 8 inches.

Assure better candy by using a Home Candy Making Thermometer. The secret of success in candy making lies in bringing the syrup to the right temperature. It is almost impossible to do this without a candy thermometer. Thermometer has copper case, with hook to attach to kettle. Is scaled 80 degrees to 350 degrees Fahrenheit. Candy recipe book furnished with each thermometer.

Oven Thermometer

46C8295
Each 98c
Shipping weight, about 6 ounces.
Height, 5 inches.

Standard model, accurate. A most convenient instrument. The secret of successful baking is the temperature of your oven. With this thermometer you can maintain the correct heat. Direction slip with each instrument, showing correct temperature for bread, pastry, etc. Mercury filled tube. Round metal base. Easily read figures.

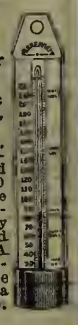
Dependable Dairy Thermometers

Sanitary, All Glass, Floating Dairy Thermometer

46C8319
Price 75c
Shipping weight, 7 ounces.
Length, 10 inches.

Approximate range, 10 to 110 degrees. Large figures, easy to read. Absolutely accurate within one degree. Meets the demand for a special high-grade instrument for dairy work and will give accurate service.

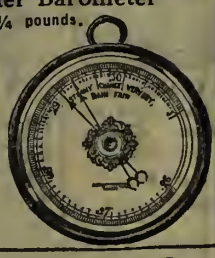
Nickel Plated Flange Dairy Thermometer



46C8324
Price. 28c
Ship. wt., 5 oz.
Length, 8 inches.
Width, 1⅜ in.

Flat Dairy Thermometer with raised flange sides to protect tube. Brass, nickel plated. Plainly marked scale. Mercury filled tube. Made to hang up. Splendid accuracy for such a low price.

Low Priced Dairy Thermometer



46C8328
Price 18c
Shipping weight, 5 ounces.
Length, 8 inches.

Plain, flat metal scale, marked from 30 to 220 degrees. Tube filled with colored liquid. Easy to read, and serviceable. A very good instrument for the money. Easily a 25c retail value.

Genuine Short and Mason Weather Barometer

46C8315—Price, $14.50 **Shipping weight, 4¼ pounds.**
Diameter of dial, 5 inches.

A recent production of one of the greatest manufacturers of meteorological instruments in the world. This splendid instrument is absolutely accurate, very simple, and easy to adjust and understand. Made throughout of the finest, selected materials. Case is heavy polished brass; the 5-inch dial is silvered metal, with bevel glass. Easily adjusted to any altitude not higher than 3,500 feet above sea level, to agree with U. S. Weather Bureau Standard Sea Level Reading. **Fine quality compensated movement of the very highest grade. Price $14.50**

46C8316—Same as 46C8315, but with enameled dial, and not compensated for temperature. A thoroughly good, dependable instrument. **Price, $9.00**

The Sun Never Sets on Montgomery Ward & Co.'s Products

One of the most interesting tasks that you could set for yourself would be to take the position of one of the mail readers in our great Foreign Department for a week. The many orders from people in all parts of the world for our products would make you open your eyes.

For example, not long ago a certain firm in Paris, France, sent for 200 of our Reliance typewriters equipped with the Special French key-board.

Then, along came an order from China for 3,500 kegs of nails.

Next, a little Jap friend in far away Hawaii suddenly discovered a way to remove his backaches and sent for one of our gasoline engines. He liked it so well that later on he sent for two more.

A colony of missionaries in the Congo District of Africa has recently contracted for enough supplies to keep over 40 Americans for some time to come. Last year they ordered several thousand dollars' worth of things from us and as the goods all came safely and proved satisfactory they are placing this large order with perfect confidence.

The Origin of the Mail Order Business, Forty-four Years Ago

Buying and Selling for Cash Since 1872

IN 1872, forty-four years ago, in a room twenty feet square, at 246 Kinzie street, the firm of Montgomery Ward & Company was founded by A. Montgomery Ward. An early partner in the business was George R. Thorne. This venture marked the beginning of the Mail Order idea in America, and these two men were the Mail Order pioneers. They believed the buying public could save money by buying direct, and that low prices, good service and square dealing would inspire confidence and make permanent friends for the house. And they proved it.

The new plan of business—practically selling to the consumer at wholesale prices, or even lower in many cases—appealed at once and it was a case of growth and new quarters almost every year. In 1875 an entire building was occupied at 227-229 Wabash Avenue, and another year of progress caused the business again to seek additional space.

In 1887, just fifteen years after Mr. Ward and Mr. Thorne had begun, they moved into their own 6-story building on Michigan Avenue, employing 210 people.

The addition of a 6-story annex in 1891 did not help much, so two more stories were added, making it an 8-story building. In 1898 work was started on the adjoining site on a new structure, which was completed in 1900. It truly was a wonderful structure, and was at that time the tallest mercantile building in the world. This was the Montgomery Ward & Co. tower building.

But it too, was soon outgrown. In 1906 ground was broken for the present location, which was occupied in 1909. The Chicago plant was, at the time of its building, the largest concrete structure in the world, having a floor space of twenty-five acres. With the other four houses—Kansas City, New York, Fort Worth and Portland—which were opened for the sole purpose of giving customers better and prompter service, the business now has a total floor space of sixty-six acres.

The principles upon which the firm was founded have inspired the confidence and respect of thousands and thousands of customers. Every dollar's worth of merchandise is sold only under an iron-bound guarantee of "satisfaction or money back."

This catalogue is sent to you as your "Buyer's Guide." As you study it and as you use it you may feel assured that every article illustrated is just as the article really is and each and every description reliable and accurate.

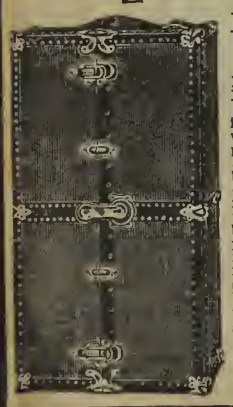
Convenient Wardrobe Trunks

Wardrobe Trunks are fast coming into general use. They are far more convenient and roomy than the ordinary dress trunk. They keep either men's or women's clothing fresh and in good condition; practically free from creases, wrinkles and travel marks. They are excellent for outing trips and especially for water, rail or vacation trips. The side drawers are as handily arranged as in your dresser at home. Nothing could be more convenient on a trip.

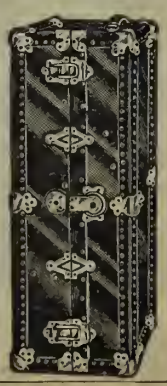


Three styles are listed. Note especially the convenience of the new steamer wardrobe trunk. It is of regulation size and affords hon comforta wherever you may be. All of our wardrobe trunks are e tremely light in weight and come within the free baggage limit. Th have unusual strength and extraordinary capacity.

147C3397 Each $19.75

Height, 44½ in. Width, 21⅝ in. Depth, 22⅜ in. Ship. wt., 80 lbs.

Wardrobe Trunk. The frame, or body, is made of strong, three-ply veneer basswood, oval top. Covered with heavy oil painted duck. Reinforced on corners and edges with heavy vulcanized fiber binding, also has one wide center band of same material, all fastened with round head nails. The hardware or trimmings are made of heavy steel, and brass plated. Excelsior style lock, brass plated, and strong end catches to match. The color is **dark brown.** The interior is cloth lined, fitted with new style, light weight, double sliding trolley. Equipped with smoothly finished three-ply veneer, combination hangers sufficient to accommodate eight to ten suits of men's and women's clothing. Full sized follower; opposite side has five drawers. Few Wardrobe Trunks equal to this one in actual value have ever been offered at less than $25.00.



Our New Steamer Wardrobe Trunk is especially Adapted for Auto Trips.

Toy Days Are Joy Days—Then Santa is King

'Twas the night before Christmas,
When all through the house
Not a creature was stirring—
Not even a mouse.

When outside the window
There arose such a clatter,
I sprang from the bed
To see what was the matter.

When what to my wondering
Eyes should appear:
Santa Claus in his sled
And six pretty reindeer.

More rapid than eagles
His coursers they came;
He whistled and shouted
And called them by name:

On, Comet! On, Cupid!
On, Donder and Blixen!
Now, Prancer, get in step
And keep up to Vixen.

I shouted "Hurrah!"
As I spied all the toys.
There were plenty for all
The good girls and boys.

Planchette and Ouija Boards

49C5195—Price, 45c
Shipping weight, 12 oz.
Planchetta, the popular Mystery Game. Used extensively to tell fortunes as a pastime. We do not want to give you the impression that this game will actually tell your past, present or future, but we do claim that if one of the players is a trifle witty and can guess a few of the secrets of the others, by talking to Planchetta, urging it to write and helping it move around and spell, the whole house can be kept in an uproar by its answers. Made of wood, in heart shape. Mounted on wheels. Length, 8 in.

48C4518—Price, 75c
Shipping weight, 1½ lbs.
Ouija Game Board—the Ga
of Mystery. This popular game
been amusing the public for
past 40 years. Some people t
have used it, claim to be able
make it spell out your past, pres
and future by some mysteri
unseen power. We, however,
not make this claim. If one
the company knows a few secr
of the others, talks to Ouija, a
it to answer their questions, ur
it and helps it around to the
ters, the answers will keep
whole room in uproarious laugh
Fine hardwood board. Size, 1
x18½ in.

Sandy Andy Sand Toys

For Girls or Boys

48C4255—Price, **43c**
Shipping weight, 2½ lbs.

Height, 13½ in.; length, 13 in.; width, 7 in. Made of strong steel and heavy tin. Runs by putting sand in the top or hopper. The weight of the sand falling into the car causes it to rush to the bottom, dumping the load into the can, and the weight attached brings it back to top to receive another load; the movement continues as long as you put sand in the hopper. One filling of the hopper runs it up and down quite a few times. Metal Box filled with sand with each toy. This is one of the most interesting toys on the market. It has had a wonderful sale and given satisfaction every time.

49C5117—Price, **21c**
Shipping weight, 1¼ lbs.

Meccano Makes Boy Mechanics

The Wonderfully Instructive, Entertaining and Educational Toy. More Parts This Year Than Ever Before. Made of Steel.

With Meccano any boy can build hundreds of working models on correct engineering principles. It ie engineering in miniatura. structural, mecbanical and electrical. Tha number of working models it makes ie practically unlimited. The outfits contain nicely plated metal etrips, accurata gear wheels, pulleys, rods, nuts, bolts, etc. Everything neceseary is provided in each outfit, including tools and our 100-paga illustrated manual giving complete instructions on how to build the different models. The parts are all standardized and interchangeable, and new parts and new outfits may be added at any time. Tha parts fit together, without straining or forcing. They are practically indestructible, and may ba used over and over again. When you are tired of one modal, taka it to piecas and use tha same parts to construct another different type of model. This is ona of tha best features of Meccano. You can make hundreds of toys with it, all working, each ona different. All the tima you are playing you ara learning something that may prova very useful. You are learning how to build bridges, cranes, monoplanes, derricks, signals, wagons, cars, towers, swings, windmills, motor buses, trucks of differant kinds, lighthouses and machinery of all kinds. Mecanno teaches a boy to think. It teaches him patience. It teaches him thoroughness, becausa every model must ba thoroughly and properly constructed, and fixed up solidly hefora it will work as it should. It teaches him to invent, becausa after ha has mada sil the models shown in tha book of instructions ha can go on designing other models from his own ideae. After the boye have worked and etudied with thesa sets they can go out in the world and feel more confidant among their fellow men.

FIRE! FIRE!

Dong! Dong! Dong

Here Comes the Fire Engine, Hook and Ladder, Fire Patrol, Police Patrol! Come on, Kids. Run Like Everything!

Here is a picture of a city house, afire. In cities, the scene shown here, is a common sight to behold at a fire. See the boys running alongside trying to get to the fire as soon as the engines. How enthusiastic and excited they are! As babies they see the fire department pass their homes clanging and ringing its gongs. This creates a desire on the part of the little ones to own one of these amusing toys. These very popular toys are small imitations of the real, big fire fighting machinery and are popular favorites with children everywhere.

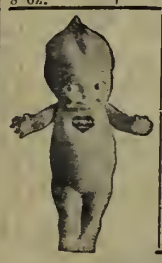
Telling the Story of Kewpie

Thia little girl is telling the story of Kewpie to her pretty doll.



In one of the western states there lived a little American girl whose name was Rose O'Neil. She loved her dolls and as she grew to womanhood all her time was spent in designing the sweetest doll that ever had been made. She named it Kewpie. This pretty doll brought happiness and riches to her and she wants all children to look on the little Kewpie as a symbol of happiness.

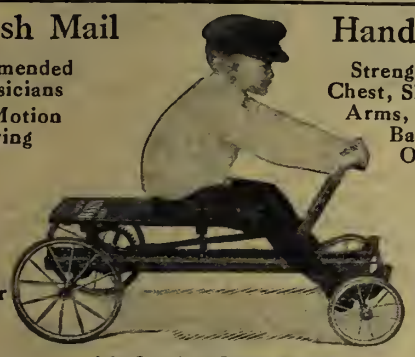
Sleds and Vehicles that will Delight Lively Youngsters

Shooting Star Steering Sleds

148C4096—Price, **98c**
Ship. wt., 6 lbs.
Boys' and Girls' Shooting Star Steering Sled. Length, 32 in.; height, 6 in.; width, 11½ in. Top is made of best quality seasoned hardwood. All finely varnished and the name Shooting Star in colors on top. Hardened steel runners. A slight pull on cross bar in front steers it in either direction.

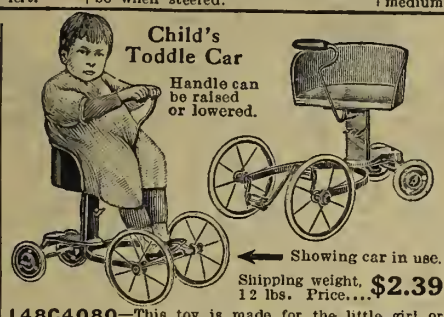
148C4098—Price, **$1.20**
Ship. wt., 7 lbs.
Boys' and Girls' Shooting Star Steering Sled. Length, 36 in.; width, 12½ in.; height, 6 in. Top made of best quality hardwood. Finely varnished and decorated with the name Shooting Star in colors on top. Hardened steel runners. Our sleds are the best steering sleds on the market. A slight pull on the front bar turns them to the right or left.



This illustration shows the way the sled is steered. The runners are made of fine spring steel. Pulling on either side curves the runners and as soon as pressure is released, sled springs back in position. Illustration of 148C4100 shows runners curved as they would be when steered.

148C4099—Price, **$1.78**
Ship. wt., 9 lbs.
Large Steering Sled. Length, 45 in.; width, 14½ in.; height, 6 in. Top made of best quality hardwood, finely varnished and decorated with the name Shooting Star in colors on top. The steering bar is set back from front making it easy to reach. This sled is not too large for medium size boys, and two can ride on it.

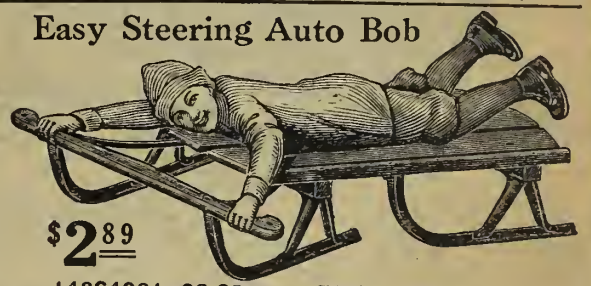
148C4100—Price, **$2.75**
Ship. wt., 11½ lbs.
Our Largest Shooting Star Steering Sled. Length, 56 in.; width, 14½ in.; height, 6 in. Top made of finest quality hardwood, nicely varnished and decorated in colors with the name Shooting Star in colors on top. The fine quality material put into these sleds makes them weigh less than other makes. The boys can carry them back up the hills easier, and they are the strongest sleds we know of.



Irish Mail Hand Car

Recommended by Physicians
Same Motion as Rowing a Boat
Strengthens the Chest, Shoulders, Arms, Legs and Back as No Other Toy Will
Room Enough Behind for Another Child
Price $3.95

148C4175—Price, **$3.95**
Shipping weight, 31 lbs.
The Genuine Irish Mail Hand-Car. Length, 40 in. Made of wood and steel. Wheels are 8 and 12 in. steel, with ½-inch rubber tires. Wood work is painted red, steel is black. This toy wonderfully strengthens the growing boy or girl. Illustration is taken from life. The boy shown here has now grown to be a big, strapping man. The Irish Mail Hand-Car is given credit for his fine development. Adjustable for child from three to fifteen years of age. Seat is painted in colors. A dandy car for boy or girl.



Child's Toddle Car

Shipping weight, 12 lbs. Price.... **$2.39**

148C4080—This toy is made for the little girl or boy 2 to 5 years of age. It can be used in the house or outdoors. It is fitted with rubber tires and is noiseless. It turns in a small circle and will not tip. The child presses on pedals with feet and steers the rear wheels with handle. Seat can be raised or lowered. 8-inch rubber tire wheels on front, 4-inch on rear. Strongly made of steel, enameled black. Seat is red.

Easy Steering Auto Bob

$2.89

148C4081—$2.89 Shipping weight, 15 lbs.
Boys' Auto Bob Sled. Length, 48 inches; width, 15⅞ inches; height over all, 8⅜ inches. Easy steering double steel runners. Top is made of finest quality hardwood, nicely varnished, with name Auto Bob in colors. Runners are painted red. Strong coiled spring underneath that keeps front runners straight. No hill too steep or crooked for this sled; it steers perfectly. A bob that any boy will be proud to own.

148C4082—Price, **$1.79** Shipping weight, 9 lbs.
Same style as above. Length, 36 inches; width, 12⅞ inches; height over all, 6 inches. Two can ride on this sled.

Girls' Strong Tricycle $3.65

148C4166—Price, **$3.65**
Shipping weight, about 25 lbs.
Girls' Tricycles. The handle is made to be brought over forward so mamma can use it to pull her little girl if she gets tired peddling. Made of steel, 18 in. rear, 10 in. front wheels, oval steel tires, adjustable seat and back, padded and covered with leatherette. Suitable for girls 3 to 5 years of age.

$3.25 Chicago Flyer

148C4119—Price, **$3.25**
Shipping weight, 25 lbs.
Chicago Flyer Hand-Car, 39½ in. over all. Steel wheels; rear, 12 in.; front, 8 in., both fitted with ½-inch rubber tires. To propel this car you push and pull, same motion as rowing a boat. Fine exercise for the kiddies.

Boys' Velocipedes

Our Velocipedes are made by this most responsible manufacturer of children's Wheel Toys in the country. Attention is called to the special features: wood grips, arched neck, extra strong forks, two coats enamel, flexible springs, strong spring saddle, rear forks clamped to axle; one piece pedal crank. Saddles on all our velocipedes can be raised from two to three inches, as the child grows. Frame enameled in black.

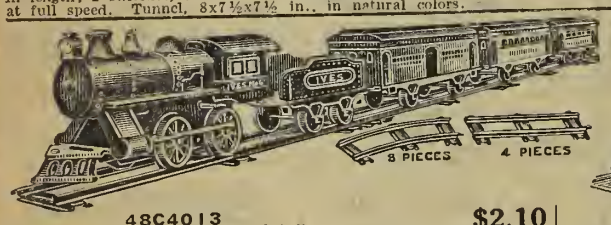
Here You Are, Boys—They Run Like Real Trains

48C4001 ..... **$7.50**
Shipping weight, 14 lbs.

Ives' Cannon Ball Limited Vestibule Express Train. One of the most perfectly made and satisfactory toy trains manufactured. This outfit consists of iron and steel locomotive and tender. Length, 13¼ inches. With strong spring motor and reversible attachment that will cause the locomotive to push train backwards as well as forward. Also has Automatic Brake attachment. When stopping device in the track is set, train will stop automatically. There are two 9-inch cars with automatic couplers, made of sheet steel, one Pullman, one Baggage car; finely lithographed and lettered in fancy colors. Each car has eight wheels. The track consists of 10 pieces of curve and 8 pieces straight, each, 10¼ inches in length; two switches, track plates, semaphore, crossing danger signal post, two mountains and tunnel, as shown in illustration. This train will run several times around track with one winding and will start itself without being pushed.

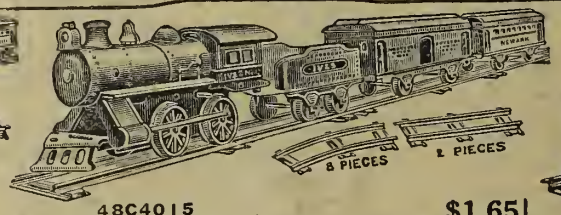
48C4005 ..... **$4.75**
Shipping weight, 8 lbs.

Ives' Mechanical Train. Consists of fine iron locomotive and tender, 2 driving wheels, trimmed with nickel bands striped with gold, one baggage and one passenger eight-wheel car. Length over all, 27 inches. With strong spring motor and automatic stopping device and starting lever; one piece of track, made with stop connection. When lever under engine strikes it, train comes to a stop. 10 pieces curve track and 2 straight; each, 10¼ inches in length; 2 switches, circle and oval formation. Switches can be operated; train will switch at full speed. Tunnel, 8x7½x7½ in., in natural colors.



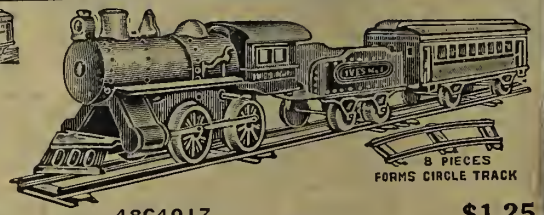
Toy Choo-Choo Trains

Our mechanical trains are copied after the finest and fastest large railroad trains in use in this country. About the first word the little fellow says, as the big trains pass by, is "Choo-Choo." The desire grows to ride on, or be an engineer or possess a train. Our trains are so near like the big ones, the real ones, that it is not merely a toy, but a helpful education to buy him one.



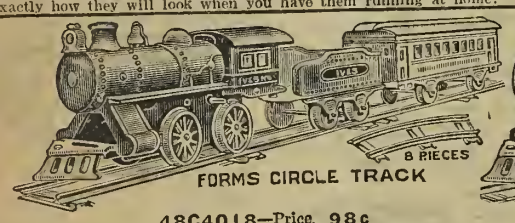
48C4011—Price, **$2.45**
Ship. wt., 5½ lbs.

Ives' Mechanical Train Outfit. Consists of locomotive and tender, length, 10½ inches. Locomotive is iron and steel, with strong brass and steel spring motor, easy winding and long running. This set has two cars, one baggage car and one passenger coach. Length over all, 23 inches. Comes complete with 14 pieces circle track and crossover, and forms the figure 8, or double circle. A very desirable set and splendid value at our low price. Very attractive to the little fellow who has always opened his eyes with wonder and amazement at the big Choo-Choo trains. The circling and crossing of the train as it spins over the figure eight track will keep him amused for hours.



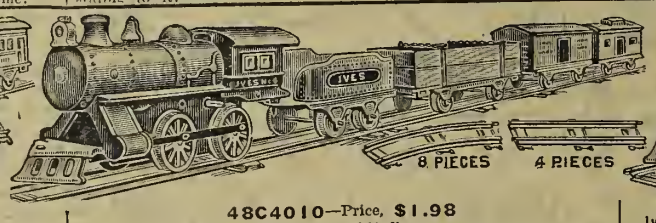
48C4013 ..... **$2.10**
Shipping weight, 3½ lbs.

Ives' Mechanical Train Outfit. Consists of locomotive with strong spring motor, tender, baggage and two passenger coaches, all nicely enameled and lithographed in colors. Length over all, 29 inches. 8 pieces circle track, 4 straight, each, 10¼ inches in length. All Ives' Trains run better and farther than other makes. You do not have to push them along. The illustration of the trains on this page shows exactly how they will look when you have them running at home.



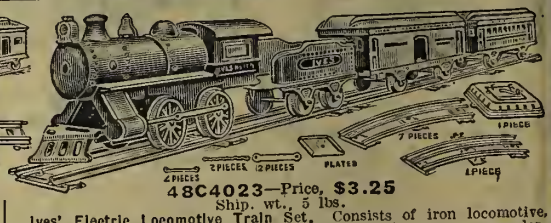
48C4015 ..... **$1.65**
Shipping weight, 4 lbs.

Ives' Mechanical Train Outfit. Consists of locomotive, tender, brass clockwork motor with steel spring, passenger coach and baggage car, 23 inches over all. Nicely lithographed in colors; more elaborate looking than large trains that run outdoors. 8 pieces circle track and 2 straight, length, each, 10¼ inches. All our train sets are No. 0-Gauge. The tracks, tunnels, switches, etc., listed below will fit any set. You can make a small set into a large one by adding to it.



48C4017 ..... **$1.25**
Shipping weight, 3½ lbs.

Ives' Fine Mechanical Train. Consists of large locomotive with extra strong brass clockwork motor, with steel spring. All finely enameled in black; has tender and one passenger coach. Length, 16½ inches over all. 8 pieces circle track. Will circle the track about 16 times with one winding.



48C4018—Price, **98c**
Ship. wt., 3 lbs.

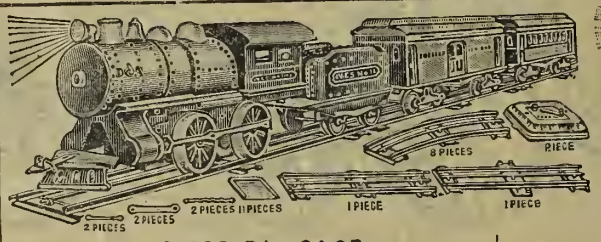
Ives' Mechanical Train. Engine, tender and one-passenger coach; 8 pieces circle track. Runs 12 times around with one winding. Locomotive is fitted with best quality brass clock-work motor with steel spring. The motors are perfectly made and easy to wind. Any child can run this train alone and spend hours of pleasure operating this little choo-choo.

48C4010—Price, **$1.98**
Ship. wt., 3½ lbs.

Ives' Mechanical Freight Train Consists of Locomotive with strong spring motor of steel and brass. Is fitted with speed governor as on all Ives' Trains, to prevent it going too fast and running off the track. Tender can be detached. The cars consist of one flat car loaded with lumber, one box car enameled in colors, one caboose, 8 pieces circle track and two straight tracks. All Ives' trains start without pushing. Best running toy trains manufactured.

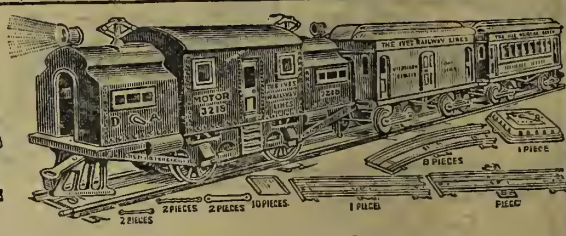
48C4023—Price, **$3.25**
Ship. wt., 5 lbs.

Ives' Electric Locomotive Train Set. Consists of iron locomotive, length, 6¾ inches. Fitted with third rail electric motor—a wonderfully ingenious affair. Runs with two Columbia Dry Batteries. Comes with tender, baggage car and passenger coach and eight 10½-inch pieces of third rail curved track, with terminal connection control switch and wires.



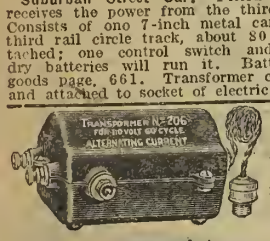
If you have electric lights in the house, buy the transformer shown on this page, 48C4049. You can then attach it direct to the current; otherwise you can run it with two dry batteries. Batteries shown on page 661.

Electric Street Car



48C4019—Price, **$2.45**
Ship. wt., 4 lbs.

Suburban Street Car. Fitted with electric motor, and receives the power from the third rail in center of track. Consists of one 7-inch metal car with motor, 8 pieces of third rail circle track, about 80 inches, with terminal attached; one control switch and wire connections. Two dry batteries will run it. Batteries shown on electrical goods page, 661. Transformer can be used with this set, and attached to socket of electric lights.

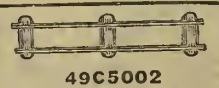


48C4026—Price, **$4.98**
Ship. wt., 7 lbs.

Ives' Third-Rail Electric Train, consists of Locomotive fitted with electric motor made of brass, steel and copper. Has bright headlight that lights up when switch is on and train is running. The tender is separate from locomotive. The cars are the double truck model with 8 wheels, one express baggage car and one chair car. 8 pieces of circle track and two pieces of straight track forming an oval about 100 inches in diameter. This train can be run with three dry batteries, or if you have electric lights in the house you can buy transformer 48C4049 and connect it direct to the current. There is no prettier sight for the children than to see one of these trains circling the Christmas Tree.

48C4094—Price, **$4.98**
Shipping weight, 8 lbs.

Ives' Third Rail Electric Motor Style Train. A style such as is used on trains entering New York City. Length of motor engine, 8½ inches. Is fitted with electric motor made of brass, copper and steel and has brilliant headlight that lights up when train is in motion. One express baggage car, one chair car; 4 pieces of circle track and two pieces straight track, form oval about 100 inches in circumference. Has control switch so that train can be run fast or slow. Three dry batteries will run this train or you can use transformer 48C4049 and attach it to electric light socket. A very pretty sight is to have one of these electric trains running around the Christmas tree. Dry batteries shown on page 661.



48C4049
Price, **$2.98**
Ship. wt., 6 lbs.

Ives' Transformer. Of heavy cast iron, brass and copper wire, size, 3½x5 inches with 7½ foot of double insulated copper wire and plug for connecting to light socket. Transformers are used to run trains direct from electric light socket. 3½ to 24 volts can be obtained, which operates any of the toy trains or toy motors without dry batteries, and at little expense.

The
Windsor
ie Home Piano

is is the title of beautiful new Pi- Book. It shows only our com- line of pianos, tells you of what rial and how care- they are built and the standard fications of a thor- ly reliable Piano d be. Whether you contemplating the diate purchase of no or have it in for the near fu- send for a copy of book. All you need to write us for it. over the descrip- and illustrations llowing pages.

All of our Pianos Now Sold on Easy Payments

WE will ship for 30 days' FREE TRIAL in your own home, any Windsor Piano, Freight paid, without advance payment or deposit.

You are under no obligation to keep the Piano if it is not thoroughly satisfactory to you in every way.

The only promise we ask of you is, if at the end of the 30-day trial period, you find the Piano to be entirely satisfactory, that you pay us then $10.00 down, together with the freight we have advanced for you, as a first payment. After that, pay us $5.00 per month, until the purchase price is paid in full. There are no interest charges on these payments.

You pay only the Catalogue price, plus the freight to you.

Remember, you are not required to make any advance payments to us, or for freight, until after you have had the piano in your own home for thirty days.

Our time payment plan is to afford our customers service and accommodation. You pay only the cash price.

A Full Year's Trial

Furthermore, if the piano does not prove exactly as represented and entirely satisfactory, we will allow you to return it to us at any time within one year from date of purchase, and we will refund all the money you have paid to us, including the freight charges both ways.

25 Years' Guarantee

We guarantee that every Windsor Piano is constructed throughout of the finest materials, and every detail of the workmanship handled by experienced piano builders. If the instrument should prove defective in material or workmanship at any time within twenty-five years after the date of purchase, we agree to put it in perfect condition, free of all expense to you.

How to Obtain our Piano on this Trial Offer

OUR plan of selling pianos on monthly payments and affording customers an opportunity of trying them in their homes without obligation, before they purchase, is absolutely in keeping with our established poliey, of eustomer serviee and satisfaction, built up in nearly half a century of selling by mail.

There is nothing eomplicated about buying a piano on this plan. There are no confusing legal papers to sign and your friends and neighbors need not know whether you have paid eash or purchased on time.

If you are interested and thinking of buying a piano, order now, or write us, and we will send you our beautiful Windsor Piano Book, eontaining actual photographie reproductions of our complete line of Pianos and explaining in detail how these pianos are built.

We will also send you a trial order blank, which is simple in form and explains itself, whieh you fill out and return to us. You will not be troubled by any annoying investigation and nothing remains for you to do but to receive your piano.

Nothing ean be fairer than this. We are taking all the risk, beeause we feel sure that once you have a Windsor Piano in your home, you will want to keep it.

Windsor Pianos are a Superior Line of Instruments

We know our Windsor Pianos to be a line of superior musical instruments, seleeted and built for us with the utmost eare. They will stand the test of time. They will stand up in tone value, quality and finish of ease with the majority of pianos sold at as much as twiee the price.

They are excellently built under the supervision of experienced piano builders. Nothing but first elass material is used in their construction. The action, the ease, the keys, the sounding board, the back, are most carefully eonstrueted upon seientifie lines to produee the tone value, appearanee and wearing quality that will be highly appreciated in the home. We cannot go into details of their construction here for laek of space, but eover this fully in a special book that is yours for the asking.

Piano bench to match comes with this piano

OUR Windsor Pianos are the result of a determination to produce such a superior line of instrumen that not only we, but anyone who possessed on would be proud to own it.

Notwithstanding the remarkably low prices at which they sold, they are not the product of a commercial piano factory—the factories building the majority of the pianos today are ra in the trade.

Those who superintend and are responsible for the product of the Windsor Pianos have had fifty years' experience in pia building. They have proven their ability as builders of high-gra pianos and in every essential Windsor Pianos will measure with those costing nearly double the price.

In our beautiful Windsor Artists' Upright we have conc trated every effort to produce a Piano that represents the high skill in piano building.

This piano because of its massive and richly finished case our most expensive style. In all essentials and its artistic f tures it is the equal of the very highest grades sold by pia dealers and agents for $450.00 to $500.00 each.

It possesses a full, rich singing tone of much power and du tion and its responsive action enables perfect control and modu tion from the heaviest forte to the softest pianissimo.

The case is double veneered, with the finest quality of Am ican Walnut or rich dark Mahogany. All moulding, pilast and wood trimmings are double veneered upon their flat surfa wherever it is possible to place a veneer. The caps of the trus are hand carved. It has a full Empire top.

The interior construction is the same as that described our Elite Upright, 251C6036-8.

In every respect the Artists' Windsor Upright is a piano t will grace any home.

Included in this price, is a fine piano bench, (see illustrat 251C6040), velour scarf, complete instruction book and certific for music lessons at reduced rates as described in special pia catalogue. For more complete description, send for our spe book.

Sold on Time Payments—$10.00 down and $5.00 per month

THE Windsor Elite Upright is a beautiful piano containing exactly the same equipment and grade of construction as our Artists' Grand previously described.

The lines of its case are more simple and for this reason we are able to offer it at a slightly lower price.

For those who prefer less ornamentation, with graceful lines and beautiful highly finished, but plain surfaces, we recommend this piano.

The Case—Built of hardwood, double veneered inside and out with fancy American walnut or rich dark mahogany. Veneers are of the finest selected quality, with natural figured grainings, carefully and evenly matched.

All mouldings, pilasters and wood trimmings are double veneered and highly polished. Full Empire top. Upper panel swings out to form music rest. Both upper and lower panels are removable, affording easy access to the interior of the instrument.

The Finish—After a coat of wood filler, the case is given several coats of finest piano varnish, each coat being hand rubbed before the next coat is applied, to present a perfect surface and even distribution. Lastly, the case receives a brilliant French or hand polish.

The Workmanship is the very best throughout.

The Tone—Full, round, singing tone of great power, sweetness and duration. It cannot be justly described but must be heard to be appreciated.

It will prove a delight to the artist and music lover alike.

The Sounding Board—Scientifically constructed of thoroughly seasoned, even grained, mountain grown Vermont Spruce. Accurately ribbed. The ribs are glued on under heavy pressure, and are dovetailed into the bars and back.

The Scale—Full 7⅓ octaves. String supports or bridges accurately placed.

The Strings—Made from the finest grade of imported Poehlmann steel piano wire, noted the world over for its superior tonal qualities and tensile strength. Three strings to each treble tone, tuned in unison. Two strings tuned in unison in the bass registers, with the exception of the lower ten tones where the single string is used. All bass strings, copper wound on steel.

The Action used in this piano bears the maker's name stamped upon it and is considered by piano manufacturers to be equal if not superior to all others. It is double repeating, quick and responsive to the touch.

The Pin Block—Made of rock maple, five-ply construction, glued together under enormous pressure, with the grain of the different pieces laid at right angles. The tuning pins will never slip and are bushed with hard maple, so that they do not touch the metal plate.

The Keys—Made of straight grained spruce or pine, thoroughly seasoned. Weighted to balance perfectly. Covered with genuine tusk ivory of finest grade and highly polished. The sharps (black keys) are made of ebony and highly polished.

The Hammers—Fourteen-pound hammers. Made of the highest grade of imported German white wool piano felt.

The Pedals and All Metal Trimmings—Cast from metal, nickel plated and polished. Mouse-proof and practically noiseless.

Iron Plate or Frame cast in one piece.

The Back—Made of rock elm, with extra strong end stanchions, and four center stanchions, six in all, with dovetailed ends.

Included with the Elite Upright Piano, at this price, is a fine piano bench, velour scarf, complete instruction book and certificate for music lessons at reduced rates as described in special piano catalogue. For more complete description send for special piano catalogue.

Sold on time payments—$10.00 down and $5.00 per month.

Save money on instruction books for beginners in music

Windsor Piano $5.00 A Month

The belief that a good piano must cost $400.00 to $500.00 s an erroneous one. They do necessarily cost this when ought in the ordinary way, because of the tremendous ost of marketing that is taxed upon them, but with our ethod of marketing pianos by mail, shipping direct to you from ie factory, eliminating all show room expenses, traveling salesmen, xpensive Artists' endorsements, agents' commissions and salesmen's ılaries, we are able to give you the benefit of this great saving.

The Windsor Concert Piano is of the same grade as the ones own on opposite page, the only difference being in the style of case. ı other words, it has the same general equipment, including the iest action made.

This style was added to our Windsor line, in order to give the ırchaser a larger variety in high grade pianos to select from.

The case is a new and attractive design and while not so massive the Windsor Artists' Upright, it is of substantial construction, ıth heavy end pieces, rounded front corners and has round trusses match.

The case is double veneered both inside and out, with the finest ıality of American Walnut or rich dark Mahogany as described in ır previous pianos. All mouldings, pilasters and wood trimmings e double veneered or solid Mahogany or Walnut to match the se. The caps on the trusses are hand carved. Full Empire top.

Only the best of everything in the way of material and work- anship is placed in this piano. Its action is the same one placed the two higher priced styles.

The interior construction is the same as that described for our ite and Artists' Upright, the only difference being that it is not ite as wide, nor is the case as elaborate or as massive as the tists' Upright. In every respect, however, it is a thoroughly high ade instrument.

Included in the price of this piano, is a fine piano bench to match e case, a velour scarf, complete instruction book and certificate for ısic lessons at reduced rates as described in our special piano :alogue. Send for this special piano book.

Sold on Time Payments—$10.00 down and $5.00 per month.

1C6046—Walnut Veneered $397.00

Shipped from factory near Chicago
ght, 4 ft. 9 in. Width, 5 ft. 4½ in. Depth, 2 ft. 6 in, Shipping weight, boxed, about 1000 lbs.

The Windsor Player Piano is a high grade instrument—the combination of a Windsor Piano with a first grade player piano aetion. It is of the grade of instruments that usually sells for $650.00 to $750.00 mostly everywhere. It will stand comparison with any of these instruments.

Here is a player piano which anyone can play, even a small child, without previous musical training. It is not necessary to know a note on the piano to play a Windsor Player Piano. The most difficult pieces are played by simply putting in the roll and starting the mechanism. Even small children can entertain the whole family.

It is very easy to operate the pedals and the tempo lever, accentuating and expression buttons are easily accessible and present an opportunity for an individual expression that is not excelled in any player piano.

The convenience of owning a Windsor Player Piano is, that you have always available not only a high grade piano, but the means of rendering the finest music even though no musician is at hand.

The flexible human-like fingers play more surely than the human hand—always accurately, tirelessly and willingly.

The skilled pianist especially, will appreciate the pure, soft, sweet, melodious tone, the soft touch and the well proportioned lines of this magnificent instrument. It will beautify any home. With it you are always ready to entertain. It will keep the children home and provide fun and entertainment to the family circle. For a cheerful, happy and contented home, nothing can excel a Windsor Player Piano.

The player mechanism is entirely hidden within the case and does not interfere at all with its use as a regular piano. It is impossible for us to describe the details of the player mechanism and its construction in this limited space, but if you are interested in the slightest way, send for our special piano book, which describes the Windsor Player Piano, its superior construction and many points of advantage.

Not only is it suitable as a home entertainer, but it is also in great demand in ball rooms, clubs, schools, societies, ice cream parlors, stores and public places of every kind where pleasant entertainment is desired at small cost and no inconvenience.

Price includes combination piano and Player bench, handsome velour scarf, 12 rolls of player music. (You may select these from the following page), and a complete Instruction Book and certificate for music lessons at reduced prices, as explained in our Special Piano Catalogue.

Sold on Time Payments—$10.00 down and $8.00 per month.

Nothing Can Take the Place of a Piano

Colonial Windsor—$5.00 A Month

251C6005—Walnut Veneered ..... } $238.00
251C6007—Mahogany Veneered ..... }

Shipped from factory near Chicago
Shipping weight, boxed, about 900 pounds.

Height, 4 feet, 9 inches; width, 5 feet 3 inches; depth, 2 feet 3½ inches.

This is a genuine Windsor Piano, possessing all the artistic features of our higher priced pianos. In other words, it differs only in style of case. The latter, as shown by the illustration, is the strictly plain or Colonial design, the same style that is now being featured by all the old line companies and which is very popular in all the large cities.

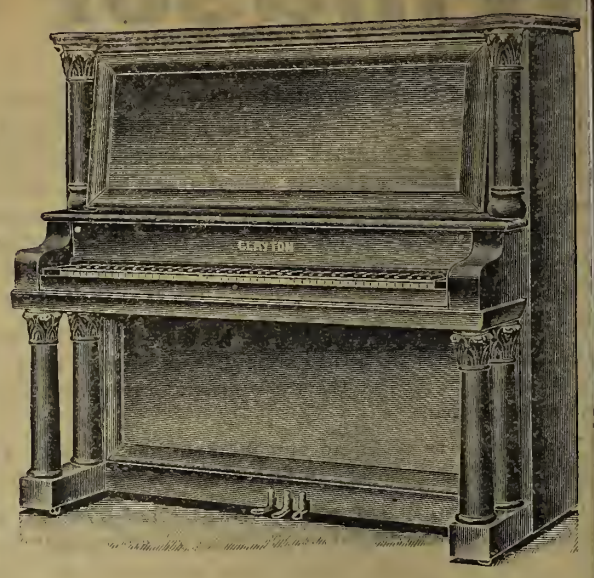
It is a beauty in appearance and the equal of pianos usually sold at $350.00 to $400.00.

The case is of well seasoned hardwood, double veneered all over with either fancy American Walnut, as illustrated, or rich dark mahogany. Veneers are of selected quality, with graining carefully and evenly matched. Its beautiful tone will please any musician.

A complete description given in our special Piano Catalogue. Send for a copy.

Price includes handsome four-legged stool, velour scarf and complete Instruction Book and certificate for Music Lessons at reduced prices.

Clayton Pianos



While our Clayton Pianos are quoted at remarkably low prices, they are of a much better grade compared with pianos usually sold at similar figures. Clayton Pianos are made in a large, thoroughly organized factory, near the city of Chicago, by experienced workmen.

In durability, quality of materials, finish and tone quality they are equal to those sold by retail dealers at just about double our prices. While in every instance we recommend our Windsor as the piano you should buy, we not only guarantee the Clayton for 10 years, and to be precisely as represented, but ship them under the same liberal terms as our other higher grades.

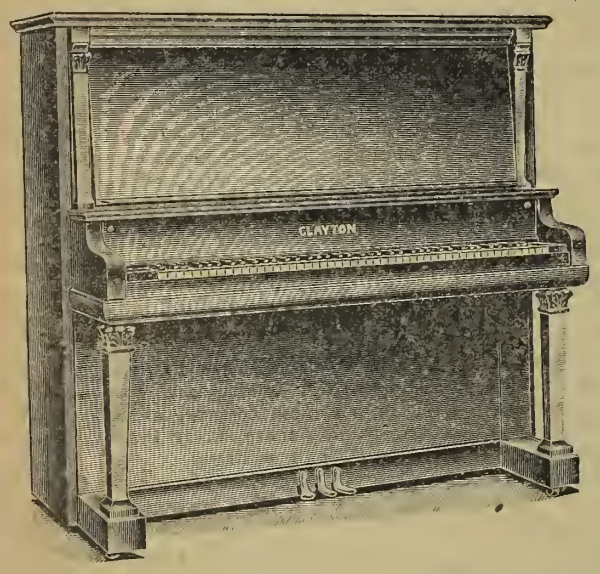
Clayton Cabinet Grand—$5.00 A Month

251C6002—Mahogany Veneered ..... } $198.00
251C6004—Quarter-sawed Oak Veneered ... }

Shipped from factory near Chicago.
Shipping weight, boxed, about 1000 pounds.

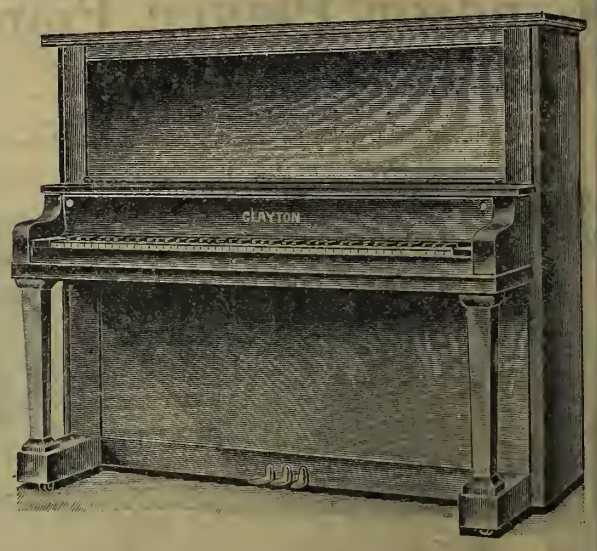
Height, 4 feet 9½ inches; width, 5 feet 3½ inches; depth, 2 feet 3½ inches.



Clayton Models are slightly lower in price than Windsor and are offered to those who do not desire to invest in the higher priced instruments. They are, however, excellent value for the money, and are guaranteed for 10 years.

The case is rich and massive in appearance and is staunchly built from top to bottom.

The sounding board is extra quality, Mountain grown Spruce, free from imperfections, and as resonant as an old violin. The Action is finely adjusted, of the repeating type equipped with Billing's brass flange which prevents keys from sticking. The tone is clear and true.



A complete description given in our special Piano Catalogue. Send for a copy.

Price includes four-legged stool to match, handsome velour scarf, complete Instruction Book and certificate for music lessons at reduced prices.

Special Catalogue

A complete description of every piano we sell is given in our special Piano Catalogue. If you are thinking about getting a piano, a copy of this book will open your eyes to some strange but true piano facts. A post card brings it. Send for it today.

Shipped from factory near Chicago.
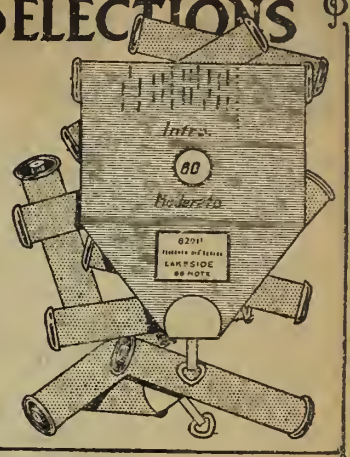
Shipping weight, boxed, about 800 pounds.

Height, 4 feet 7 inches; width, 5 feet 2½ inches; depth, 2 feet 3½ inches

Our lowest priced piano. Intended for schools, churches, lodge halls, clubs, music rooms, and other places where a low-priced instrument is wanted, and which will not be in regular use day by day. For this purpose it will be found very satisfactory. Fully equal to pianos sold for $200.00. We recommend Windsor in preference to these, as they are guaranteed for 25 years, while Clayton Pianos are guaranteed for 10 years.



A full description given in our Special Piano Catalogue. Send for a copy.

A four-legged stool, velour scarf, complete Instruction Book and certificate for music lessons at reduced prices, included with each order.

PLAYER PIANO ROLLS - LATEST SELECTIONS

Our Lakeside Music Rolls, listed below, have been selected with great care from a line of recognized merit and comprise the best and newest selections in classical, operatic and popular music. The perforations in each roll are accurately and scientifically cut and, when correctly played, will produce music which, in smoothness and tone, closely approaches that of the expert pianist.

Lakeside Player Piano Rolls

All Lakeside rolls are made of a tough, durable paper, especially prepared. They are fitted with hard rubber ends or flanges, which will not swell, crack or shrink and are not susceptible to changes in weather, which cause contraction or extension and affect the tracking of the rolls, as in ordinary wooden ones. They have double linen tabs with metal rings on end, and can be played on any standard 88-note piano player or player piano.

The perforations are player piano size and accurately cut. They produce true tones and eliminate all possibility of wrong notes being played. The arrangements throughout are faithful reproductions of the original score and play exactly as the composer wrote them.

All Lakeside rolls are from 4 to 8 feet longer than most others. Nearly all of the popular song rolls contain two verses and three choruses. Each roll comes packed in a durable board box. Prices of rolls vary according to their length. The following comparison will give you an idea of the worth-while savings which our prices mean to you: Retail price, 75c; our price, 29c. Retail price, $1.00; our price, 40c. Retail price, $1.25; our price, 50c. Retail price, $1.50; our price, 60c. Retail price, $1.75; our price, 70c.

These music rolls are packed for Parcel Post shipment. Even after you pay the transportation charges, your saving will be a big one.

HOW TO ORDER

The selections are grouped according to price. In ordering give the article number at the top of each price group and then roll number, name of the piece and price. For example: Article No. 51C6104—Roll No. 9567—"After Glow." Price, 29c.

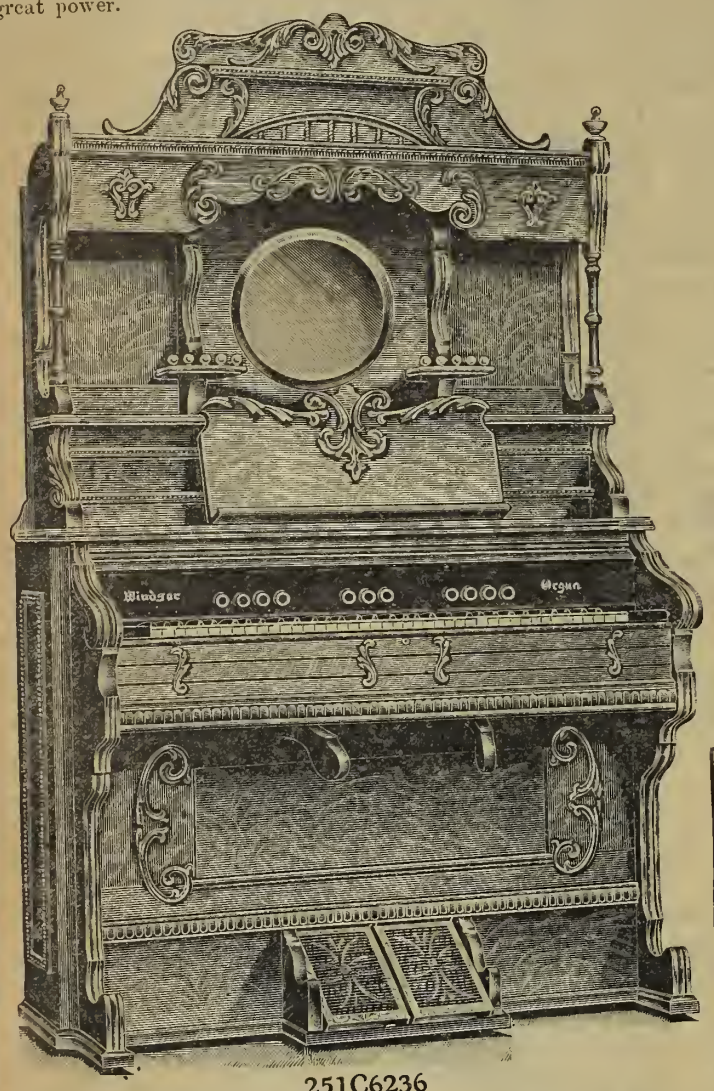
Windsor Organs Mean Savings and Satisfaction

Windsor is simply our own name, given to organs manufactured for us by one of the best makers of reed organs in the United States. Windsor Organs have been before the public for many years, and are known as quality organs from one end of the country to the other.



Each piece of material entering into their construction is selected with the utmost care. All wood is thoroughly air-seasoned for years, and then kiln dried before it is ready for the factory. Windsor Organs are built by specialists, from first to last. The men engaged in this work are experts. They have devoted years to the study and work of organ building. The combination of perfect materials and perfect workmanship has resulted in producing an organ that is a delight to all lovers of music. The tone of all Windsor Organs is of a full, rich quality, very pleasing to the ear, and capable of great power.

The surest test of the worth and musical qualities of a Windsor Organ is to try it in your own home. Send for one on 30 days' trial, as explained below, and let the instrument itself prove to you that it is all and more than we have claimed for it.

With each organ we include, without extra charge, a revolving adjustable stool, complete Instruction Book and Certificate for 50 Music Lessons at reduced prices.

Our Guarantee

Every Windsor Organ is guaranteed for 25 years against imperfect materials or workmanship. If any Windsor Organ should prove defective within that time, we will make all repairs free of cost to you.

251C6236

Windsor Parlor Grand Organ

Handsome Solid Oak Case

Height, 83 in. Width, 54 in. Depth, 24 in. Shipping weight, about 500 lbs.

Shipped from factory in Northern Kentucky.

This is the Leader of our Organ Line. We know of no other organ manufactured today, with such purity, sweetness and volume of tone, and such magnificent appearance, that can be bought for anything like our price. Remember, an organ is something that you buy only once or twice in a lifetime. You want an instrument built for service, day in and day out; if necessary, an organ that will stand even the none too gentle treatment of children. The Windsor Parlor Organ meets this need. The tone, which is its most important feature, is produced from a double set of reeds, and in quality and power is unexcelled by any organ made with the same number of reeds.

Details of Construction.

The Case is remarkably handsome, of massive proportions and well made of highly seasoned, genuine oak, in golden finish. The finish of an organ is of the utmost importance. It takes several coats of expensive varnish, applied by skilled workmen, to finish a Windsor Parlor Case. The Music Desk is very large, suitable for duet music, and is hung to give easy access to the music compartment. The elaborate and graceful carvings are all done by hand. Strong, carved columns support the top, which has been carefully designed so as not to appear too heavy. This is a fault quite common in some makes. The top is fitted with a large, round, beveled French-plate mirror; bric-a-brac shelves, and lamp stands. The case has double thickness projecting ends; heavy feet, fitted with smooth-running, hardwood rollers; iron axles; three-ply unbreakable back; solidly screwed to case and hinged, for convenient access to inside of organ. Has ebonized nameboard and stop-knobs; genuine raised pattern mouldings; nickeled and polished pedal frames. The pedals are covered with the best grade carpet.

The action is the latest improved type, with 11 stops, 5 or 6 full octaves of keys, with ebonized sharps. It has 122 or 146 high-quality reeds, tuned and voiced by hand to exact international pitch.

The reeds are all heavy-tongued, double riveted, and hand filed, divided as follows: (5½-octave size) 24 Principal, 49 Melodia, 24 Diapason and 49 Celeste reeds. They are controlled by the following 11 stops: For the Bass, Diapason, Dulciana, Principal, Diapason Forte, Bass Coupler; for the treble, Vox Humana, Melodia, Cremona, Celeste, Principal Forte, and Treble Coupler. The Stops together with the Grand Organ and Swell Organ Knee swell, give perfect control over the instrument. They are conveniently located, and the stops may be drawn without lifting the fingers from the keys. The Windsor Parlor Organ is fitted with a Pneumatic Qualifying tremolo, which gives a beautiful wavy or quivery effect to the treble notes. Every moving part is felted to overcome any possibility of rattling.

The tone is rich, clear, full and sweet. The organ may be played very soft and low, or with great volume and power, without disturbing the tone quality.

The bellows are of large size, constructed in a way to supply a steady flow of air without jerking. They operate noiselessly and easily.

A Stool, with revolving adjustable top, is sent without extra charge with each organ, also Instruction book and Certificate for Music Lessons at reduced prices.

30 Days' Trial

So that you can test it for yourself, we will ship any Windsor organ anywhere in the United States on 30 days' trial. Send us your order and the money. If after 30 days it doesn't entirely satisfy you, return it, and we will refund your money and all transportation charges.

Music Lessons

With every organ we send a certificate which entitles you to a course of 50 lessons by mail, through the National Academy of Music of Chicago, at a special price of $1.00 for each 12 lessons. Ordinarily these lessons cost 50 cents each.

251C6226

$63.00 and up — Windsor Orchestral Grand

251C6220 — In Quarter-sawed Oak Veneered Case

Height, 83½ in.; length, 55 in.; depth, 23½ in. Shipping weight, about 500 pounds.

Shipped from factory in Northern Kentucky.

The Orchestral Grand Organ is one of our best sellers. Its popularity is partly due to its beauty of design and finish, but principally to its superb tone qualities. The ornamentations are modest and neatly executed and the large French Plate Mirror effects add greatly to its attractiveness.

Note Its Superior Construction

The Case is a special model, made expressly for Montgomery Ward & Co. Made of selected Oak with quarter-sawed panels, finished in the popular golden color, highly varnished and thoroughly hand rubbed, with smooth surface polish.

The Base is substantially built, with heavy end pieces and concave mouldings at side. The cheeks or pieces at end of keyboard are of extra thickness, ornamented with fancy carvings and headed front, supported by strong and neatly turned trusses. The lower front section is fitted with sunken panel, with fancy scalloped moulding around sides. The Pedals are set in strong frames, covered with Brussels carpet and protected with a fancy metal-bound foot-rest.

The Top is finely constructed, as well as handsomely designed. It is a very stylish canopy pattern. Upper section is elaborately hand carved and is supported by four substantial pilasters, turned and finished to match the trusses. It is also fitted with one large beveled French plate mirror in center, size 10x22 in., with fancy top, and two oval mirrors at sides, size of each, 8x16 inches.

The Music Desk is of an ornamental pattern with carving at top; has receptacle underneath for music, and lamp protectors at sides.

The Finish of the organ is in keeping with its artistic appearance. Four coats of the best varnish are applied, each being rubbed down with pumice stone, rotten stone and oil, and finely hand polished. This process forms a lasting finish, which requires but little care to keep it always bright.

Grand Orchestral Actions

The Orchestral Grand Action used in this organ particularly the large 17-Stop combination is not only powerful in volume, but is voiced in such a manner as to produce a pure tone of great carrying quality. The complete stop-action affords the organist an exceedingly wide range in tone shading. Besides, the most perfect harmonic combinations are possible. We can furnish this organ in either five or six octaves.

The tone of the Orchestral Grand Organ is its most desirable and fascinating feature. It is fitted with a perfect action or music making combination, a large but easy action bellows and quick, responsive keyboard. We list this organ in four different styles, but the variation in price is due entirely to the compass of the keyboard and the size of the actions used. We recommend under all circumstances the larger reed combinations, as it enables the organist to render all grades of music, in a more artistic manner than with the smaller sizes. The stops and knee swells are of the latest improved style, quick and accurate, and conveniently arranged.

Shipped from factory in Southern Ohio.

Price includes stool, scarf, instruction book and certificate for music lessons at reduced prices. Height, 4 ft. 8 in. Length, 5 ft. Depth, 2 ft. 2½ in. **Shipping weight, about 550 lbs.**

A regular Organ or Reed action (no strings), in a piano case. Combines the rich, deep tone of the organ with the attractive appearance of the Upright Piano. Sent on 30 days' trial.

The Case is a perfect reproduction of the modern Upright Piano, plainly finished and richly polished. Substantially built throughout. Outside veneered all over with cross-handed mahogany or walnut veneers. Has large, lower front panel and is mounted on heavy casters. The upper front section is neatly ornamented, finished with pilasters to match trusses, and ¾ swinging music rack at bottom.

Tone—Besides a substantial, graceful and well finished exterior, this organ has the proper quality, power and variety of tone. In this important respect it has few equals. It combines the three principal qualities of tone found in the great Pipe Organs: String, Reed and Wind (flute).

The Bellows and Pedals—Our Bellows and Pedal Action is one of the best invented. A child large enough to reach the pedal from the organ stool can operate the bellows with perfect ease. No straps to stretch or wear out, and no lost motion. The pedal is one solid piece of iron, bent upward (inside of case) to a point where it is connected to the lifter. The pedals (outside) are shaped exactly like piano pedals, and are nickel plated, as is the pedal guard.

Has two different actions, each containing the highest grade, extra broad, double-riveted Orchestral Reeds as follows: **Two-Stop Action,** 7⅓ Octaves, 88 Keys. Reeds: 35 Diapason, 53 Melodia, 35 Viola, 53 Celeste—176 in all. **Six-Stop Action,** 7⅓ Octaves, 88 Keys. Reeds: 35 Diapason, 53 Melodia, 35 Viola, 53 Celeste, 35 Harp Aeoliao, 53 Cello—264 in all.

Choral Grand Chapel Organ

This Organ is made especially for churches and large Sunday Schools, where power and volume are required. Equipped with our Grand Orchestral Action: 257 Reeds, 5 Octaves, 18 Stops; or 305 Reeds, 6 Octaves, and 18 Stops, including one set Sub Bass Reeds.

The Case is a masterpiece in Gothic design. It is built of carefully selected golden oak, varnished and hand polished. Heavy and massive. Has turned columns, supporting hand-carved caps. Keyboard neatly ornamented with square corner posts and lamp shelves. The ends and lower front section are built with deep panel effects.

Top is handsomely ornamented with heavy end brackets and fancy music rack in center. Key slip is also neatly paneled. Back of case is paneled and ornamented. Has ebonized name-board, stop knobs and key blocks and hardwood casters. The Pedals are covered with best grade Axminster carpet.

Tone is full and rich in quality, capable of great power. Owing to its wonderful and responsive stop action, tone is susceptible to modulations to suit every variety of tone shading, as well as every caprice of the professional organist.

If you are about to purchase an Organ for your church or school, send us your order and permit us to submit a Windsor for inspection and thorough trial. If it does not measure up to your requirements, you are under no obligations to keep it. With this organ we include a magnificent bench, instruction book and lesson certificate.

Chapel Organ

A medium-sized chapel style, recommended for small churches, lodge halls or schools.

The Case Design is unusually attractive. Made of solid Oak, well varnished and hand-rubbed. Has substantial checks, with fancy pressed work centers, supported with square-shaped tapering trusses. Pedals are covered with Brussels carpet and have metal frames. Back of case is finished to correspond with front. There are two styles of the highest Windsor grade action. All Reeds are especially tuned and voiced for church service. Reeds are divided into four sets: Principal, two Octaves; Diapason, two octaves; Melodia and Celeste, three octaves each. Two Knee Swells.

11 stops, as follows: Diapason, Dulciana, Principal, Diapason Forte, Bass Coupler, Vox Humana (tremolo), Melodia, Cremona, Celeste, Principal Forte, Treble Coupler. The tone is full and clear, and of sufficient power to carry a congregation of 200 voices. The fifteen-stop action has 183 Reeds, and will carry a congregation of 300 voices.

Bench to match Organ, complete Instruction Book and Certificate for music lessons at reduced prices included.

Shipping weight, 400 pounds.

The Violins of Quality

Liberal Trial Offer

We will ship any Violin you may select on receipt of your order, accompanied by our Catalogue price of the instrument, to any point in the United States, with the understanding that you can give it a trial for ten days. If at the expiration of this time, you are not thoroughly satisfied with the tone, quality, finish, and feel that it doesn't represent better value than you can buy elsewhere, return it. We will not only refund full purchase price, but will pay the transportation charges both ways.

Three-Quarter Size Violin for Children

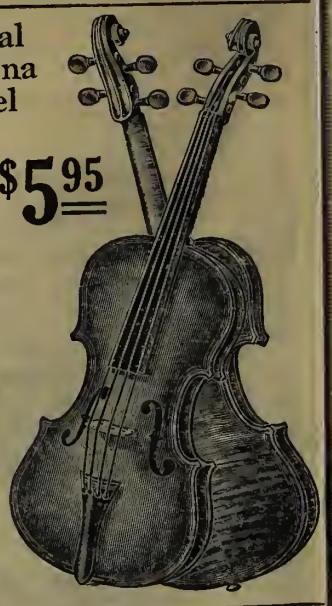
Stradivarius Model

51C6354

$4.75

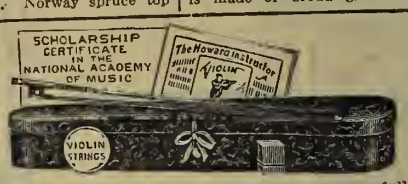
With Complete Outfit

These small Violins, are intended for young children from eight to twelve years of age, who cannot handle the full sized instruments. The small Violins we carry in stock are all the three-quarter size, as there is but little demand for any smaller instruments.



Three-quarter sized violin, Stradivarius Model, with curly maple back and sides. Two-piece back. Norway spruce top in shaded reddish color, highly polished. The neck is made of curly maple. Violin is fitted with ebonized fingerboard, tail piece and pegs. The shell is well finished inside, is full lined and has a good tone. **Price includes complete outfit shown at right.** The instruction book is simple and easy for children to understand. Music loving children will like this outfit immensely. Shipping weight, with outfit, 8 lbs.

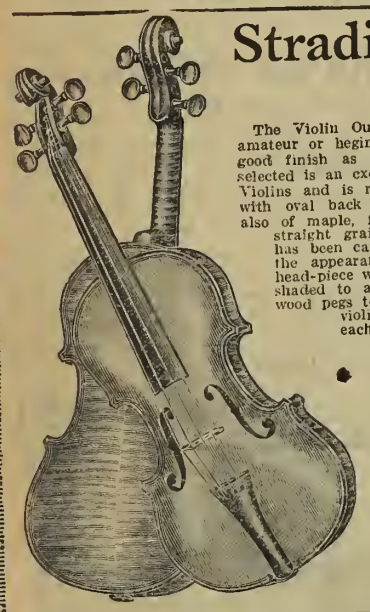
Our Violins Are Recommended for Their Superior Tone Quality



We show in this Catalogue the best line of Violins, from the standpoint of **tone quality, durability and finish**, that we have ever presented. This high standard is due to the fact that we quote a large number of American instruments which are now recognized by leading violinists as possessing a superior quality and power of tone even in the most inexpensive grades. Another interesting feature is that by placing large contracts with the leading American makers we are in a position to quote a scale of prices on these high-grade violins that in most cases is less than half the regular retail figures.

Special Cremona Model

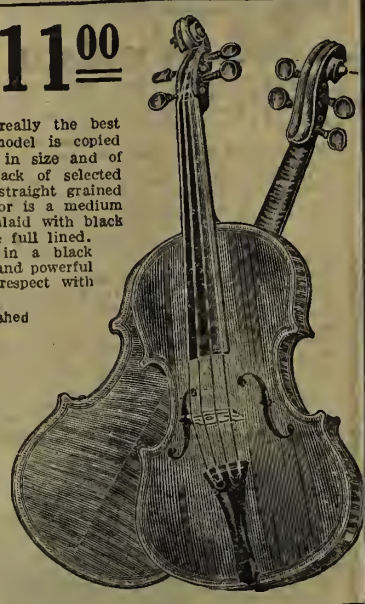
51C6305 $5.95



This violin is recommended to the music student who is in search of a good toned and well made violin, with outfit complete, at a medium price. It is this popular Cremona model of rather large size. Finely proportioned. Body is well arched through center and shell with ample depth at the bridge. Flamed maple back with sides to match. Top is made of broad grained spruce. Upper and lower edges are inlaid with purfling. Sound holes are neatly formed, full blocked and lined inside. Color is of a rich dark red, shaded on the outer edges to a medium amber, covered with varnish and is highly polished. Neck is of fine curly maple, strong head-piece with neatly carved scroll. Ebonized pegs, finger-board and tail-piece. **The complete outfit shown at left is sent with each order.** Shipping weight, complete, 6 pounds.

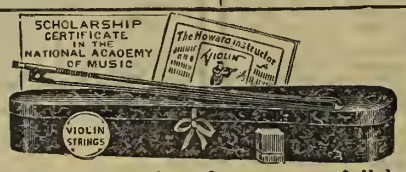
Outfit consists of neat pasteboard case, one full length Brazil wood bow, with ebonized frog, metal button, one Howard Instruction Book, extra set Lyric steel strings, one cake resin, one fingerboard chart, one Partial Scholarship Certificate.

Stradivarius Model $8.85



51C6306

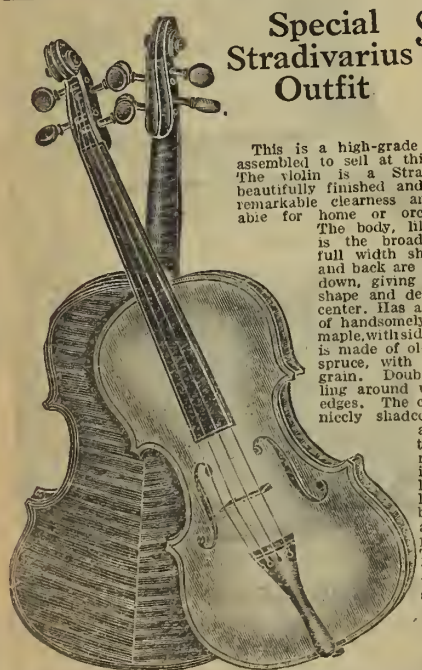
The Violin Outfit represented here will meet the requirements of the amateur or beginner who is particular as to correct model workmanship, good finish as well as rich quality and volume of tone. The violin selected is an excellent hand-made copy of one of the famous Stradivarius Violins and is really of exceptional value, considering our price. Made with oval back of hard flamed, broad grain maple. Side pieces are also of maple, finished to match back. The top is of selected spruce, straight grained and neatly moulded around the edges. The body has been carefully shaped and rounded in the middle section, giving the appearance of a high-grade instrument. Has maple neck and head-piece with carved scroll. The color is the popular reddish brown, shaded to amber. Black ebonized fingerboard and tail-piece, hard-wood pegs to match. The tone is clear, and of unusual power for a violin of this grade. **This outfit shown below is included with each order without extra charge.** Shipping weight, 6 pounds.



American Model $11.00

51C6307

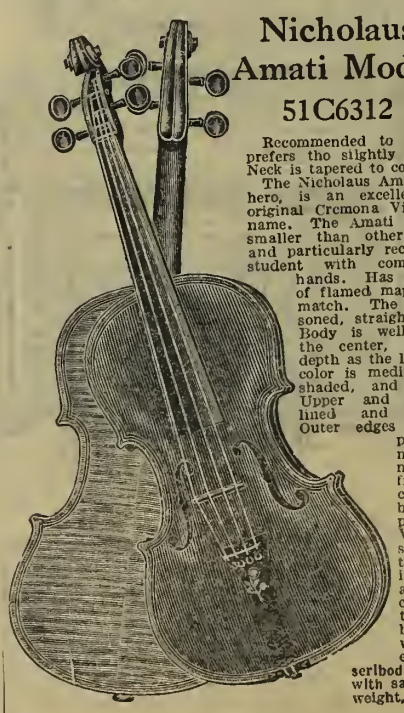
This violin is of American manufacture and is really the best toned instrument ever offered at this price. The model is copied from the well known Stradivarius, the shell is large in size and of good depth through center. Made with one-piece back of selected flamed maple, with sides to match. The top is of straight grained spruce. Sound holes are accurately shaped. The color is a medium red, neatly shaded and hand polished. Edges are inlaid with black purfling and inside is securely blocked, and edges are full lined. The fingerboard, pegs and tailpiece are hardwood in a black polished ebony finish. The tone is exceptionally clear and powerful in every register; in fact, it will compare in this respect with violins sold at double our price.



This outfit illustrated and described below is furnished with each violin. Shipping weight, 6 pounds.

Outfit consists of neat pasteboard case, one full length Brazil wood bow, with ebonized frog, metal button, one Howard Instruction Book, extra set Lyric steel strings, one cake resin, one finger-board chart, one Partial Scholarship Certificate.

Special Stradivarius Outfit $12.75

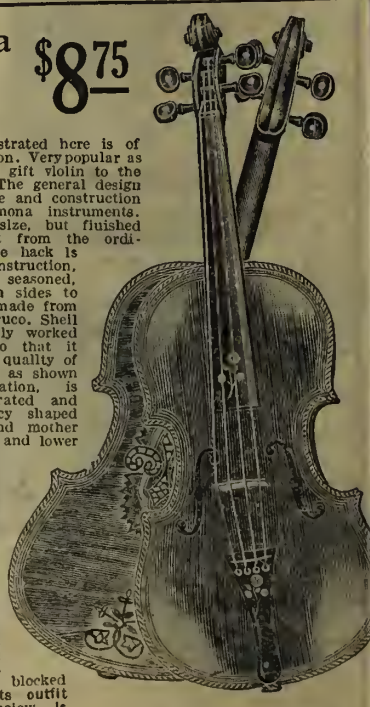


51C6309

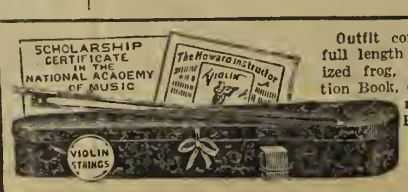
This is a high-grade outfit we have assembled to sell at this special price. The violin is a Stradivarius Model beautifully finished and has a tone of remarkable clearness and power, suitable for home or orchestra playing. The body, like the original, is the broad pattern, with full width shoulders. Front and back are carefully worked down, giving the proper oval shape and depth through the center. Has a two-piece back, of handsomely figured flamed maple, with sides to match. Top is made of old, well seasoned spruce, with narrow, straight grain. Double row of purfling around upper and lower edges. The color, a rich red, nicely shaded, covered with a high quality transparent varnish and polished. This violin is double lined and full blocked inside and has long pattern bass bar. The fingerboard, tail-piece and pegs are of smooth, hard ebony-finished wood. The neck is maple, accurately tapered. Head-piece, neatly reamed out on back and has finely carved scroll. **The complete outfit described below is included with each order without extra charge.** It is impossible to describe the richness and power of tone produced by this Violin. We will gladly ship it to any address on approval as outlined in our trial offer at top of page.

Nicholaus Amati Model $7.25

51C6312



Recommended to the student who prefers the slightly narrowed model. Neck is tapered to correspond to body.



The Nicholaus Amati Model, quoted here, is an excellent copy of the original Cremona Violin bearing this name. The Amati design is a trifle smaller than other Italian models, and particularly recommended to the student with comparatively small hands. Has a two piece back of flamed maple, with sides to match. The top, highly seasoned, straight grained spruce. Body is well arched through the center, giving the same depth as the large models. The color is medium amber, nicely shaded, and highly polished. Upper and lower edges are lined and blocked inside. Outer edges are inlaid with purfling. The neck is curly maple, having a finely carved scroll, ebonized fingerboard, and tail-piece. The Amati Violins are but slightly smaller than the Stradivarius models, and are really considered equal to the best, even by the professional violinists. **The complete outfit described below is sent with each order.** Shipping weight, 6 lbs.

Cremona Model $8.75

51C6316

The violin illustrated here is of unique construction. Very popular as a presentation or gift violin to the young student. The general design is similar in style and construction to the old Cremona instruments. Full regulation size, but finished entirely different from the ordinary violin. The back is a two piece construction, made from well seasoned, plain maple with sides to match. Top is made from broad grained spruce. Shell has been carefully worked out by hand, so that it possesses a good quality of tone. The back, as shown in the illustration, is elaborately decorated and inlaid with fancy shaped colored wood, and mother of pearl. Upper and lower edges are ornamented with corded moulding, and also has two rows of purfling. Fingerboard and back ornamented with mother of pearl. Fitted with polished ebonized tail piece, inlaid with colored pearl. The neck is maple and has the usual carved scroll. Body is full lined and blocked inside. **Complete outfit as described below is sent without extra charge with each order.** Shipping weight, 6 pounds.

Outfit consists of neat pasteboard case, one full length Brazil wood bow, with black ebonized frog, metal button, one Howard Instruction Book, extra set Lyric steel strings, one cake resin, one fingerboard chart, one Partial Scholarship Certificate. This excellent outfit included without extra charge with each of these three violins.

Violin Strings on page 485, other Supplies on page 480

Carlo Bergonzi Model Violin

$14.75

51C6318

This is one of our specials, selected particularly on account of its artistic shape, beautiful finish and ringing tone. The violin is a fine reproduction of a Carlo Bergonzi (a famous Cremona Maker), and is one of the most unusual violin values offered at such a low figure. This model is rather large, the back and front being well arched in center, giving the shell ample depth at bridge. It has a two-piece back of flamed maple, with sides to match. Selected, well-seasoned spruce top. Sound holes are perfectly formed. Has a row of purfling inlaid around upper and lower edges. The shell is double-lined inside, and the color is a uniform, medium red, covered with transparent varnish, and brilliantly polished. Flamed maple neck. Neatly carved scroll. French style ebonized pegs, fingerboard and tailpiece. Violins of this grade sell regularly at from $18.00 to $20.00. **Put up in wooden case with outfit shown at right.** Shipping weight, 8 pounds.

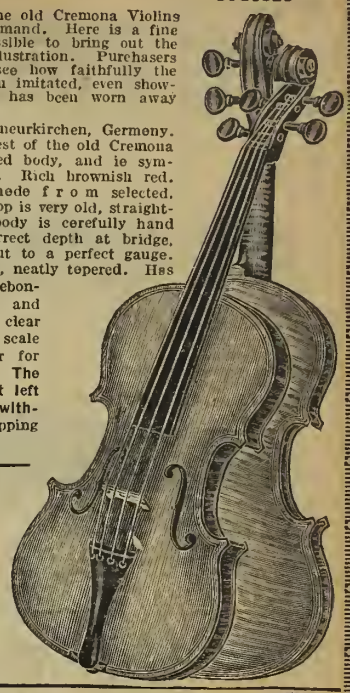
The Violins of Quality

Construction of our Violins

The Value of a Violin as a musical instrument depends entirely upon the material and workmanship. As the chief components are various woods, the selection requires the greatest care. The wood must pass through a long seasoning process, which in our medium and best grades, requires years in the open air, as well as a final kiln drying in order to put the materials in the best possible condition.

The Workmanship—In order to build a Violin of the correct proportions, inside and out, to produce a full rich tone that will improve with age, requires not only a thorough knowledge of the art, but long and practical experience. Our Violins are made by experts, who know exactly how to construct each part to get an instrument with the purest tone and greatest carrying power.

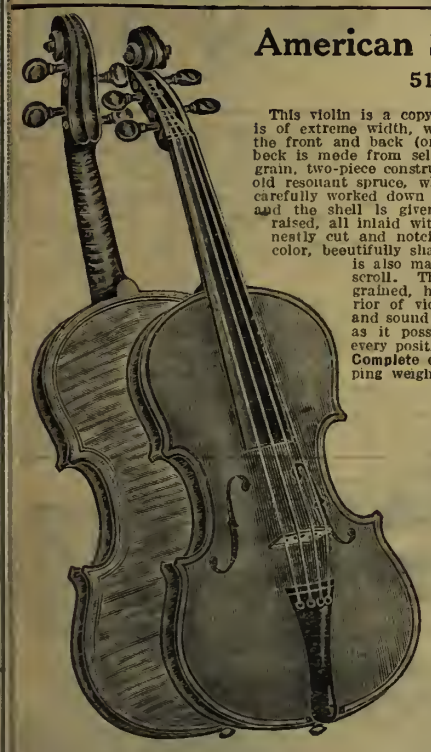


Outfit consists of a fine wood case, glossy black finish, half lined with flannel; fitted with brass finished hooks, handle and lock; one nicely tapered Brazil wood bow, with ebonized frog; metal button, one set good gut strings, one complete Instruction Book, one finger-board chart, one cake resin, one Partial Scholarship Certificate.

Imitation Old Cremona Model

$14.95

51C6320



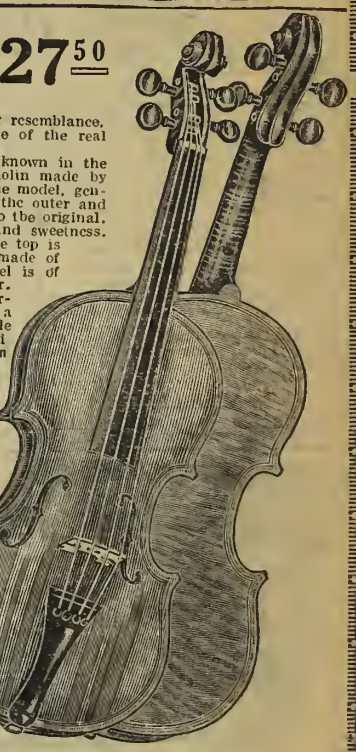
Fine imitations of the old Cremona Violins are always in great demand. Here is a fine specimen. It is impossible to bring out the full details in the illustration. Purchasers will be surprised to see how faithfully the original model has been imitated, even showing where the varnish has been worn away by the chin.

Made for us in Markneurkirchen, Germeny. It is copied from the best of the old Cremona masters. Has full sized body, and is symmetricelly proportioned. Rich brownish red. Back and sides are made from selected, flamed maple, and the top is very old, straight-greined spruce. The body is carefully hand moulded. Has the correct depth at bridge, and sound holes are cut to a perfect gauge. The neck is curly maple, neatly tapered. Has neat scroll, fitted with ebonized pegs, fingerboard, and tail-piece. The tone is clear throughout the entire scale and of sufficient power for regular orchestra work. **The complete outfit shown at left is sent with this violin without extra charge.** Shipping weight, 8 lbs.

American Stradivarius

51C6330

$22.50



This violin is a copy of one of the best Stradivarius models. The body is of extreme width, which gives the greatest possible vibrating surface to the front and back (or sounding boards), hence its wonderful tone. The back is made from selected, highly seasoned maple, with broad, irregular grain, two-piece construction. Has sides to match. Top is made from very old resonant spruce, with straight, narrow grain. Both top and back are carefully worked down from the center, so that the middle is nicely arched, and the shell is given the proper depth at bridge. Edges are slightly raised, all inlaid with double row of black purfling. The "F" holes are neatly cut and notched in center. The oil varnish is a medium amber color, beautifully shaded, and given a brilliant French polish. The neck is also made of maple, neatly tapered and has perfectly carved scroll. The pegs, fingerboard and tailpiece are made of fine grained, hard-boxwood with a black ebony finish. The interior of violin is full lined and blocked, fitted with bass bar and sound post. We recommend this Violin to orchestra leaders as it possesses a really wonderful tone. Rich and clear in every position. Send for one and give it a trial at our expense. **Complete outfit shown below included with each order.** Shipping weight, 8 lbs.

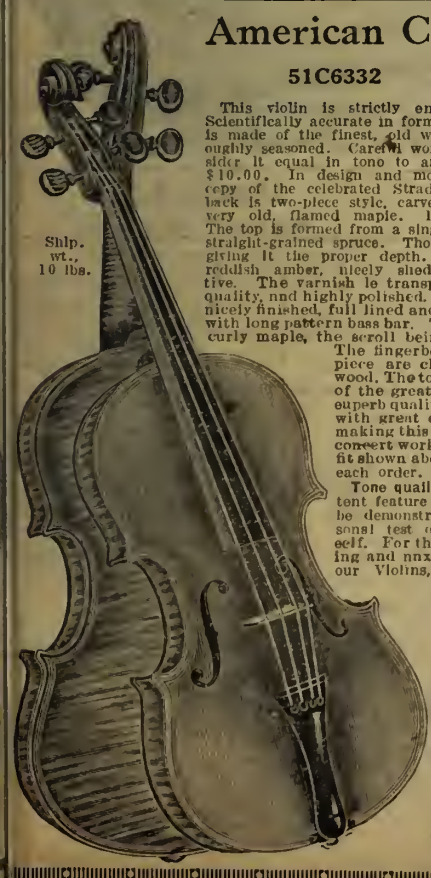
Earl of Wilton Violin

51C6343

$27.50

The Earl of Wilton Violin illustrated here, bears a strong resemblance, not only in tone quality but in general appearance, to one of the real Cremonas.

The violin is a perfect copy of the famous Amati violin, known in the music world as the Earl of Wilton. We are having this violin made by an American artisan who has not only perfectly reproduced the model, general appearance and color, but has also carefully graduated the outer and inner surface of the shell to correspond as nearly as possible to the original. It possesses a full round tone of wonderful carrying power and sweetness. The wood from which it is made is of the best quality. The top is made from very old, straight-grained spruce. The back is made of one-piece of flamed maple with sides to match. The model is of the proper proportions, of good depth through the center. Outer edges neatly moulded and inlaid all around with purfling. It is finished with an oil varnish and the color is a deep amber. Nicely shaded and polished. The neck is made from curly maple, with a perfectly carved scroll. Fingerboard pegs and tailpiece are of ebony finish. **Complete outfit shown below is included.** Shipping weight, 10 lbs.



This outfit is furnished with Violins No. 6330, 6332, 6343, 6346 and 6348. Outfit consists of case, covered with water-proof Keratol, finished in imitation of black pebbled leather; one finely balanced and tapered Brazil wood bow; extra set of fine gut strings; one violin chin rest; one complete Instruction Book; one collection of Popular Violin Pieces, with piano accompaniment; one set tuning pipes, E, A, D, G; one box of resin; one fingerboard chart; one Partial Scholarship Certificate.

American Cremona

51C6332

$32.50

Ship. wt., 10 lbs.

This violin is strictly an American product. Scientifically accurate in form and dimensions. It is made of the finest, old wood obtainable, thoroughly seasoned. Careful workmanship. We consider it equal in tone to any violin sold under $10.00. In design and model it is a splendid copy of the celebrated Stradivarius violins. The back is two-piece style, carved from one block of very old, flamed maple. Has sides to match. The top is formed from a single block of resonant, straight-grained spruce. The shell is well arched, giving it the proper depth. The color is light reddish amber, nicely shaded, and very attractive. The varnish is transparent, of the finest quality, and highly polished. The interior is also nicely finished, full lined and blocked, and fitted with long pattern bass bar. The neck is made of curly maple, the scroll being perfectly carved. The fingerboard, pegs and tailpiece are choice, ebonized boxwood. The tone, which is a feature of the greatest importance, is of superb quality, full and resonant, with great carrying power, thus making this model well suited for concert work. The complete outfit shown above is included with each order.

Tone quality is the most important feature of a Violin and can be demonstrated only by a personal test of the instrument itself. For this reason we are willing and anxious to send any of our Violins, especially this new American Models, to any address in the United States on approval.

If any violinist, amateur or professional, is not satisfied after a thorough inspection and an actual trial that we are giving better values than he can obtain elsewhere, it is only necessary to return the instrument and we will not only refund full purchase price, but will pay transportation charges both ways.

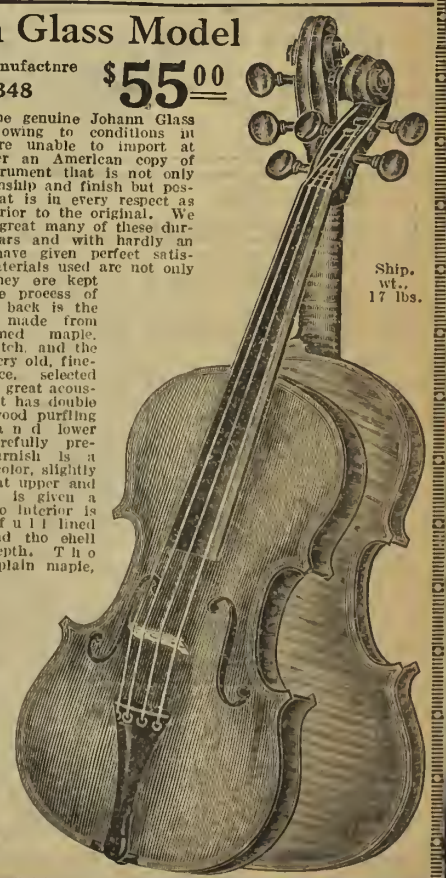
$35.00

Ship. wt., 10 lbs.

This violin is an artistic reproduction of the famous Kubelik violin. It is of the well known Guarnerius model, of rather large proportions. The finish and workmanship show at a glance that it is the product of a master-builder. The materials have been carefully seasoned for years, and finally kiln dried. Top is Norway spruce. Back and sides are beautifully figured maple. The shell has extra depth, and is full blocked and lined inside. The color is a shaded red, covered with a transperent varnish.

This violin is finished after the modern American style; that is, instead of the polish of the German maker it is given a rich, hand-rubbed dull finish. The wonderful tone of the Kubelik model furnishes its chief value, and is rarely equaled in a new instrument. It is clear and resonant in every register, is capable of the most perfect modulation, besides has great carrying power.

It has a curly maple neck with scroll neatly worked out, and full ebonized fingerboard, pegs and tail piece. It is well adapted for solo or orchestra playing, requiring only a little practical use to place it in the highest class. **Price includes outfit shown above.**



Johann Glass Model

American Manufactnre

51C6348

$55.00

Ship. wt., 17 lbs.

In piece of the genuine Johann Glass Violin, which, owing to conditions in Germany, we are unable to import at present, we offer an American copy of this famous instrument that is not only equal in workmanship and finish but possesses a tone that is in every respect as good if not superior to the original. We have sent out a great many of these during the past years and with hardly an exception they have given perfect satisfaction. The materials used are not only the best, but they are kept for years in the process of seasoning. The back is the two-piece style made from beautifully flamed maple, with sides to match, and the top is made of very old, finely-grained spruce, selected with a view to its great acoustic properties. It has double rows of inlaid wood purfling around upper and lower edges. The carefully prepared violin varnish is a beautiful amber color, slightly shaded to light at upper and lower ends, and is given a rich finish. The interior is finely finished, full lined and blocked, and the shell is of a good depth. The neck is also plain maple, rather small and perfectly tapered; the scroll is artistically formed; the pegs, fingerboard and tailpiece are made of hard ebonized wood.

The predominant feature of this violin is its sonorous flexible tone of the finest quality, absolutely perfect in every register. It has great carrying power. Price includes outfit shown above.

Violin Cases and Parts—Get a Roller Organ Cheap

Wood Case

51C6400—Full Size Violin Case. Made with solid wood shell. Has a glossy black finish on outside. Brass-plated lock and handles. Half lined with flannel. Bow rack and string box. Shipping weight, 8 lbs. Each.....**$1.25**

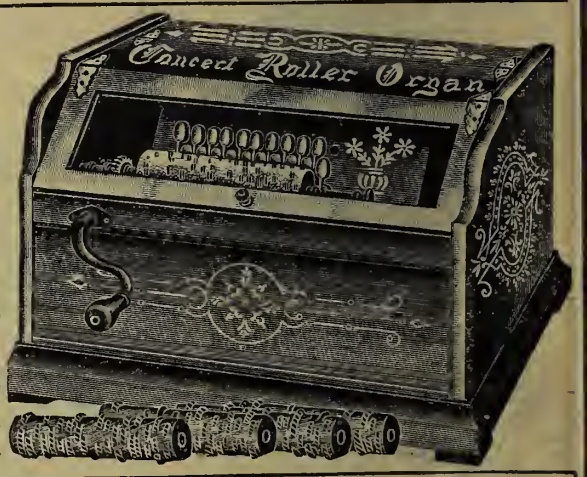
Roller Organs

The Roller Organ works on the same principle as the ordinary Swiss Music Box. The roller is thickly covered with projecting pins. When turned, these operate the steel valve keys and produce the sound. Organs have 20 full sized reeds. The quality of tone is similar to that of a reed Organ and the volume is sufficient to fill an ordinary sized hall. These Organs are not toys, but are genuine musical instruments. Easy to play. Any child can operate them. We can furnish any kind of music, and send a complete catalogue of Roller Music with every Organ.

Gem Roller Organ

51C7191—Price, $3.75

Shipping weight, 15 lbs.



Suhstantially built of thoroughly seasoned hardwood. Neatly decorated, as illustrated, and nicely finished in imitation hlack walnut. The dimensions are as follows: Length, 14½ in. Width, 12 in. Height, 8 in. It has twenty full size organ reeds and 20 steel key valves. The roller is operated by turning the crank. The gearing of this style is on outside of case. Price includes 3 rollers of our selection only.

Concert Roller Organ

51C7193—Price, $7.85

Shipping weight, 30 lhs.

Much larger than the Gem, and has a larger bellows capacity, and a greater volume of tone. Made of hardwood, finished in imitation hlack walnut. It has 20 full sized organ reeds, 20 steel valve keys and is played in the same manner as the Gem. The gearing is enclosed and protected hy swinging door of lid. Fitted with glase panel. This lid is also used as a swell by opening and closing at the proper time while playing. Dimensions of case are as follows: Length, 18 in. Depth, 15 in. Height, 12 in. Uses the same rollers as the Gem. Price includes 5 rollers of our selection only. Retail price, $10.00.

How to Order Rolls

In ordering rollers, be sure to give the article numher, and also the number opposite the roller you select. For example:

51C7195—1193. It's a Long Way to Tipperary.

Our Parlor Suites are comfortable as well as attractive and inexpensive

Our Concertone Mandolins

Are built according to the latest and best models, by experienced workmen, and are handsomely finished. They are of rather large proportions with broad sounding board, which insures a powerful though well balanced tone.

We Guarantee

every mandolin for one year against splitting or warping and agree to make good during this period, either by repairing or exchanging any instrument that may show a defect of any kind, or by refunding your money.

With every mandolin we give an extra set of strings, pick, fingerboard chart and complete instruction book.

TRADE MARK

Concertone Mandolins

Special Trial Offer

To show our confidence in the superior tone quality and finish of our Concertone Mandolins, we will ship any one selected with the understanding that you can use it from ten to twenty days in your regular practice and if it is not entirely satisfactory you may return it at our expense and your money will be promptly refunded.

Music Lessons at Reduced Prices

With every mandolin bought of us, we send a certificate from the National Academy of Music, Chicago, which entitles the purchaser to secure a course of 52 mandolin lessons at the reduced rate of 12 lessons for $1.00. Without this certificate these lessons would cost 50 cents each.

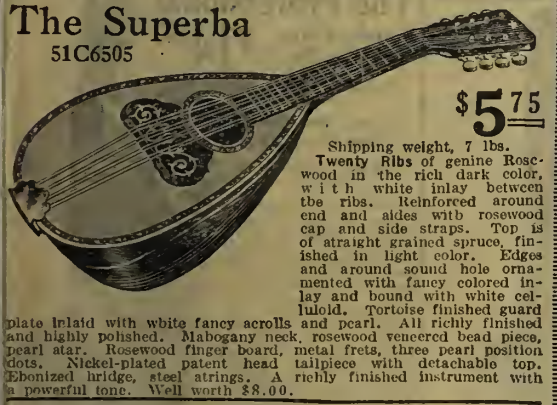
The Artist

51C6520

Shipping weight of outfit 12 pounds



$20.50

Fifty-two Rosewood Ribs with strip of white holly inlaid between all ribs. Reinforced at ends and sides with broad rosewood cap, the latter extending around underneath neck and bound with celluloid. The body is in the usual dark finish. Sounding board is of choice spruce. Outer edge, also around sound hole, is artistically ornamented with two rows of fancy colored purfling and one row of pearl figures between. Neck is of mahogany, with rosewood headpiece decorated with pearl ornaments. Sunken patent heads with one-piece cover, the latter engraved and nickel-plated. Ebonized fingerboard, bound with celluloid and ornamented with pearl side strips and fancy position ornaments. Engraved, nickel-plated tail piece with detachable arm rest. Tortoise finished guard plate ornamented with pearl scroll designs. Put up with regular outfit and a fine canvas case. This is a strictly professional mandolin that will measure up to tone quality, size and finish to those usually sold at $30.00 each.

The Superba

51C6505

$5.75

Shipping weight, 7 lbs.

Twenty Ribs of genine Rosewood in the rich dark color, with white inlay between the ribs. Reinforced around end and sides with rosewood cap and side straps. Top is of straight grained spruce, finished in light color. Edges and around sound hole ornamented with fancy colored inlay and bound with white celluloid. Tortoise finished guard plate inlaid with white fancy acrolls and pearl. All richly finished and highly polished. Mahogany neck, rosewood veneered bead piece, pearl star. Rosewood finger board, metal frets, three pearl position dots. Nickel-plated patent head tailpiece with detachable top. Ebonized bridge, steel strings. A richly finished instrument with a powerful tone. Well worth $8.00.

The Royal Mandolin

51C6524

$7.45

Shipping weight, 6 lbs.

Length of body, 12¾ in.
Width at bridge, 8½ in.
Depth, 2½ in.

This Mandolin is a new model, with slightly curved back, broad sounding board and strong tone. It has exactly the same scale, fingerboard and strings and is played in the same way as the ordinary mandolin. The body, however, is shallow, somewhat similar to the violin. It has birchwood back and sides, spruce top, light color. Basswood neck, walnut fingerboard, three position dots and German silver frets. It is finished in a rich, dark imitation rosewood. Top, edge and sound hole bound in white celluloid. Brass trimmed patent head; nickel plated tailpiece and arm rest. Ebonized bridge and steel strings.

The Ukelele

51C6531

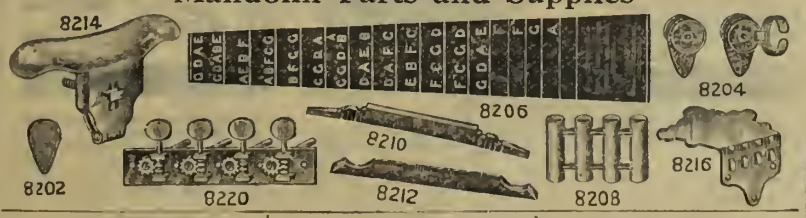
Hawaiian Model $3.95

Length, including neck, 21 inches.
Shipping weight, 3½ pounds.

The Ukelele is the favorite musical instrument of the Hawaiian Islands. In shape it closely resembles a small guitar, but its tone is sweet and full like that of a harp softly played. It is very easy to play and is used largely as an accompaniment to the voice in singing.

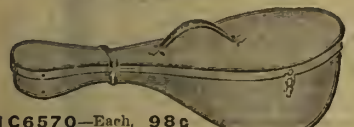
The shell is made of genuine Hawaiian Koa wood, highly polished. Neck and pegs are made of Mahogany. Ornamented sound hole. All finished in golden color. Full instructions with each instrument.

The Dixie Banjo Mandolin



51C6528

$7.25



Shipping weight, 12 pounds.

The Banjo Mandolin, as shown by the illustration, is made like a banjo, but tuned and played same as a mandolin. The entire length is 23¾ inches, made with full nickel-plated rim, 9⅞ inches in diameter, both edges wired, lined with maple, improved safety straining hoop, having groove, which prevents brackets from cutting head, 20 heavy nickel brackets, selected calfskin head, polished hardwood neck, ebonized fingerboard, accurately fretted mandolin scale, pearl position dots, inlaid pearl star in head, nickel plated patent heads, neatly etched, 8 steel strings. Regular $10 value. Price includes Mandolin Instructor, chart, pick and extra set of strings.

For Guitar Strings See Page 485

Hawaiian 9-String Guitar

The Hawaiian Style Guitar, while comparatively new in this country, is having a tremendous sale. This instrument is played lying face up across the lap or on a table, the different notes and chords being produced by sliding a nickel-pisted disc up and down the fingerboard. The tone has the rich, sweet, melodious quality of the ordinary guitar, but the double set of strings in the treble register gives it much greater power. The Hawaiian Guitar is tuned to a special (Fandango) scale which makes it so simple to play, especially chords for accompanying the voice or other instruments, that sny one with no previous knowledge of music can msster it with but little practice.

Special Instruction Book Furnishsd with This Guitar Ship. wt. 18 lbs.

51C6603 **$3.95**

Perfect Scale—Clear Toned

Our Banjos are made by the largest manufacturere of high grade Banjos in this country, and are perfect in tone and scale. Only the best of everything in the way of materials is used in their construction. Every part of the workmanship, particularly on the medium and best grades, is handled by special craftsmen, experienced only in the production of Banjos intended for professional use.

We ask only a trial to prove that we are furnishing Banjos that comparo favorably with any other line in the market, sold from one-quarter to one-third more than our prices. We ship them subject to a trial of ten days, and if not satisfactory may be returned at our expense and we will refund purchase price and transportation charges.

Special Guarantee

In addition to our general guarantee—wo guarantee every Banjo in our line against defects in either materials or workmanship for ono year from date of purchase. Should any imperfections develop within one year we agree to repair it free of all chargo.

With every Banjo we give complete book of chords, by the aid of which any one can play chords in all major or minor keys, without any knowledge of notes. Also fingerboard chart and extra set of strings. We also furnish a certificate which entitles the owner to a course of lessons by mail through the National Academy of Music of Chicago at the rate of 12 lessons for $1.00.

The Collegiate

Regardlesa of the modest selling price, this is one of the most handsomely finished as well as the best toned banjos made. The rim is of the broad pattern, diameter, 10⅝ in.. made of tempered brass and has double wired edge, is heavily nickel-plated. The center section of rim is ornamented with a narrow strip of black polished ebonized wood, giving it a rich appearance. Heavy corrugated grooved straining hoop. Has 39 brackets, selected hardwood neck, light finish, inlaid through back and at sides with black and white ornamental stripes. Neck is reinforced with long nickel bar. Has ebonized fingerboard, inlaid with fancy pearl figures. Raised frets. Patent friction pegs. Elite tailpiece. Genuine Rogers' head. This banjo has a full, clear tone, well adapted for concert work.
